Additional Clarifications:

The City is seeking a vendor who can perform all services listed in the solicitation, however, if a vendor solely wants to bid on items 1-17 and 19-20 or solely on item 18, the City will take that into consideration when awarding the contract.

If mechanical or electrical repairs are required to the City's pumping equipment, drop pipe or well head, the City will provide the materials using its established contracts.

All other dates and terms and conditions remain the same in this Invitation to Bid.
