

Important to Note:

- All signs must be removed three calendar days after the event ends.
- Total square footage limitation is per side for a back-to-back sign. For example, a four-square foot limitation means that the sign may have four-square feet of surface area per side of a back-to-back sign and an aggregate limit of eight-square feet is allowed if the sign is a back-to-back sign.
- Minimum sign setbacks do not apply to attached signs.
- There is no limit to the number of separate messages that may appear on the allowable surface(s) of the sign.
- Any prohibited sign listed in Community Code Section 3-1804 shall not be used for temporary signage.
- No permits required.
