### FAILURE TO COMPLY WITH MECHANICS LIEN LAW CAN RESULT IN THE PROPERTY OWNER PAYING TWICE FOR BUILDING IMPROVEMENTS

A current survey attached to this application must indicate exact location of fence and buildings on the property. Easements, property lines, and right of ways must also be indicated.

I certify that the description of the proposed fence/wall together with the plans filed related to this application is a true representation of all facts concerning same. The proposed fence/wall does not violate any of the building or zoning regulations of the City of Clearwater. I will erect the fence/wall so that the side of the fence/wall facing or viewable from a street right-of-way or an adjoining property is the finished side with all supports posts and stringers face inward toward the property upon which fence/wall is located. If fence/wall is more than 30" in height and is located in a structural setback area adjacent to a street right-of-way, I agree to setback fence/wall 3 feet from street and to provide landscaping on right-of-way side of fence per code requirements.

<u>APPROVALS REQUIRED</u>	<u>PRINT NAME &amp; USER INITIALS</u>	<u>DATE</u>
