FOR MORE INFORMATION REGARDING THE SDS OR LABEL, PLEASE CALL (419) 421-3070.

EMERGENCY RESPONSE GUIDELINE

FIREFIGHTING: For extremely flammable materials, vapors may travel along ground and cause flash fires. For small fires, use Class B media such as carbon dioxide, dry chemical, foam or water spray. For large fires, waterspray, fog or regular foam can be used. Avoid using straight water streams. Water spray and foam must be applied carefully to avoid frothing. Firefighting should be attempted only by those who are adequately trained and equipped with proper protective equipment.

SPILL, RELEASE AND LEAK PROCEDURES: Isolate and evacuate area, shut off source if safe to do so. Eliminate all ignition sources. Advise National Response Center (800-424-8802) if substance has entered a watercourse or sewer. Notify local health and pollution control agencies, if appropriate. Contain liquid with sand or soil. Recover and return free liquid to proper containers.

DISPOSAL CONSIDERATIONS: It is the responsibility of the user to determine if waste material is hazardous at the time of disposal in accordance with RCRA regulations (40 CFR 260 through 271). State and local regulations may be more restrictive.

ADDITIONAL TERMS AND CONDITIONS

Unless expressly indicated to the contrary in a written agreement between Company and Carrier, this shipment is to be delivered to Customer/Consignee without recourse on Company. Accordingly, Carrier shall look solely to Customer/Consignee for payment of all charges, and, if desired by Carrier for assurance of payment, shall not make delivery of this shipment without payment of all charges.

The receipt of product hereunder is subject to pertinent contracts between Company and Customer and/or Carrier, as applicable, in effect on the date of issuance hereof; and, as between Customer and Carrier, any pertinent contracts in effect between such parties, as well as the terms of any lawfully applicable tariff(s) if Carrier is a common carrier.

This document shall not constitute a Bill of Lading, but merely a receipt for product, when such product is moved in a vehicle operated by the shipper or owner of the product, or when title to product passes on a non-consignment basis. Nothing herein shall alter, in any manner, any contracts between Company and Customer and/or Carrier, as applicable, in effect on the date of issuance hereof.
