Executive Summary

ES-05 Executive Summary

Introduction

The City of Clearwater, Florida, has completed the planning process for the 2020/2021-2024-2025 Consolidated Plan (Consolidated Plan) as required by the U.S. Department of Housing and Urban Development (HUD). The purpose of the Consolidated Plan is to identify goals, objectives, and strategies for addressing housing and community development needs, including those of the homeless and other special needs populations. This Consolidated Plan guides the use of City resources to address housing and community development needs over a five-year period.

The Consolidated Plan is developed in a manner specified by HUD, and the City has followed the prescribed format in completing the plan. The Consolidated Plan was developed using HUD and U.S. Census data for demographics and housing, input from public meetings and hearings, community surveys, and past program performance. During the planning process, the City conducted two community meetings with residents of low- and moderate-income neighborhoods. Additionally, the City conducted a subrecipient grant application workshop that specifically consulted housing and public service providers for these neighborhoods. The City also held two public hearings with the Neighborhood and Affordable Housing Advisory Board (NAHAB), and one public hearing with the City Council. The purpose of this process was to receive citizen input on the current housing and community development needs of the City. Concurrent with this plan, the City jointly conducted an Analysis of Impediments to Fair Housing Choice with Pinellas County; the citizen participation process for which was led and facilitated by Pinellas County.

There are four major areas of focus in the Consolidated Plan: Housing, Homelessness, Non-Housing Community Development and Non-Homeless Special Needs. The Consolidated Plan process requires the City of Clearwater to identify priority needs for each area and prepare an Annual Action Plan to address
the priorities. For every priority, there are goals, objectives, and strategies established to measure progress. The citizen input was critical in developing the goals, objectives, and strategies of this Consolidated Plan.

This Consolidated Plan not only identifies goals to address the priority needs of the City, but also to address the statutory goals established by Federal law, which include:

**Decent Housing:**
- Assist homeless persons to obtain affordable housing
- Assist persons at risk of becoming homeless
- Retain affordable housing stock
- Increase the availability of affordable housing in standard condition to low- and moderate income families, particularly to economically disadvantaged persons (and without discrimination on the basis of race, creed, religion, color, age, sex, marital status, familial status, national origin, disability, gender identity or sexual orientation)
- Increase the supply of supportive housing which includes structural features and services to enable persons with special needs (including persons with HIV/AIDS) to live in dignity and independence
- Provide affordable housing that is accessible to job opportunities.

**A Suitable Living Environment:**
- Improve the safety and livability of neighborhoods Increase access to quality public and private facilities and services.

**Expanded Economic Opportunities:**
- Job creation and retention for low-income persons
- Availability of mortgage financing for low-income persons at reasonable rates using nondiscriminatory lending practices
- Empowerment and self-sufficiency for low-income persons to reduce generational poverty in federally assisted housing.
SUMMARY OF THE OBJECTIVES AND OUTCOMES IDENTIFIED IN THE PLAN / NEEDS ASSESSMENT OVERVIEW

The City of Clearwater Consolidated Plan is structured around seven (7) goals in administering the City’s housing and community development programs. Each goal is accompanied by corresponding objectives toward meeting that goal. These goals and objectives are as follows:

**GOAL: PROGRAM ADMINISTRATION**
ADMINISTER THE CITY OF CLEARWATER’S FEDERALLY FUNDED GRANT PROGRAMS TO IMPLEMENT THE GOALS OF THE FIVE-YEAR CONSOLIDATED PLAN.

**GOAL: HOUSING**
PROVIDE AVAILABILITY OF, AND ACCESSIBILITY TO, DECENT AFFORDABLE HOUSING FOR THE RESIDENTS OF THE CITY OF CLEARWATER.

Objective 1: Preserve the existing housing stock.

Objective 2: Increase the availability of affordable housing units.

Objective 3: Assist qualified low- and moderate-income households to become homeowners through supporting agencies that provide housing counseling.

Objective 4: Provide mortgage assistance for low- and moderate-income homebuyers.

Objective 5: Provide rental and utility assistance for low- and moderate-income persons.

**GOAL: HOMELESSNESS**
HELP TO PREVENT AND REDUCE HOMELESSNESS WITHIN THE CITY OF CLEARWATER.

Objective 1: Support programs that offer shelter facilities and beds for the homeless.

Objective 2: Assist agencies that engage in homeless prevention and service programs.

**GOAL: NON-HOMELESS SPECIAL NEEDS**
EXPAND THE ACCESSIBILITY AND COORDINATION OF SOCIAL SERVICES TO CITY OF CLEARWATER SPECIAL NEEDS POPULATIONS.

Objective 1: Support construction, expansion, and improvement of facilities that assist the elderly, frail elderly, disabled, veterans, and other populations with special needs.
Objective 2: Support programs to assist the elderly, frail elderly, disabled, veterans, and other populations with special needs.

**GOAL: COMMUNITY DEVELOPMENT & PUBLIC SERVICES**

**ENHANCE THE LIVING ENVIRONMENT FOR PERSONS IN LOW- AND MODERATE-INCOME AREAS THROUGH COMMUNITY DEVELOPMENT ACTIVITIES, PUBLIC SERVICE PROGRAMS, AND ELIMINATION OF BLIGHT.**

Objective 1: Support the construction, expansion, and improvement of public facilities in low- and moderate-income areas.

Objective 2: Encourage and support programs that promote neighborhood safety and security, youth accountability and mentoring, and community outreach to underserved populations in low- and moderate-income areas.

Objective 3: Support agencies that offer meal and/or food bank services for persons and families of low- and moderate-income.

Objective 4: Support the construction, expansion, and improvement of public parks, infrastructure, and utilities in low- and moderate-income areas.

Objective 5: Eliminate blighted conditions through code enforcement and demolition in low- and moderate-income areas.

**GOAL: ECONOMIC DEVELOPMENT**

**SUPPORT PROGRAMS THAT CREATE ECONOMIC OPPORTUNITIES IN THE CITY OF CLEARWATER, PARTICULARLY FOR PERSONS OF LOW- AND MODERATE-INCOME AND IN NEIGHBORHOOD REVITALIZATION STRATEGY AREAS.**

Objective 1: Support building façade programs in Neighborhood Revitalization Strategy Areas and low- and moderate-income areas.

Objective 2: Support non-profit organizations in developing facilities that support the local economy.

Objective 3: Support programs that create economic opportunity for low- to moderate-income persons, such as job training and entrepreneurship, small-business start-ups and incubators, and other economic development activities.
GOAL: EMERGENCY/DISASTER RESPONSE

PROVIDE ASSISTANCE PRIOR TO, DURING AND AFTER A COMMUNITY EMERGENCY AND/OR DISASTER EVENT TO PREPARE FOR AND/OR MITIGATE LOSS, PROTECT DURING AN EVENT, AND AID WITH RECOVERY.

Objective 1: Provide assistance for activities that meet a particular urgent need or to prepare for, respond to, and recover from an event triggering a local, state, or national emergency declaration.

EVALUATION OF PAST PERFORMANCE

The Economic Development and Housing Department oversees implementation of the CDBG and HOME programs. The previous Consolidated Plan covered a four-year period to align the City’s planning cycle with that of Pinellas County. The past four years have shown significant progress in the City’s efforts to implement HUD entitlement programs. The City is compliant with HUD regulations and continues to deliver housing and community development services in an efficient manner. Over the past four-year period, the City received an average annual allocation of approximately $707,000 in Community Development Block Grant (CDBG) funds and $333,000 in HOME Investment Partnerships (HOME). This amount totaled approximately $2.8 million in CDBG funds and $1.3 million in HOME funds over the past four years. With those funds, between 2,000 and 15,000 people were assisted annually.

With these funds, the Economic Development and Housing Department offered an array of housing programs and services providing the foundation needed to aid in promoting homeownership and/or sustainable neighborhoods:

- Homeowner rehabilitation, including emergency repairs and accessibility retrofitting for persons with disabilities
- Down payment and closing cost assistance for homebuyers
- Acquisition/new construction for affordable housing
- Fair housing activities
- Funding to grant subrecipients for public services, including activities that serve the homeless, persons with special needs, or persons of low and moderate income
- Funding for public facilities and infrastructure projects benefitting low- and moderate-income neighborhoods
- Economic development activities
The City has been successful in implementing these programs in the past and anticipates the continuation of such programs in the future. The City will use CDBG and HOME funds to meet the goals and objectives identified in the Consolidated Plan.

SUMMARY OF CITIZEN PARTICIPATION PROCESS AND CONSULTATION PROCESS

Comments and concerns raised during the citizen participation process were taken into consideration when developing the Consolidated Plan's goals, objectives, and strategies. The Consolidated Plan is a collaborative process that involves meetings and surveys with residents and service providers to collect input and ideas. As part of this process, the City sought to identify the priority needs and strategies to address those needs. Priority needs were identified based on past program performance, available housing and demographic data, public input, housing and service provider consultation, and community meetings and surveys. In addition, the City consulted with the Clearwater Housing Authority, Pinellas County Homeless Leadership Board, City Departments, Neighborhood and Affordable Housing Advisory Board, and the City Council to identify priority needs and develop corresponding strategies.

SUMMARY OF PUBLIC COMMENTS

Although there are many issues that residents of Clearwater felt are important, there are a few items that were stressed throughout the citizen participation process as being of the highest priority:

- Affordable housing, housing rehabilitation, and alternative housing options
- Rental, down payment, and utilities assistance
- Housing, facilities, and services for the homeless
- Facilities and services for persons with special needs, including behavioral/mental health counseling and/or substance abuse treatment
- Services for populations that fall into “service gaps” such as youth ageing out of foster care and the transportation disadvantaged
- Public facility improvements (e.g. parks, libraries, and community cultural/resource centers)
- Public infrastructure improvements (e.g. utilities, public safety, and transportation)
- Blight elimination/code enforcement
- Economic development (e.g. support for neighborhood-level commercial, incentives and financial assistance for small businesses and start-ups, façade improvements)
SUMMARY OF COMMENTS OR VIEWS NOT ACCEPTED AND THE REASONS FOR NOT ACCEPTING THEM

All comments received by the City of Clearwater were considered and are, generally or specifically, addressed by the Strategic Plan and/or Annual Action Plan. Documentation of all comments received is included as an attachment (PDF format) to the Consolidated Plan submittal.

SUMMARY

The Consolidated Plan for years 2020/2021-2024/2025 identifies goals, objectives and strategies to address the City’s housing and community development needs. These needs were identified through an extensive citizen participation process that involved neighborhood residents, local housing and service providers, and regional partners. The Consolidated Plan guides the City’s use of CDBG resources through seven (7) goals. These goals are summarized as Housing, Homelessness, Non-Homeless Special Needs, Community Development and Public Services, Economic Development, and Emergency/Disaster Response. Over the next five years, the City will continue to deliver housing and community development activities that support housing rehabilitation and assistance, public facility and infrastructure improvements, economic development initiatives, and partnerships with an array of housing and public service providers.

