**Addendum #1**  
**ITB # 53-22 Surplus Laboratory and Maintenance Equipment**  
**September 7, 2022**

---

**NOTICE IS HEREBY GIVEN** that the following addendum serves to provide clarification and to answer the questions received on ITB # 53-22, Surplus Laboratory and Maintenance Equipment.

Question 1: If a bidder is interested in not just the parts of an instrument, but the whole instrument, including accessories listed separately, can we note that in the exceptions form? We are looking to avoid winning a bid for just pieces of the whole instrument and not the whole thing, where the individual piece would not end up being of much use to us. For example winning item #5 but not #4. Are these types of exceptions allowed in this bid and, if so, what is the best way to document them for your review?

**Answer to Question 1: The City will take this into consideration when awarding items on the bid. Please note these in the exceptions section in your bid submittal.**
