Hurricane Season Begins

City Council Meeting
6 p.m.

City Council Worksession
1 p.m.

Flag Day

City Council Meeting
6 p.m.

Father's Day

- Improved department facilities including dredging of Marina basin; renovating fuel piping system to fuel dock; and installation of vinyl siding at Pier 60 bait house. Remodeled fuel dock office.
- Constructed new ADA-approved docks at the Clearwater Sailing Center.
- Reorganized office staff to improve customer service to the boating public. Improved accountability of monetary transactions at the fuel dock with installation of "point-of-sale" system.
- Improved and expanded Airpark facilities with enhanced security measures and constructed a 9,600-square-foot corporate hangar.
- Increased revenues at Pier 60 and increased use of the pier through fishing tournaments at 10th Anniversary open house.
- Increased participation in the Junior Lifeguard Program by 300%. Acquired surfboat with no monetary output. Improved response to aquatic emergencies with communications, equipment technology and knowledge/education. Increased participation in Ocean Mile Swim fundraiser.

United States Astronaut Nicole Stott was the honored guest at Clearwater Airpark's Annual Open House in 2004. A native of Clearwater, Stott's love of flying originated at the Airpark where she flew her first airplane. Now training to fly in space, she wears protective gear suited for extravehicular activity above earth's atmosphere.