Table 1 – Responsible Agencies

NARRATIVE

The City of Clearwater, Florida, is the lead agency responsible for overseeing the development of the Consolidated Plan and Annual Action Plan. The Economic Development and Housing Department is the internal department that is responsible for the day-to-day administration of CDBG and HOME funding. However, the Economic Development and Housing Department worked closely with both the City Council and the Neighborhood and Affordable Housing Advisory Board (NAHAB) in addition to residents and sub-recipients to develop a meaningful document.

The development of the Consolidated Plan and Annual Action Plan was based on the previous Consolidated Plan and other studies, plans and reports that have been prepared in recent years. Some of the primary documents included the City’s Neighborhood Revitalization Strategy Area documents, Local Housing Incentives Strategy and Local Housing Assistance Plan, and Economic Development Strategic Plan, and the Pinellas County Homeless Leadership Alliance’s Point-in-Time (PIT) Homeless Report and Annual Homeless Assessment reports, among others.
To maximize citizen participation, staff along with a consultant (Wade Trim, Inc.) conducted outreach through a series of public notices, hearings, and meetings. As part of these efforts, low- and moderate-income residents, as well as service providers, were encouraged to provide input on the Consolidated Plan and Annual Action Plan.

CONSOLIDATED PLAN PUBLIC CONTACT INFORMATION

Inquiries, comments or complaints concerning the Plan, any amendments, or performance reports, can be conveyed by contacting City staff at:

City of Clearwater Economic Development and Housing Department
600 Cleveland St, Suite 600 (6th Floor)
Clearwater, FL 33755
Telephone: (727) 562-4030
Fax: (727) 562-4037
Charles.Lane@MyClearwater.com
Business hours: 8:00 a.m. to 5:00 p.m., Monday through Friday

Written complaints may also be made to the Jacksonville Field Office of the U.S. Department of Housing and Urban Development (HUD) at the following address:

U.S. Department of Housing and Urban Development
Community Planning and Development Division
400 West Bay St., Ste. 1015
Jacksonville, FL 32202
Phone: (904) 232-2627
Fax: (904) 232-3759
Business hours: 8:00 a.m. to 4:30 p.m., Monday through Friday
PR-10 Consultation

INTRODUCTION
Partnering with other local, public and private entities is vital to addressing the identified priority needs related to affordable housing, homeless, special needs and community development. Clearwater’s Citizen Participation Plan incorporates the goals, policies, and implementation strategies that the City will undertake to encourage and ensure adequate citizen participation in the development of the Consolidated Plan, the Annual Action Plan, any substantial amendments to the Plans, and the Consolidated Annual Performance and Evaluation Report (CAPER).

Citizen participation provides a means of involving the citizens of Clearwater in an advisory capacity in all phases of HUD programs. Citizen participation in such efforts is essential if the activities to be undertaken are to be truly successful and responsive to the needs and concerns of the community. The Citizen Participation Plan provides for and encourages residents to explain their needs and voice their concerns. Emphasis is placed on persons of low- and moderate-income who are residents of low and moderate-income areas in which funds are proposed to be used. However, at the same time, residents are reminded that their input is advisory and that final authority for decision-making rests with the City Council, who is responsible to both the citizens of Clearwater and the Federal government.

Two (2) public meetings, one (1) Subrecipient and Grant Application Workshop, and an online (and hard copy) survey were conducted to determine the needs and priorities of the community. The public meetings, workshop, and survey provided an opportunity for citizens and interested parties to become knowledgeable about Clearwater’s housing and community development programs and eligibility requirements. Participants were asked to provide input on how funds should be allocated to programs and projects related to housing, homelessness, special needs, and community development.

SUMMARY OF THE JURISDICTION’S ACTIVITIES TO ENHANCE COORDINATION BETWEEN PUBLIC AND ASSISTED HOUSING PROVIDERS AND PRIVATE AND GOVERNMENTAL HEALTH, MENTAL HEALTH AND SERVICE AGENCIES
Institutional coordination of the Consolidated Plan establishes a unified vision for community development. The City uses a collaborative process to shape various programs into effective, coordinated strategies. This process also facilitates the opportunity for planning and citizen participation to take place in a comprehensive context, attempting to reduce duplication of effort at the local level.
The City will implement this Consolidated Plan in coordination with public, private, and nonprofit agencies. Nonprofit agencies may include, but are not limited to, service providers and community housing development organizations. Private sector partners may include, but are not limited to, local financial institutions, developers and local businesses. The City works closely with its partners to design programs that address identified needs.

Table 2 outlines the types of agencies and organizations consulted throughout the program year and during the development of the City of Clearwater Consolidated Plan and Annual Action Plan. Organizations consulted included various service providers, Community Housing Development Organizations (CHDOs), Clearwater Housing Authority, Pinellas County Homeless Leadership Alliance, City Departments, Neighborhood and Affordable Housing Advisory Board, and the City Council, among others.

DESCRIBE COORDINATION WITH THE CONTINUUM OF CARE AND EFFORTS TO ADDRESS THE NEEDS OF HOMELESS PERSONS (PARTICULARLY CHRONICALLY HOMELESS INDIVIDUALS AND FAMILIES, FAMILIES WITH CHILDREN, VETERANS, AND UNACCOMPANIED YOUTH) AND PERSONS AT RISK OF HOMELESSNESS

The City coordinated with the Pinellas County Homeless Leadership Alliance through its most recent PIT and Homeless Assessment reports and with residents through community meetings. This consultation was pivotal in preparing the Needs Assessment and Strategic Plan components of the Consolidated Plan. In addition, through consultation and review of the most recent Public Housing Authority Plan and other HUD reports, the Clearwater Housing Authority also provided pivotal input in preparing the Consolidated Plan.

DESCRIBE CONSULTATION WITH THE CONTINUUM(S) OF CARE THAT SERVES THE JURISDICTION’S AREA IN DETERMINING HOW TO ALLOCATE ESG FUNDS, DEVELOP PERFORMANCE STANDARDS AND EVALUATE OUTCOMES, AND DEVELOP FUNDING, POLICIES AND PROCEDURES FOR THE ADMINISTRATION OF HMIS

The City of Clearwater does not receive or administer an Emergency Shelter Grant (ESG). Consultation with the Continuum of Care (CoC) included research of the Pinellas County Homeless Leadership Alliance annual reports and plans, community meetings, public hearings, and notices. The Pinellas County Homeless Leadership Alliance, as the lead agency for the area’s CoC, utilizes the following system performance measures and procedural documents: HUD System Performance Measures, HUD CoC

The Pinellas County Homeless Leadership Alliance is comprised of 24 members, two (2) executive officers, and 17 staff persons. The Board consists of two councils, the Providers Council and Funders Council, that work together to identify concerns and make policies and recommendations on homeless issues. The mission of the Homeless Leadership Alliance is to coordinate all community partners, systems and resources available with the goal of helping individuals and families to prevent, divert, and end homelessness in Pinellas County.

IDENTIFY ANY AGENCY TYPES NOT CONSULTED AND PROVIDE RATIONALE FOR NOT CONSULTING

The City of Clearwater consulted with the lead agency for the CoC, local and county PHAs, affordable housing providers, various social service providers, City departments, and civic leaders. Additionally, the general public, including but not limited to low- and moderate-income residents and other entities impacted by housing and community development activities, were noticed of community meetings and workshops by email, City website, and flyers/posters, and public hearings by newspaper advertisements. Other agencies and organizations not directly consulted were consulted indirectly by research of published plans and reports.

DESCRIBE COOPERATION AND COORDINATION WITH OTHER PUBLIC ENTITIES, INCLUDING THE STATE AND ANY ADJACENT UNITS OF GENERAL LOCAL GOVERNMENT, IN THE IMPLEMENTATION OF THE CONSOLIDATED PLAN (91.215(L))

Many of the programs and activities that will be carried out by the City during the program years will involve coordination with multiple agencies and organizations. The City actively works with Pinellas County and local developers to support the City’s goals of affordable housing, reduced homelessness, accessible social services, enhanced living environment, and economic opportunity for low- and moderate-income persons. At a minimum, implicit in these goals is the City’s commitment to providing coordinated community, housing and supportive services to its lower income residents. These services are provided through partnerships with government and quasi-government agencies, as well as respective planning efforts shown in Table 3. Clearwater will continue to encourage building partnerships between governments, lenders, builders, developers, real estate professionals, and advocates for low-income persons. Clearwater will continue to work with the building industry, banking industry, real estate industry, social service providers and other community groups to promote the development of affordable housing and related housing services.

Table 3 – Other Consultations & Coordination
PR-15 Citizen Participation

SUMMARY OF CITIZEN PARTICIPATION PROCESS/EFFORTS MADE TO BROADEN CITIZEN PARTICIPATION

The development of the Consolidated Plan requires extensive citizen participation. For the 2020/2021-2024/2025 Consolidated Plan, Clearwater underwent an in-depth citizen participation process. HUD requires local jurisdictions to provide for citizen participation which encourages the development of the Consolidated Plan in cooperation with residents from every walk of life. In particular, HUD believes it is important to obtain the views of residents who live in CDBG Eligible Areas, as well as service providers who deliver services to low-income and special needs residents.

The following section describes the public participation process that was completed for the City of Clearwater in preparation of the 2020/2021-2024/2025 Consolidated Plan. A summary of the public participation process is shown in Table 4.

As part of the Citizen Participation process, Clearwater conducted a Five-Year Consolidated Plan Survey from January 17, 2020 through March 27, 2020. The survey process was overseen by the City and implemented through the internet. Hard copies of the surveys were also made available at the two (2) public community meetings and the one (1) Subrecipient and Grant Application Workshop. These hard-copy surveys were then entered into the online system for inclusion in the results. Participating cities, partner agencies, and community organizations were encouraged to engage and collect feedback from individuals receiving services during the Five-Year Consolidated Plan campaign.

The results of the Five-Year Consolidated Plan Survey, compiled with input received during the public meetings and the workshop, identified the priority housing and community development needs for the next five years.

### SUMMARIZE CITIZEN PARTICIPATION PROCESS AND HOW IT IMPACTED GOAL-SETTING

Comments and concerns raised during the citizen participation process were taken into consideration when developing the Consolidated Plan’s goals, objectives, and strategies. The Consolidated Plan is a collaborative process that involves interviews with stakeholders and meetings with the public to determine areas of need. As part of this process, the City sought to identify the priority needs and strategies to address those needs. Priority needs were identified based on available housing data, public input, service provider meetings, community surveys, and past program performance. In addition, Housing Division staff consulted with various City Departments to identify priority needs and develop corresponding strategies. Complete summaries and minutes of the meetings are included in the Appendix to this document.

**Housing Strategy**

Housing strategies were determined by using housing data provided by HUD and the U.S. Census Bureau. Customized HUD data is available to help communities evaluate housing and homeless needs.
Complete summaries of this data are available in the Needs Assessment and Market Analysis section, as the Appendix to this document.

In addition, the City has a long and successful history of administering numerous housing programs and meeting housing needs. Several housing programs, particularly housing rehabilitation activities, have been underway for many years and provide good value to the community. In general, housing programs receive emphasis in Clearwater due to the large, ongoing need for housing services.

**Homeless Strategy**

Homeless strategies were developed in several ways. First, the City consulted the Pinellas County Homeless Leadership Alliance annual PIT and homeless assessment reports to obtain the latest counts of the homeless population. The Pinellas County Homeless Leadership Alliance is the lead agency for homeless services and represents agencies that implement homeless services. The City also utilized data from HUD that details homelessness and homeless service providers, including St. Petersburg, Clearwater, Largo/Pinellas County CoC housing inventories.

**Community Development Strategy**

Community Development strategies were determined through community meetings, community surveys, meetings with Housing Division staff, and review of current planning activities. The City is working to leverage other planning efforts with funding opportunities where possible.

**Non-Housing Special Needs**

Non-Housing Special Needs were determined through community meetings, community surveys, and consultation with service providers. As with the homeless and housing topics, HUD and the U.S. Census provide data on Special Needs populations. In addition, there are service providers that are knowledgeable about Special Needs populations and were able to provide valuable information through the participation process.
NEEDS ASSESSMENT

NA-05 Overview

NEEDS ASSESSMENT OVERVIEW

The Needs Assessment section of the Consolidated Plan identifies Clearwater’s communitywide housing and community development needs. Data from the Comprehensive Housing Affordability Strategy (CHAS) database and the U.S. Census Bureau’s American Community Survey (ACS) database are referenced in this section. Additionally, this section is supported with data from the local Public Housing Authority and other documentation from Clearwater and its partners.

The Needs Assessment section evaluates the demand for housing and community development assistance by the following income groups based on Area Median Income (AMI):

- Extremely Low Income (< 30% AMI or 60% of the Section 8 Very Low-Income Limits)
- Very Low Income (30%-50% AMI)
- Low Income (50%-80% AMI)

AMI is based on the 2020 HUD Income Limits Documentation System, which is outlined in Table 5. The City of Clearwater is located within the Tampa-St. Petersburg-Clearwater, FL MSA where the AMI is $69,200. For a family of four (4) persons, extremely low income is $26,200, very low income is $35,150, and low income is $56,250. For Emergency Solutions Grants (ESG), extremely low income is $21,100.

**Data Source:** HUD Income Limits Documentation System (2020); *Calculated as 30/50ths (60%) of the Section 8 Very Low-Income Limits

For the City of Clearwater, the threshold for a block group to be considered low- or moderate-income is 51%. **Map 1** shows the Census Block Groups where 51% or more of the population falls within the low- or moderate- income limit categories. These 40 block groups include the following:

- 25401.2
- 25413.2, .3
- 25505.1
- 25506.2
- 25800.2, .3
- 25900.1, .3, .4
- 26002.2
- 26101.2
- 26102.2
- 26200.1, .2
- 26300.1, .2, .4
- 26400.1, .2, .3, .5
- 26500.1, .4
- 26601.2
- 26602.1
- 26703.4, .5
According to HUD FY 2020 Low- and Moderate-Income Summary Data (LMISD), there are approximately 50,000 persons of low- or moderate income within the jurisdiction as whole, which represents 43% of Clearwater’s current population.
MAP 1 – Low- and Moderate-Income Areas
NA-10 Housing Needs Assessment

SUMMARY OF HOUSING NEEDS

The data in the Housing Needs Assessment subsection provides the estimated number and type of households in need of housing assistance by income level, tenure type (owner or renter), household type, and housing problem (cost burdened, severely cost burdened, substandard housing, overcrowding, or geographic concentration of racial/ethnic groups). This section also integrates the needs identified during consultation and public outreach and describes the characteristics of the Clearwater’s households and housing stock.

The Housing Needs Assessment includes the following sections:

1. Summary of Housing Needs
2. Demographics
3. Number of Households
4. Housing Problems 1
5. Housing Problems 2
6. Cost Burden > 30%
7. Cost Burden > 50%
8. Crowding Table (More than One Person Per Room)
9. Additional Housing Needs Narrative

Demographics

Table 6 displays the population, number of households, and median income for the base year and most recent year, and the percentage of change over time. This data shows nearly a 5% increase in population from 108,939 people in the year 2000 to 114,015 people estimated by the 2014-2018 ACS. In contrast, the number of households decreased 18% from 56,915 households in the year 2000 to 46,667 households estimated by the 2014-2018 ACS. Conversely, median income increased 29% from $36,494 in the year 2000 to $47,070 estimated by the 2014-2018 ACS.

Table 6 – Housing Needs Assessment Demographics

NUMBER OF HOUSEHOLDS AND TYPES

Table 7 shows the number and type of households by HUD Adjusted Median Family Income (HAMFI). The default data source is the 2011-2015 CHAS database, developed by HUD.

The largest number of households is in the greater than 100% HAMFI group with 21,955 households. The second largest is the >50-80% HAMFI group (8,145). Nearly 6,000 households (5,970) or approximately 13% of all households in Clearwater earn below 30% of HAMFI.

Small family households are households that have a family with two to four members. The largest number of small family households is within the >100% HAMFI group (9,525). The second-largest number of small family households is within the >50-80% HAMFI group (2,155). Just over 1,500 households (1,550) or approximately 10% of small family households in Clearwater earn below 30% of HAMFI.

Large family households are households that have a family of five or more members. Again, the largest number of large family households is within the >100% HAMFI group (935). The second-largest number of large family households is within the >50-80% HAMFI group (430). Approximately 200 households (195) or approximately 10% of large family households in Clearwater earn below 30% of HAMFI.

Table 7 also provides data on households that contain at least one person considered to be elderly. The data suggest that among income groups, the largest number of households with a person 62-74 years of age is within the >100% HAMFI income group (5,205). The largest number of households with a person 75 years or older is also within the >100% HAMFI income group (2,970). Nearly 2,500 households (2,495) contain at least one person 62 years or older and earn below 30% of HAMFI.
Finally, data provided Table 7 shows the number of households with one or more children 6 years old or younger. Among the household income groups identified, the largest number of households with children 6 years or younger is within the 100% HAMFI income category (1,370). The second largest number of households with children 6 years old or younger is within the >50-80% HAMFI group (1,069). Approximately 1,000 households (935) have at least one child 6 years old or younger and earn below 30% of HAMFI.

Table 7 – Total Households Table

**HOUSING NEEDS SUMMARY TABLES FOR SEVERAL TYPES OF HOUSING PROBLEMS**

**Housing Problems 1**

Table 8 displays the number of households with housing problems by tenure and HUD Adjusted Median Family Income (HAMFI) according to the 2011-2015 Comprehensive Housing Affordability Strategy (CHAS) data developed by HUD.

As defined by HUD, housing problems include:

- Substandard housing lacking complete plumbing facilities
- Substandard housing lacking complete kitchen facilities
- Overcrowded households with 1.01 to 1.5 people per room, excluding bathrooms, porches, foyers, halls, or half-rooms
- Households with housing cost burden greater than 30% of income
As shown in **Table 8**, among the “housing problem” categories, households within Clearwater are most commonly impacted by severe housing cost burden (greater than 50% of income) and housing cost burden (greater than 30% of income).

The first housing problem, substandard housing, is defined as a household without hot and cold piped water, a flush toilet and a bathtub or shower, and kitchen facilities that lack a sink with piped water, a range or stove, or a refrigerator. There are 375 renter households and 170 owner households that live in substandard housing.

The second housing problem identified is households living in overcrowded conditions. There are two forms of overcrowding defined by HUD and identified in **Table 8**:

1. Severely overcrowded is defined as a household having complete kitchens and bathrooms but housing more than 1.51 persons per room excluding bathrooms, porches, foyers, halls, or half-rooms.
2. Overcrowded is defined as a household having complete kitchens and bathrooms but housing more than 1.01 to 1.5 persons per room excluding bathrooms, porches, foyers, halls, or half-rooms.

As shown in **Table 8**, 460 renter households are experiencing some form of overcrowding while 150 owner occupied households are experiencing some form of overcrowding.

The final housing problem identified is cost burden. Cost burden is a fraction of a household’s total gross income spent on housing costs. For renters, housing costs include rent paid by the tenant plus utilities. For owners, housing costs include mortgage payment, taxes, insurance, and utilities. Cost burden is broken into two categories based on severity:

- Severe housing cost burden greater than 50% of income
- Housing cost burden greater than 30% of income

As shown in **Table 8**, approximately 2,650 renter households within the 0-30% AMI group are experiencing severe cost burden (>50% of income). Among all income groups, 4,220 renters have a cost burden greater than 30% of income and over 5,000 renters have a cost burden greater than 50% of income.
income. Fewer than 3,000 owner households (2,830) have a cost burden greater than 30% of income and nearly 3,400 owner households (3,390) have a cost burden greater than 50% of income.

Overall, 7,050 households in Clearwater are experiencing a cost burden greater than 30% of income and 8,399 households are experiencing a cost burden greater than 50% of income. While both renters and owners appear to be affected by the cost of housing within Clearwater, renters bear a heavier burden. Of the 15,499 households experiencing a cost burden of some kind, 9,229 (60%) are renters and 6,220 (40%) are owners.

Table 8 – Housing Problems Table
**Housing Problems 2**

Table 9 displays the number of households with no housing problems, one or more housing problems, and negative income by tenure and HUD Area Median Income (AMI). The default data source is the 2011-2015 Comprehensive Housing Affordability Strategy (CHAS) data developed by HUD. As the data reveals in Table 9, renters in the 0-30% AMI group experience the highest occurrence of one or more of the four housing problems when compared to other income groups. A total of 2,855 renter households below 30% AMI experience some form of housing problem. In contrast, approximately 1,110 owner households in the 0-30% AMI group have one or more of the four housing problems. Additionally, 535 renter households and 520 owner households within the 0-30% AMI group have negative income but none of the other four identified housing problems.

**Cost Burden > 30% and > 50%**

Tables 10 and 11 display the number of households with housing cost burdens greater than 30% of income and greater than 50% of income, respectively, by household type, tenure, and household income (expressed as a percentage of Area Median Income (AMI)). The Default Data Source is the 2011-2015 Comprehensive Housing Affordability Strategy (CHAS) data developed by HUD.

Households are broken into four categories:

- Small related – Family households with two to four related members
- Large related – Family households with five or more related members
- Elderly – A household whose head, spouse, or sole member is a person who is at least 62 years of age
- Other – All other households

As shown in Table 10, “Elderly” households are experiencing the highest degree of housing cost burden greater than 30% of income. Approximately 5,739 “Elderly” households have a cost burden greater than 30% of income. Most of these are owners (3,194). Additionally, 4,295 “Small Related” households and 3,705 “Other” households have a cost burden greater than 30% of income. Comparatively, “Large Related” households have the lowest degree of cost burden.

For renter households, the 0% - 30% AMI Income group has the most households (3,115) with a cost burden greater than 30% of income. Among owner households, the >30 - 50% AMI group has the most households (2,075) with a cost burden greater than 30% of income.

**Table 10 – Cost Burden > 30%**

As shown in Table 11, when compared to other types of households, more “Elderly” households are experiencing severe cost burden greater than 50% of income. Approximately 3,085 “Elderly” households experience a cost burden greater than 50% of income. Most of these are owners (1,695). Additionally, 2,780 “Small Related” households and 2,250 “Other” households have a cost burden greater than 50% of income. Comparatively, “Large Related” households have the lowest degree of cost burden.

For renter households, the 0% - 30% AMI income group has the most households (2,755) with a cost burden greater than 50% of income. Among owner households, the >30-50% AMI group has the most households (1,330) with a cost burden greater than 50% of income.

Table 11 – Cost Burden > 50%

Crowding

Table 12 displays the number of households that are overcrowded, defined as households with more than one person per room, excluding bathrooms, porches, foyers, halls, or half-rooms. The data is displayed by household type, tenure, and household income (expressed as a percentage of Area Median Income (AMI)). The Default Data Source is 2011-2015 Comprehensive Housing Affordability Strategy (CHAS) data developed by HUD.

As shown in Table 12, overcrowding is most prevalent in single family, renter households. Approximately 215 single family renter households experience overcrowding compared to only 89 single family owner households.

When accounting for income, low income (50-80% AMI) renter households experience the highest number of crowded households, with 210 households. Renter households in the extremely low income (0-30% AMI) and very low income (30-50% AMI) also display large numbers of households experiencing crowding at 100 households each. Among owner-occupied households, the highest number of households with crowding issues is also within the >50-80% income groups.

### Describe the Number and Type of Single Person Households in Need of Housing Assistance

A significant housing cost burden is associated with an increased risk of homelessness. Non-homeless elderly owner and small-related renter households have a significant cost burden when compared to other household types. Additionally, there are a number of “Other” households which may be comprised of single persons in Clearwater. According to the 2011-2015 CHAS, 3,705 “Other” households have a cost burden greater than 30% of income and 2,250 “Other” households have a cost burden greater than 50% of income.

According to a recent homeless census, or annual point-in-time (PIT) survey conducted in 2019, there are 2,415 homeless persons in Pinellas County of which 2,003 (83%) are in households without children and need housing assistance.
ESTIMATE THE NUMBER AND TYPE OF FAMILIES IN NEED OF HOUSING ASSISTANCE WHO ARE DISABLED OR VICTIMS OF DOMESTIC VIOLENCE, DATING VIOLENCE, SEXUAL ASSAULT AND STALKING

According to the 2014-2018 ACS 5-Year Estimates (the most recent dataset for which disability status is available), approximately 15,642 people or 13.8% of the population in Clearwater is estimated to have a disability. While only 1.8% of the population between 18 and 64 years of age are disabled (1,223), a high percentage (13.2 %) of persons 65 years and over is disabled (3,207). These elderly populations are also likely to live on reduced income and experience housing cost burden.

There may be as many as 1,000 victims of domestic violence and related incidents annually in Clearwater. In 2018 alone, according to the Florida Department of Law Enforcement, 464 domestic violence arrests and 752 domestic violence offenses were reported by the Clearwater Police Department. Twenty-four individuals reported being homeless as a result of domestic violence, and 191 homeless adult individuals reported as survivors of domestic violence.

WHAT ARE THE MOST COMMON HOUSING PROBLEMS?

By far, the most common housing problem in the Clearwater is cost burden, for both renter and owner households. In Clearwater, substandard housing (lacking complete plumbing or kitchen facilities) is a larger problem for renter households, as is overcrowded housing (1.01-1.5 people per room). Severely overcrowded housing (more than 1.5 people per room) is also more of a problem for renter households, but none as significant as the prevalence of cost burden.

ARE ANY POPULATIONS/HOUSEHOLD TYPES MORE AFFECTED THAN OTHERS BY THESE PROBLEMS?

Households earning less than 80% AMI are experiencing higher rates of housing problems than households with higher incomes. More renters are experiencing cost burden and have 1 or more of four housing problems than owners. Among owner and renter households, those with an income less than 50% AMI experience greater housing problems. Among households earning less than 30% AMI, renters experience cost burden at a rate nearly double that of owners. Comparisons of cost burden by type of household show that while large related renter and owner households are less affected by cost burden, small related, elderly and other household types are more affected. Substandard and overcrowded housing is more common among renters and owners earning between 30% AMI and 80% AMI. Single family households are more affected by crowding than households with multiple, unrelated members or
other non-family households; however, renter households are more significantly affected by crowding than owner households.

**DESCRIBE THE CHARACTERISTICS AND NEEDS OF LOW-INCOME INDIVIDUALS AND FAMILIES WITH CHILDREN (ESPECIALLY EXTREMELY LOW-INCOME) WHO ARE CURRENTLY HOUSED BUT ARE AT IMMEDIATE RISK OF EITHER RESIDING IN SHELTERS OR BECOMING UNSHELTERED 91.205(C)/91.305(C). ALSO DISCUSS THE NEEDS OF FORMERLY HOMELESS FAMILIES AND INDIVIDUALS WHO ARE RECEIVING RAPID RE-HOUSING ASSISTANCE AND ARE NEARING THE TERMINATION OF THAT ASSISTANCE**

Those at imminent risk of homelessness or nearing termination of assistance are in need of additional resources similar to those of already homeless individuals, including other housing assistance and references from non-profits and housing providers, self-sufficiency training and case management, access to healthcare and mental health counseling, job training, and legal guidance.

**IF A JURISDICTION PROVIDES ESTIMATES OF THE AT-RISK POPULATION(S), IT SHOULD ALSO INCLUDE A DESCRIPTION OF THE OPERATIONAL DEFINITION OF THE AT-RISK GROUP AND THE METHODOLOGY USED TO GENERATE THE ESTIMATES**

Not applicable.

**SPECIFY PARTICULAR HOUSING CHARACTERISTICS THAT HAVE BEEN LINKED WITH INSTABILITY AND AN INCREASED RISK OF HOMELESSNESS**

A recent homeless census for Pinellas County, or annual point-in-time (PIT) survey, was conducted in January of 2019. The total number of homeless people officially reported during the annual PIT survey was 2,415. When non-typical homeless responses from street survey, jail, and school data are considered, the total number of homeless or persons at risk of becoming homeless may be 7,570. Of the 2,415 homeless persons counted, 722 were chronically homeless individuals, 31 were unaccompanied children, 316 were homeless veterans, and 26 were persons with HIV/AIDS.

Because of the transient nature of homelessness, it is often difficult to locate homeless persons or to follow-up with much needed services and support. Just over 13% of those unsheltered individuals surveyed had been homeless three or fewer times. Nearly 30% were chronically homeless, having been homeless at least four times in the past 3 years. Nearly 40% of individuals surveyed for said they were homeless because of financial problems.
DISCUSSION

Since 2000, the population and median income has increased while the number of households living in Clearwater has decreased. Nearly half (43%) of the City’s households earn less than 80% HAMFI and approximately (13%) of the City’s households earn less than 30% HAMFI. Low- and moderate-income populations continue to experience higher rates of housing problems, such as housing cost burden and overcrowding. As a result, these populations have an increased risk of homelessness.
NA-15 Disproportionately Greater Need: Housing Problems

INTRODUCTION

A disproportionately greater need exists when the members of racial or ethnic group at an income level experience housing problems at a greater rate (10 percentage points higher or more) than the income level as a whole. For example, assume that 60% of all low-income households within a jurisdiction have a housing problem and 70% of Hispanic low-income households have a housing problem. In this example, Hispanic low-income households would have a disproportionately greater need.

Per the regulations at 91.205(b)(2), 91.305(b)(2), and 91.405, a grantee must provide an assessment for each disproportionately greater need identified. Although the purpose of these tables is to analyze the relative level of need for each race and ethnic category, the data also provide information for the jurisdiction as a whole that can be useful in describing overall need.

Again, as defined by HUD, housing problems include:

- Substandard housing lacking complete plumbing facilities
- Substandard housing lacking complete kitchen facilities
- Overcrowded households with 1.01 to 1.5 people per room, excluding bathrooms, porches, foyers, halls, or half-rooms
- Households with housing cost burden greater than 30% of income

The Disproportionately Greater Needs: Housing Problems section covers the following:

- Introduction
- Disproportionately Greater Need—Housing Problems 0-30% Area Median Income (AMI)
- Disproportionately Greater Need—Housing Problems 30-50% AMI
- Disproportionately Greater Need—Housing Problems 50-80% AMI
- Disproportionately Greater Need—Housing Problems 80-100% AMI
- Discussion

This section has four tables that capture the number of housing problems by income, race, and ethnicity. Each table provides data for a different income level (0–30%, 30–50%, 50–80%, and 80–100%
AMI). The default data source is the 2011-2015 Comprehensive Housing Affordability Strategy (CHAS) data developed by HUD.

**0% - 30% OF AREA MEDIAN INCOME**

Of all the income levels within Clearwater, households within the 0-30% AMI category have the second highest percentage of households with one or more of four housing problems. Approximately 75% of households in this income category have housing problems.

As shown in Table 1, when considering race, 71% of White households and 86% of Black/African American households in the 0-30% AMI income group have one or more of four housing problems. Seventy-two percent (72%) of Asian households have one or more of four housing problems. There are no American Indian and Alaska Native, or Pacific Islander households in the 0-30% AMI income group that have one or more of four housing problems. When considering ethnicity and this income category, 79% of Hispanic households have one or more of four housing problems. Compared to the City as a whole, only Black or African American households earning 0-30% AMI have a disproportionate need for assistance.

Table 13 – Disproportionally Greater Need 0 - 30% AMI

30% - 50% OF AREA MEDIAN INCOME

Of all the income levels within the Clearwater, households within the 30-50% AMI category have the highest percentage of households with one or more of four housing problems. Approximately 86% of households in this income category have housing problems.

