INVEST IN YOUR LIBRARY!

The Greater Clearwater Public Library Foundation is happy to announce that progress is continuing on the design and construction of a new 90,000 square foot Main Library on the bluff, overlooking Coachman Park. After many years of waiting, Clearwater will soon have a state-of-the-art library designed by internationally known architect Robert A.M. Stern, Dean of the Yale School of Architecture.

The city has allocated \$15.2 million for the facility and the Greater Clearwater Public Library Foundation has pledged to raise the final \$5 million needed to complete the project. We are very energized by our partnership with the city and are committed to fulfilling our pledge.

We thank all of our loyal members who have supported the library throughout the years. We need you now more than ever. Please take a moment to become a member of our foundation. Your library depends on you.

YOUR MEMBERSHIP IS AN INVESTMENT IN THE FUTURE OF OUR COMMUNITY

Please select your membership category and return this portion with your tax-deductible check to:
