 Fishing Tournament
 (Youth)

1

- Opened and began full operation of the new Northwest Fire Station #51 at 1720 Overbrook Ave.
- Began operating an apparatus maintenance and supply storage facility in a renovated building on Range Road.
- Received annual re-accredited status through Commission on Fire Accreditation International. Honored as one of only 89 fire agencies accredited worldwide.
- Began architectural plans for new facility on Belcher Road, which will upgrade our training center.
- Revitalized and automated the inspection program for the Fire Prevention Division with handheld computers that document and download residential and commercial inspections into the city and county computer systems, increased productivity and timeliness of information flow for the fire district.