As shown in Table 14, when considering race, 85% of White households and 91% of Black/African American households in the 30-50% AMI income group have one or more of four housing problems. Additionally, 80% of Asian households in the 30-50% AMI income category have one or more of four housing problems. When considering ethnicity and this income category, 83% of Hispanic households have one or more of four housing problems. The data show that no racial or ethnic household groups earning 30-50% AMI have a disproportionate need for assistance.

Table 14 – Disproportionally Greater Need 30 - 50% AMI

50% - 80% OF AREA MEDIAN INCOME

Of all the income levels within the Clearwater, households within the 50%-80% AMI category have the third-highest percentage of households with one or more of four housing problems. Approximately 62% of households in this income category have housing problems.

As shown in Table 15, when considering race, 62% of White households and 60% of Black/African American households in the 50-80% AMI income group have one or more of four housing problems. Additionally, 40% of Asian households in the 50-80% AMI income group have one or more of four housing problems. When considering ethnicity and this income category, 69% of Hispanic households have one or more of four housing problems. The data show no racial or ethnic household groups earning 50-80% AMI have a disproportionate need for assistance.

*The four housing problems are: 1. Lacks complete kitchen facilities, 2. Lacks complete plumbing facilities, 3. More than one person per room, 4. Cost Burden greater than 30%*

#### Table 15 – Disproportionally Greater Need 50 - 80% AMI

**80% - 100% OF AREA MEDIAN INCOME**

Of all the income levels within Clearwater, households within the 80%-100% AMI category have the lowest percentage of households with one or more of four housing problems. Approximately 43% of households in this income category have housing problems.

As shown in **Table 16**, when considering race, 45% of White households and 43% of Black/African American households in the 80-100% AMI income group have one or more of four housing problems. Additionally, 25% of Asian households in the 80-100% AMI income group have one or more of four housing problems. When considering ethnicity and this income category, 21% of Hispanic households have one or more of four housing problems. The data show no racial or ethnic household groups earning 80-100% AMI have a disproportionate need for assistance.

Table 16 – Disproportionally Greater Need 80 - 100% AMI

DISCUSSION

Of all households in the 0-30% AMI group, 75% have one or more of four housing problems. In terms of disproportionate need, the data show that Black or African American households earning 0-30% AMI have a disproportionate need for assistance (86% have one or more of four housing problems).

Of all households in the 30-50% AMI group, 86% have one or more of four housing problems. In terms of disproportionate need, the data show that no racial or ethnic household groups earning 30-50% AMI have a disproportionate need for assistance.

Of all households in the 50-80% AMI group, 62% have one or more of four housing problems. In terms of disproportionate need, the data show that no racial or ethnic household groups earning 50-80% AMI have a disproportionate need for assistance.
Of all households in the 80-100% AMI group, 43% have one or more of four housing problems. In terms of disproportionate need, the data show that no racial or ethnic households earning 80-100% AMI have a disproportionate need for assistance.
NA-20 Disproportionately Greater Need: Severe Housing Problems

INTRODUCTION

As noted in the previous section, a disproportionately greater need exists when the members of racial or ethnic group at an income level experience housing problems at a greater rate (10 percentage points higher or more) than the income level as a whole. Per the regulations at 91.205(b)(2), 91.305(b)(2), and 91.405, a grantee must provide an assessment for each disproportionately greater need identified.

Severe housing problems include:

- Severely overcrowded households with more than 1.5 persons per room, not including bathrooms, porches, foyers, halls, or half-rooms
- Households with severe cost burden of more than 50 percent of income

This section includes:

1. Introduction
2. Disproportionately Greater Need—Severe Housing Problems 0-30% AMI
3. Disproportionately Greater Need—Severe Housing Problems 30-50% AMI
4. Disproportionately Greater Need—Severe Housing Problems 50-80% AMI
5. Disproportionately Greater Need—Severe Housing Problems 80-100% AMI
6. Discussion

This section has four tables that capture the number of severe housing problems by income, race, and ethnicity. Each table provides data for a different income level (0–30%, 30–50%, 50–80%, and 80–100% AMI). The Default Data Source is the 2011-2015 Comprehensive Housing Affordability Strategy (CHAS) data developed by HUD.

0% - 30% OF AREA MEDIAN INCOME

Of all the income levels within the Clearwater, households within the 0-30% AMI category have the highest percentage of households with severe housing problems. Approximately 66% of households in this income category have severe housing problems.
As shown in Table 17, when considering race, 63% of White households and 72% of Black/African American households in the 0-30% AMI income group have severe housing problems. Additionally, 60% of Asian households in the 0-30% AMI income group have severe housing problems. When considering ethnicity and this income category, 76% of Hispanic households have severe housing problems. The data show that Hispanic households earning 0-30% AMI have a disproportionate need for assistance.

*The four severe housing problems are: 1. Lacks complete kitchen facilities, 2. Lacks complete plumbing facilities, 3. More than 1.5 persons per room, 4. Cost Burden over 50%
DISCUSSION

Of all households in the 0-30% AMI group, 66% have severe housing problems. In terms of disproportionate need, the data show that Hispanic households earning 0-30% AMI have a disproportionate need for assistance (76% have severe housing problems).

Of all households in the 30-50% AMI group, 59% have severe housing problems. In terms of disproportionate need, the data show that Black/African American and American Indian/Alaska Native households earning 30-50% AMI have a disproportionate need for assistance (77% and 100%, respectively, have one or more severe housing problems).

Of all households in the 50-80% AMI group, 20% have severe housing problems. In terms of disproportionate need, the data show that no racial or ethnic household groups earning 50-80% AMI have a disproportionate need for assistance.

Of all households in the 80-100% AMI group, 10% have severe housing problems. In terms of disproportionate need, the data show that Asian households earning 80-100% AMI have a disproportionate need for assistance (25% have one or more severe housing problems).
**NA-25 Disproportionately Greater Need: Housing Cost Burdens**

**INTRODUCTION**

Again, a disproportionately greater need exists when the members of racial or ethnic group at an income level experience housing problems at a greater rate (10 percentage points higher or more) than the income level as a whole. Per the regulations at 91.205(b)(2), 91.305(b)(2), and 91.405, a grantee must provide an assessment for each disproportionately greater need identified.

This section includes:
1. Introduction
2. Disproportionately Greater Need—Housing Cost Burden
3. Discussion

**Table 21** displays cost burden information for Clearwater by each racial and ethnic group, including no cost burden (less than 30%), cost burden (30-50%), severe cost burden (more than 50%), and no/negative income. The default data source for this data is the 2011-2015 Comprehensive Housing Affordability Strategy (CHAS) data developed by HUD.

As the data in **Table 21** suggests, a large number of households (18,815) are cost burdened within their current housing situation. White households have the highest number of cost burdened households (13,545). Hispanic households have the second-highest number of cost burdened households (2,395) and Black/African American households have the third-highest number of cost burdened households (2,180). A small number of Asian households (405) are also cost burdened. Of the households that are cost burdened, nearly half are severely cost burdened. There are 9,170 households that are considered severely cost burdened within Clearwater.

Table 21 – Greater Need: Housing Cost Burdens AMI
DISCUSSION

Within the City of Clearwater, 57% of households do not presently experience cost burden, while 21% experience cost burden, 20% experience severe cost burden and 3% have no/negative income. Overall, 41% of households are either cost burdened or severely cost burdened (>30%).

Of all households within the City, 23% are cost burdened (30-50%). No race or ethnicity experiences a cost burden at a greater rate (10 percentage points higher or more) than the jurisdiction as a whole; however, a higher percentage of Hispanic households (26%) are cost burdened when compared to other race or ethnic groups.

Of all households within the City, 20% experience severe cost burden (>50%). An estimated 37% of Black/African American and 34% of Asian households experience severe cost burden, indicating a disproportionate need for assistance within these groups.

Approximately 3% of households have no/negative income. No race or ethnicity experiences no/negative income at a greater rate (10 percentage points higher or more) than the jurisdiction as a whole.
NA-30 Disproportionately Greater Need: Discussion

INCOME CATEGORIES IN WHICH A RACIAL OR ETHNIC GROUP HAS DISPROPORTIONATELY GREATER NEED

As indicated in the previous sections, several racial or ethnic groups were identified as having a disproportionately greater housing need in comparison to income group as a whole. As detailed below, these include the Black/African American, Asian, American Indian/Alaska Native, and Hispanic groups.

The Black/African American group experiences a disproportionately greater need in terms of the following:

• Housing problems in the 0-30% AMI group (86% versus 75% as a whole)
• Severe housing problems in the 30-50% AMI group (77% versus 59% as a whole)
• Severe cost burden >50% of household income (37% versus 20% as a whole)

The Asian group experiences a disproportionately greater need in terms of the following:

• Severe housing problems in the 80-100% AMI group (25% versus 10% as a whole)
• Severe cost burden >50% of household income (34% versus 20% as a whole)

The American Indian/Alaska Native group experiences a disproportionately greater need in terms of the following:

• Severe housing problems in the 30-50% AMI group (100% versus 59% as a whole)

The Hispanic group experiences a disproportionately greater need in terms of the following:

• Severe housing problems in the 0-30% AMI group (76% versus 66% as a whole)

NEEDS NOT PREVIOUSLY IDENTIFIED

Based on input and data received through the citizen participation process, the greatest housing needs are:

• Affordable housing for low- and moderate-income persons of all types (single or multi-family)
• Rehabilitation and repair of both owner- and renter-occupied housing, with a new emphasis on renter-occupied housing
• Down payment assistance programs
• Homebuyer and rental assistance programs
ARE ANY OF THOSE RACIAL OR ETHNIC GROUPS LOCATED IN SPECIFIC AREAS OR NEIGHBORHOODS IN YOUR COMMUNITY?

The lowest income areas of Clearwater are most affected by housing problems and in need of community investment. Unfortunately, these areas are widespread. Forty (40) of the City’s 110 Block Groups have a low- and moderate-income population of 51% or greater. These block groups are distributed throughout the City.

An area of concentration is defined herein as an area where a certain group (racial, ethnic, or income) comprises a percentage of the population that is 10 percentage points higher than the jurisdiction as a whole. Several Census Tracts meet this definition for race. Census Tracts 258.00, 261.01, 262.00, and 263.00 have Black/African American population greater than 21% according to the 2014-2018 ACS. In contrast, City of Clearwater as a whole has a Black/African American population of 11%. These Census Tracts correspond to the Lake Bellevue and North Greenwood neighborhoods, as well as the area surrounding the Clearwater Country Club generally north of Drew Street.

If all minority races are considered, the City of Clearwater as a whole has a racial minority population of 21%. Census Tracts 258.00, 262.00, and 263.00 have a minority population greater than 31%. These Census Tracts correspond to the Lake Bellevue and North Greenwood neighborhoods, as well as the area surrounding the Clearwater Country Club generally north of Drew Street.

Additionally, several Census Tracts meet this definition for ethnicity. Census Tracts 264.00, 267.03, 268.18, and 268.19 are greater than 28% Hispanic according to 2014-2018 ACS. In contrast, the City of Clearwater as a whole is 18% Hispanic. Census Tract 264.00 corresponds to the Downtown Gateway District (formerly known as East Gateway District), whereas the other three Census Tracts are located north of SR 60/Gulf-to-Bay Boulevard between Hercules Avenue and McMullen Booth Road.

Many of the areas identified as having high concentrations of minority racial or ethnic groups also have a high percentage of low- and moderate-income households and generally align with the City’s Neighborhood Revitalization Strategy Areas. Although these concentrations exist, the data provided in the Market Analysis show that all residents of low- and moderate-income, regardless of race or ethnicity, may have significant housing needs.
NA-35 Public Housing

INTRODUCTION

The Consolidated Plan must provide a concise summary of the needs of public housing residents. Information is collected through consultations with the public housing agency or agencies located within the jurisdiction’s boundaries. The Public Housing Needs Assessment contains the following subsections:

- Introduction
- Totals in Use
- Characteristics of Residents
- Race of Residents
- Ethnicity of Residents
- Additional Narrative

The Clearwater Housing Authority (CHA) is responsible for administering public housing and other publicly assisted housing programs within the City of Clearwater. The CHA’s public housing inventory includes approximately 200 units in two existing high-rise towers, one newly renovated apartment complex, and scattered home sites throughout the City. Among other assistance, the CHA also administers the Section 8 rental assistance program that provides rental assistance to qualified persons based on income. The amount paid by qualified persons for rent and utilities does not exceed 30% of income, and income must be within HUD’s guidelines for household size. Housing units must pass the Housing Quality Standards Inspection per guidelines established by HUD. This program has a waiting list, which is currently closed.

Data in this section covers several types of housing programs and vouchers that are defined as follows:

- Certificate: The total number of Section 8 certificates administered by the Public Housing Authority (PHA).
- Mod-Rehab: The total number of units in developments that were funded under the moderate rehabilitation program administered locally by PHAs.
- Public Housing: The total number of units in developments operated by the PHAs within the jurisdiction.
- Total: The total number of Section 8 vouchers administered by the PHA (project based plus tenant based)
• Project Based: The total number of project-based Section 8 vouchers administered by the PHA.
• Tenant Based: The total number of tenant-based Section 8 vouchers administered by the PHA.
• Special Purpose Veterans Affairs Supportive Housing: The HUD–Veterans Affairs Supportive Housing program combines Housing Choice Voucher rental assistance for homeless veterans with case management and clinical services provided by the U.S. Department of Veterans Affairs (VA).
• Special Purpose Family Unification Program: Family Unification Program funding is allocated through a competitive process; therefore, not all PHAs administer the program.
• Special Purpose Disabled: In this context, disabled includes non-elderly disabled, mainstream 1-year, mainstream 5-year, and nursing home transition.

TOTALS IN USE

Table 2 displays the number of vouchers and units “in use” by public housing program type. According to the PIH Information Center (PIC), there are 201 public housing units, administered by the CHA. Tenant-based vouchers are by far the most used program, with 1,084 vouchers currently in use. According to PIC, there are no project-based vouchers and no special purpose vouchers in use.

**CHARACTERISTICS OF RESIDENTS**

Table 23 displays the characteristics of public housing residents by public housing program type. In the City of Clearwater, publicly assisted residents with higher incomes tend to utilize tenant-based vouchers, whereas residents with lower incomes tend to live in public housing. As expected, the average annual income for all assisted residents is very low with the lowest average annual income at $10,296 for
residents in public housing and the highest being $11,856 for residents utilizing tenant-based vouchers. The average household size is also very low (not more than two persons per household).

Elderly program participants comprise 26% of publicly assisted residents and a large number of publicly assisted families are disabled (27%). All families assisted are requesting accessibility features, as the number of families requesting accessibility features is equivalent to the total number of public housing units and vouchers in use. These data show that most families in need of housing assistance/vouchers are also disabled or in need of housing accessibility features. No HIV/AIDS participants or victims of domestic violence were counted.

RACE OF RESIDENTS

Table 24 displays the racial composition of residents for each public housing program. The data in Table 24 show that most public housing residents in the City of Clearwater are White (74%). In contrast, tenant-based vouchers are well-utilized by both White (48%) and Black/African American (50%) residents. Only 1% of public housing and tenant-based vouchers are utilized by residents of another race.

SECTION 504 NEEDS ASSESSMENT: NEEDS OF PUBLIC HOUSING TENANTS AND APPLICANTS ON THE WAITING LIST FOR ACCESSIBLE UNITS

The average wait time for residents seeking senior public housing is 1,297 days; for residents seeking family public housing, the average wait time is 1,437 days. Housing choice voucher applicants wait an average of 634 days on the waiting list before receiving aid. Combined, there are just under 800 applicants on the waiting list for senior public housing (173), family public housing at Fairway Gardens and Paradise Trail (152 and 151, respectively), and for housing choice vouchers (320). In terms of needs, housing choice voucher applicants typically request security deposit and utility deposit payment assistance, while public housing applicants typically request larger units, security deposit payment assistance, and moving expense assistance.

In addition to administering its public housing properties to applicants, the CHA works to identify local landlords that supply accessible housing and make appropriate referrals; however, accessible housing is in limited supply. In doing so, the CHA seeks to minimize wait time for persons and families in need of affordable housing. In Pinellas County, the majority of affordable units suitable for disabled residents are small (1 or 2 bedrooms).

MOST IMMEDIATE NEEDS OF RESIDENTS OF PUBLIC HOUSING AND HOUSING CHOICE VOUCHER HOLDERS

All publicly assisted residents need affordable, accessible units. Approximately 26% of residents are elderly and nearly 27% are disabled. Families identified as “Families with Disabilities” have an immediate need for public housing and tenant-based housing with improved accessibility. Additionally, many public housing residents struggle to afford healthy food options and to secure everyday household products. Many tenants and applicants also request aid with security and utility deposit assistance.

HOW DO THESE NEEDS COMPARE TO THE HOUSING NEEDS OF THE POPULATION AT LARGE

For Clearwater, a resident’s race or ethnicity, income, and disability status are strong indicators for needing housing assistance through these various public housing programs. The average income for all public housing programs is very low (less than $12,000). Tenants and voucher holders, as well as applicants on waiting lists, are typically cost burdened and many are elderly and/or disabled. Due to their limited income, their housing needs include affordability, availability of assistance, accessibility improvements for the elderly and/or disabled, and Fair Housing options.
DISCUSSION
The Clearwater Housing Authority (CHA) is responsible for administering public housing and other publicly assisted housing programs within the City of Clearwater. In total, the CHA has 201 public housing units and 1,084 tenant-based vouchers in use. The CHA waiting list is currently closed.

Both White and Black/African American residents have a high demand for the identified program types. Only 1% of public housing and tenant-based vouchers are utilized by residents of another race. The majority of publicly assisted residents are “Not Hispanic”. The average income and household size of those receiving assistance is very low (less than $12,000 and not more than two persons per household).

Although the data show there continues to be significant competition for affordable housing in Clearwater. Many families in need of housing assistance are elderly or disabled, or otherwise in need of housing accessibility features and security/utility deposit payment assistance. The CHA works to identify local landlords that supply accessible housing and make appropriate referrals. Additional resources for the public are available the CHA’s website: www.clearwaterhousingauth.org.
NA-40 Homeless Needs Assessment

INTRODUCTION
There are four federally defined categories under which individuals and families may qualify as homeless:

1. Literally homeless;
2. Imminent risk of homelessness;
3. Homeless under other Federal statues; and
4. Fleeing/attemping to flee domestic violence.

Meeting homelessness challenges in Clearwater is a collaborative effort comprising numerous individuals, agencies and organizations. Clearwater is within the St. Petersburg, Clearwater, Largo/Pinellas County CoC. The lead agency for collecting homeless data, conducting homeless needs assessments and developing community supported homelessness strategies is the Pinellas County Homeless Leadership Alliance. The Homeless Leadership Alliance supports the communities of Pinellas County, including Clearwater, and is the lead agency for the Continuum of Care (CoC). Most of the data utilized in this section of the Plan was gathered from the Homeless Leadership Alliance.

As a part of the Consolidated Plan process, the City coordinated with the Homeless Leadership Alliance to obtain data related to the homeless population in Clearwater. The Homeless Leadership Alliance regularly conducts a homeless census where volunteers reach out to identify the homeless and have them complete a short survey to gather information about the number of homeless as well as the characteristics of this population. It should be noted that any homeless census is an undercount because it is impossible to count locate every homeless person within geography as broad as Pinellas County.

HOMELESS NEEDS ASSESSMENT
A recent homeless census, or annual point-in-time (PIT) survey, was conducted on during the last 10 days in January of 2010. The results of this survey are summarized in Table 26. The methodology used by the Homeless Leadership Alliance included actual counts of homeless persons living on the streets and in shelters in Pinellas County, Florida. The total number of homeless people officially counted during the survey was 2,415. Approximately 20% of homeless persons surveyed identify Clearwater as their primary location.
When non-typical homeless responses from street survey, jail, and school data are considered, the total number of homeless or persons at risk of becoming homeless may be as high as 7,570. Of the 2,415 homeless persons officially counted, 722 were chronically homeless individuals, 31 were unaccompanied children, 316 were homeless veterans, and 26 were persons with HIV/AIDS.

Because of the transient nature of homelessness, it is often difficult to locate homeless persons or to follow-up with much needed services and support. Just over 13% of those unsheltered individuals surveyed had been homeless three or fewer times. Nearly 30% were chronically homeless, having been homeless at least four times in the past 3 years. Nearly 40% of individuals surveyed for said they were homeless because of financial problems. A third of individuals surveyed had a serious mental illness (31.5%), and approximately 12% of those surveyed cited medical/disability problems as the reason for homelessness.

Source: 2019 Pinellas County Homeless Leadership Alliance Point-in-Time Count, January 23, 2019 (FL-502: St. Petersburg, Clearwater, Largo/Pinellas County CoC); Homeless Leadership Alliance HMIS reported for the 1-year period between January 1, 2019 and December 31, 2019

Table 26 – Homeless Needs Assessment

HOMELESS POPULATION TYPES INCLUDING CHRONICALLY HOMELESS INDIVIDUALS AND FAMILIES, FAMILIES WITH CHILDREN, VETERANS AND THEIR FAMILIES, AND UNACCOMPANIED YOUTH

Chronically Homeless

HUD defines a person as chronically homeless if they have been homeless for one year or longer, or have had four or more episodes of homelessness within the past three years and have a disabling condition. National studies have found that when all costs are factored in, chronically homeless persons account for approximately half of the total expenditures for homeless services. This percent of expenditure is based on a national average of just fewer than 16% of all homeless persons being considered as chronically homeless. In Pinellas County, the percentage of chronically homeless persons is slightly higher. Of the homeless persons counted during the 2019 PIT, 30% of those surveyed, or 722
individuals, met the HUD definition of chronically homeless. Approximately 14% of chronically homeless persons surveyed were veterans.

**Families**

Persons in families comprised a large segment of the overall homeless population counted by the Pinellas County Homeless Leadership Alliance. Of the homeless counted, 381 persons were in families with children, comprising 127 adult/child households. There were 2,003 persons in households with only adults, and 31 persons in households with only children. In 2019, there was 1 chronically homeless family of four (4) persons.

**Veterans**

There are an estimated 316 homeless veterans in Pinellas County, comprising 13% of the counted homeless population. Homeless veterans in Clearwater were most likely to have served in the Army, among other military branches. Nearly a third of homeless veterans in Pinellas County are chronically homeless or are struggling with disabilities that put them at-risk of homelessness, including drug or alcohol addiction.

**Unaccompanied Youth**

Unaccompanied youth accounted for approximately 4% or 94 of the 2,415 homeless persons that agreed to be surveyed. Approximately 33% of unaccompanied youth are children, while the majority of unaccompanied youth (67%) are young adults ages 18 to 24.

**FAMILIES IN NEED OF HOUSING ASSISTANCE**

Persons in families comprised a large segment of the overall homeless population counted by the Pinellas County Homeless Leadership Alliance. Of the homeless counted, 381 persons were in families with children, comprising 127 adult/child households. There were 2,003 persons in families with only adults, and 31 persons were in families with only children. In 2019, there was 1 chronically homeless family of four (4) individuals. It is estimated that approximately 20% of the County’s homeless live in Clearwater; therefore, there may be as many as 25 families with children locally in need of housing assistance.
NATURE AND EXTENT OF HOMELESSNESS BY RACIAL AND ETHNIC GROUP

Homelessness is not unique to a particular gender, race or ethnicity. Table 27 provides demographic data regarding the homeless population in Pinellas County. The majority of homeless persons surveyed were adult males and approximately 31% of homeless persons surveyed were women. According to the 2019 data collected by the Homeless Leadership Alliance, the most commonly reported races were White at 63% of the homeless surveyed, and Black/African American at 32% of the homeless surveyed. Around 5% reported as another race or more than one race. The majority (93%) of homeless surveyed reported as “Not Hispanic”.

Source: 2019 Pinellas County Homeless Leadership Alliance Point-in-Time Count, January 23, 2019; N/A – No data available.

NATURE AND EXTENT OF UNSHELTERED AND SHELTERED HOMELESSNESS

The total number of homeless people counted during the annual PIT survey was 2,415. Of the 2,415 homeless persons officially counted, approximately 834 were unsheltered, while 1,581 were sheltered. There were 722 chronically homeless individuals, 31 were unaccompanied children, 316 were homeless veterans, and 26 were persons with HIV/AIDS.

Because of the transient nature of homelessness, it is often difficult to locate homeless persons or to follow-up with much needed services and support. Just over 13% of those unsheltered individuals surveyed had been homeless three or fewer times. Nearly 30% were chronically homeless, having been homeless at least four times in the past 3 years. Nearly 40% of individuals surveyed for said they were homeless because of financial problems. Individuals surveyed had a serious mental illness (31.5%), and approximately 12% of those surveyed cited medical/disability problems as the reason for homelessness.
DISCUSSION

Based on the January 2019 PIT survey conducted by the Pinellas County Homeless Leadership Alliance, the homeless population of Pinellas County is approximately 2,415 individuals. This number is approximately 30% smaller than number from 2015 (3,387). Approximately 20% of homeless persons surveyed identify Clearwater as their primary location. Approximately 40% of homeless people surveyed report financial reasons as their primary cause of homeless, and a significant percentage report a serious mental illness (31.5%) or a medical disability (12%). A number of organizations in Clearwater provide temporary, transitional, and permanent supportive housing for Clearwater area families in need of assistance. These include, but are not limited to, Homeless Empowerment Program (HEP), Religious Community Services (RCS), Kimberly Home, Society of St. Vincent de Paul, and the Salvation Army.
NA-45 Non-Homeless Special Needs Assessment

INTRODUCTION
A broad category that applies to any population that is presumed to be low to moderate income and in need of public services, non-homeless special needs include those of the mentally ill, developmentally disabled, at-risk youth, elderly, and other groups such as persons with HIV/AIDS. These special needs are often addressed by non-profit agencies, usually in coordination with the City of Clearwater or Pinellas County. Understanding the characteristics of its special needs populations will help the City to better evaluate public facilities and services directed toward such needs.

CHARACTERISTICS OF SPECIAL NEEDS POPULATIONS
Understanding the characteristics of its special needs populations will help the City to better evaluate public facilities and services directed toward such needs.

Elderly & Frail Elderly
According to HUD’s Comprehensive Housing Affordability Strategy (CHAS), HUD defines “elderly” as individuals over the age of 62 and “frail elderly” as individuals over the age of 75. According to the 2014‐2018 ACS 5‐Year Estimates, there are approximately 29,335 individuals over the age of 62 and 11,726 individuals over the age of 75 living in Clearwater. Due to age, the frail elderly may be unable to care for themselves adequately and may have one or more disabilities or need assistance to perform the routine activities of daily life. According to 2014‐2018 ACS 5‐Year Estimates, 19.2% of individuals between 65 and 74 years of age are disabled (2,492); whereas 45.5% of individuals over the age of 75 are disabled (5,125).

Youth and Young Adults
Approximately 21,373 children live in Clearwater. According to the 2014‐2018 ACS 5‐Year Estimates, 18.7% of Clearwater’s population is less than 18 years of age. Of the population less than 18 years of age, approximately 25% or 5,477 children are living in poverty. An estimated 10,291 or 39% of families within the City are households with children. According to the 2014-2018 ACS 5-Year Estimates, female-headed households comprise 22% of families living within the City and 26% of female-headed households with children are below poverty level.
Physically & Developmentally Disabled
According to the 2014-2018 ACS 5-Year Estimates, disabilities are categorized into six types: hearing difficulty, vision difficulty, cognitive ability, ambulatory difficulty, self-care difficulty, and independent living difficulty. According to the 2014-2018 ACS 5-Year Estimates, approximately 15,642 or 13.8% of people in Clearwater are estimated to have a disability. While the majority of disabled persons (approx. 7,183 people) are between 18 and 64 years of age, a high percentage (48.7%) of disabled persons are 65 years and over.

Mental Illness & Substance Abuse
The U.S. Department of Housing and Urban Development, in the Comprehensive Housing Affordability Strategy (CHAS) manual, defines severe mental illness as a persistent mental or emotional impairment that significantly limits a person’s ability to live independently. According to the national statistics, approximately one percent of the adult population meets the definition of severely mentally ill. According to the American Community Survey, Clearwater has an estimated adult population (over 18 years of age) of approximately 94,473 persons. One percent of this population is 944 persons.

According to the Substance Abuse and Mental Health Services Administration (SAMHSA) 2017 National Survey of Substance Abuse Treatment Services, in Florida, 308 persons per 100,000 population of adult age are in treatment for either an alcohol or drug abuse problem. Since Clearwater is estimated to have an adult population (age 18 or older) of 94,473 persons, an estimated 291 individuals in Clearwater may have a substance abuse problem.

Victims of Domestic Violence, Dating Violence, Sexual Assault and Stalking
There may be as many as 1,000 victims of domestic violence and related incidents annually in Clearwater. In 2018 alone, according to the Florida Department of Law Enforcement, 464 domestic violence arrests and 752 domestic violence offenses were reported by the Clearwater Police Department. Twenty-four (24) individuals reported being homeless as a result of domestic violence, and 191 homeless adult individuals reported as survivors of domestic violence.
HOUSING AND SUPPORTIVE SERVICE NEEDS AND DETERMINATION

**Elderly & Frail Elderly**

Within Clearwater, much of the elderly population is concentrated in low- and moderate-income neighborhoods. The elderly and frail elderly typically need assistance with housing rehabilitation and home maintenance. Additionally, the elderly may need facilities and programming, such as those provided at senior centers and through initiatives like the City of Clearwater’s Office on Aging/Aging Well Center.

The elderly are also susceptible to financial difficulties as well as to health problems, including those caused by poor nutrition. Organizations such as Meals-on-Wheels and Pinellas Opportunity Council’s CHORE Services support the elderly in Clearwater. These types of organizations are critical in determining and meeting elderly and frail elderly service needs.

**Youth and Young Adults**

The City of Clearwater offers a number of programs for youth and young adults, including those held at the Ross Norton Recreation & Aquatic Complex/Extreme Sports Park and at the North Greenwood Recreation & Aquatic Complex, as well as various public parks and libraries. Currently, there are several agencies within Pinellas County that provide programming for low- and moderate-income children, specifically. Supportive service needs for youth and young adults are determined by such providers.

**Physically and Developmentally Disabled**

Accessibility improvements and other supportive services, such as employment assistance, are typical needs of this population, and were noted as a community need. Currently, there are several agencies within Pinellas County that provide services for people with disabilities, including but not limited to Lighthouse of Pinellas, PARC, Abilities, Inc., and The Arc of Tampa Bay, among others. Supportive service needs for the disabled are determined by such providers.

**Mental Illness & Substance Abuse**

Healthcare and mental health counseling are typical needs of this population. Currently there are several agencies in Pinellas County that offer services to the mentally ill and substance abusers, including but not limited to Operation PAR, Directions for Living, and Suncoast Center for Mental Health,
among others. Supportive service needs for the mentally ill and substance abusers are determined by such providers.

**Victims of Domestic Violence, Dating Violence, Sexual Assault and Stalking**
Family safety, advocacy, and housing for both adults and children are typical needs of this population. Currently there are several organizations in Pinellas County that offer services to victims of domestic violence, dating violence, sexual assault and stalking, including but not limited to Family Service Centers of Pinellas, Inc., The Haven, and Religious Community Services (RCS), among others. Supportive service needs for victims of domestic violence are determined by such providers.

**PUBLIC SIZE AND CHARACTERISTICS OF POPULATION WITH HIV / AIDS**
The U.S. Center for Disease Control and Prevention (CDC) estimates that over one million adults and adolescents are living with HIV in the U.S., including those not yet diagnosed and those who have already progressed to AIDS. According to a report that was presented and prepared by the Florida Department of Health HIV/AIDS Surveillance Program, Pinellas County had approximately 4,900 persons living with HIV/AIDS in 2018, which represents a rate of 504 persons per 100,000 residents. Based on the City’s estimated population, there may be 574 persons living with HIV/AIDS in Clearwater.

Persons who are HIV positive do not, simply by virtue of having the HIV antibody, require special housing. The State of Florida Housing Opportunities for Persons with AIDS (HOPWA) does not offer any services in the City of Clearwater for persons living with the HIV/AIDS virus; however, equal access to housing is a priority for the City. Currently, there are several programs and housing providers for persons living with HIV/AIDS in Pinellas County, including Pinellas Cares Clinic, Metropolitan Charities, Christopher House, AIDS Community Project of Tampa Bay (AIDS Coalition), and Tampa Bay AIDS Network (TBAN) of Gulf Coast Community Care, among others.

**DISCUSSION**
Non-Homeless Special Needs is a broad category that applies to any population that is presumed to be low to moderate income and in need of public services. The category covers a large population, including the mentally ill, developmentally disabled, elderly, and other groups.
Services to address these needs are often provided by non-profit agencies, usually in coordination with the City of Clearwater or Pinellas County; however, many of these agencies are overburdened and continue to need funding assistance for service delivery.
NA-50 Non-Housing Community Development Needs

PUBLIC FACILITIES NEEDS
The community has identified the following public facility needs: improvements to existing community buildings/facilities used as activity centers (e.g. youth, seniors, arts, cultural, etc.), development of a Hispanic cultural center, longer public recreation center/library hours to allow more access, park improvements at Belmont Park (e.g. park acquisition/master plan) and Ross Norton (e.g. lighting at night and shade during day), more greenspace in general, and a one-stop community resource center or director to list available public services.

PUBLIC FACILITIES NEED DETERMINATION
These needs were identified based on citizen feedback and discussion of community needs during the community meetings and workshop held in February 2020, and a survey conducted from January 17, 2020 to March 27, 2020.

PUBLIC IMPROVEMENTS NEEDS
The community has identified the following public improvement needs: public infrastructure, particularly accessibility, crosswalk/sidewalk and street improvements as well as bicycle and pedestrian safety/connectivity. Many bus stops lack amenities such as shade and benches. City beautification projects such as roadway and streetscape maintenance, community art projects, roadway and sidewalk improvements, and business façade improvements were all mentioned. The age of Clearwater’s infrastructure systems is a concern and continued service provision and public safety is a high priority for the City, particularly noting the odors from Marshall Street sewage facility. Additionally, the community needs security measures (e.g. lighting at night), sanitation, code enforcement (i.e., blight elimination), and screening of blighted properties in low- and moderate-income areas.

PUBLIC IMPROVEMENTS NEED DETERMINATION
These needs were identified based on citizen feedback and discussion of community needs during the community meetings and workshop held in February 2020, and a survey conducted from January 17, 2020 to March 27, 2020.
PUBLIC SERVICES NEEDS
The community has identified the follow public service needs: increased awareness and education of available assistance, mental and behavioral health services and treatment for people suffering from substance abuse, transitional programs for youth aging out of foster care, socialization programs for seniors, food programs/assistance, legal services/ID programs, transportation services/assistance, and assisted living for persons with special needs.

PUBLIC SERVICES NEED DETERMINATION
These needs were identified based on citizen feedback and discussion of community needs during the community meetings and workshop in held in February 2020, and a survey conducted from January 17, 2020 to March 27, 2020.
HOUSING MARKET ANALYSIS

MA-05 Overview

HOUSING MARKET ANALYSIS OVERVIEW
The purpose of the Market Analysis is to provide a clear picture of the environment in which Clearwater must administer its programs over the course of the Consolidated Plan. In conjunction with the Needs Assessment, the Market Analysis will provide the basis for the Strategic Plan and the programs and projects to be administered. Most of the data tables in this section are populated with a default data set based on the most recent data available. Additional data has been obtained from various sources, including more current American Community Survey (ACS) estimates and local data from Clearwater and Pinellas County. This section covers the following broad topics:

- **General Characteristics of the Housing Market:** The general characteristics of the City’s housing market, including supply, demand, and condition and cost of housing, are described in the following sections: Number of Housing Units (MA-10); Cost of Housing (MA-15); and, Condition of Housing (MA-20).

- **Lead-based Paint Hazards:** The Condition of Housing (MA-10) section provides an estimate of the number of housing units within Clearwater that are occupied by low-income families or moderate-income families that contain lead-based paint hazards.

- **Public and Assisted Housing:** A description and identification of the public housing developments and public housing units in Clearwater is provided in the Public and Assisted Housing (MA-25) section. This narrative details the physical condition of such units, the restoration and revitalization needs, Section 504 needs, and the public housing agency’s strategy for improving the management and operation of public housing and the living conditions of low- and moderate-income families in public housing.

- **Assisted Housing:** The information collected in the Number of Housing Units (MA-10) section describes the number and targeting (income level and type of family served) of units currently assisted by local, state, or Federally funded programs and an assessment of
whether any such units are expected to be lost from the assisted housing inventory for any reason, such as expiration of Section 8 contracts.

- **Facilities, Housing, and Services for Homeless Persons:** A brief inventory of facilities, housing, and services that meet the needs of homeless persons within the City is provided in the Homeless Facilities and Services (MA-30) section. A particular emphasis is given to chronically homeless individuals and families, families with children, veterans and their families, and unaccompanied youth. The inventory includes services directly targeted to homeless persons, as well as mainstream services, such as health, mental health, and employment services to the extent those services are used to complement services targeted to homeless persons.

- **Special Need Facilities and Services:** The Special Needs Facilities and Services (MA-35) section describes the housing stock available to serve persons with disabilities and other low-income persons with special needs, including persons with HIV/AIDS and their families. The section further describes the facilities and services that assist persons who are not homeless, but who require supportive housing and programs for ensuring that persons returning from mental and physical health institutions receive appropriate supportive housing.

- **Barriers to Affordable Housing:** This section (MA-40) provides an assessment of the regulatory barriers to affordable housing that exist within Clearwater. These regulatory barriers may include tax policies affecting land and other property, land use controls, zoning ordinances, building codes, fees and charges, growth limits, and policies that affect the return on residential investment.
MA-10 Number of Housing Units

INTRODUCTION

The total number of housing units in Clearwater increased slightly over the past eight (8) years. The City had a total of 59,156 housing units at the time of the 2010 U.S. Census. According to data provided in the 2014-2018 ACS, an estimated total of 58,103 housing units are located within Clearwater presently, which is fewer than the number counted in 2010. Between 2010 and 2018, the total number of housing units in the City decreased by almost 2%.

TABLE 28: ALL RESIDENTIAL PROPERTIES BY NUMBER OF UNITS

<table>
<thead>

<th>Property Type</th>
<th>Number</th>
<th>%</th>
</tr>
</thead>
</table>
| 1-unit detached structure         | 22,186 | 38%
| 1-unit, attached structure        | 3,114  | 5%
| 2-4 units                         | 4,908  | 8%
| 5-19 units                        | 9,635  | 17%
| 20 or more units                  | 14,838 | 26%
| Mobile Home, boat, RV, van, etc.  | 3,422  | 6%
| **Total**                         | **58,103** | **100%**

*Data Source: 2014-2018 ACS*

As shown in Table 28, data from the 2014-2018 ACS show that nearly half of all residential properties are single units (a total of 25,300 or 44%). Single-unit properties are either detached structures (22,186 or 38%) or attached structures (3,114 or 5%). Residential properties are further categorized into properties within 2-4 unit structures (4,908 or 8%), properties within 5-19 unit structures (9,635 or 17%), and properties within 20 or more unit structures (14,838 or 26%). These categories comprise 94% of the City’s housing stock. The remainder of residential properties in the City is classified as mobile home, boat, RV, van, etc. (3,422 or 6%).
As shown in Table 29, there are an estimated 46,667 occupied housing units within the City. Of this total, 27,019 or 58% are owner-occupied and 19,648 or 42% are renter-occupied. Of all owner-occupied units, most contain 2 or more bedrooms (25,202 or 93%). Only a small number of owner-occupied units have 1 bedroom (1,649 or 6%) or are without bedrooms (168 or 1%). Of all renter-occupied units, most contain 1 to 3 bedrooms (14,237 or 72%). In contrast to owner-occupied units, a significant percentage of renter-occupied units have 1 bedroom (5,926 or 30%) and a small percentage of renter-occupied units are without bedrooms (1,220 or 6%).

**DESCRIBE THE NUMBER AND TARGETING (INCOME LEVEL/TYPE OF FAMILY SERVED) OF UNITS ASSISTED WITH FEDERAL, STATE, AND LOCAL PROGRAMS**

As was noted earlier in Section NA-35, the Clearwater Housing Authority (CHA) has been charged with the responsibility of the administration of housing programs for low income persons. The operations of the CHA are funded through annual appropriations provided by the U.S. Department of Housing and Urban Development (HUD).

According to the Office of Public and Indian Housing (PIH) Public Information Center (PIC), the following number and type of voucher units are available within Clearwater (see also Table 38):

- 205 total public housing units available
- 1,265 total Housing Choice Vouchers (HCVs) available
PROVIDE AN ASSESSMENT OF UNITS EXPECTED TO BE LOST FROM THE AFFORDABLE HOUSING INVENTORY FOR ANY REASON, SUCH AS EXPIRATION OF SECTION 8 CONTRACTS

Some units assisted with Federal, state or local programs may be lost from the inventory during the planning period as the Clearwater Housing Authority (CHA) undergoes voluntary conversion of its public housing units. The CHA monitors contract expirations and/or unit losses and has a plan for voluntary conversion to ensure that residents in publicly assisted housing continue to have housing either through HCV or other housing authorities or nonprofit housing providers. Because the City of Clearwater does not directly administer public housing or HCV vouchers, the City is unaware of any expiring contacts.

DOES THE AVAILABILITY OF HOUSING UNITS MEET THE NEEDS OF THE POPULATION?

A shortage of affordable housing may exist for very low- and low-income households in Clearwater. While affordability is a concern for any tenure, more owner-occupied units are considered affordable than renter-occupied units. This may be due, in part, to the lack of housing-type diversity within Clearwater. This affordable housing deficiency is more fully documented in the next section (MA-15).

DESCRIBE THE NEED FOR SPECIFIC TYPES OF HOUSING

Generally, the City is lacking a diverse distribution of housing types. Most housing units in the City are within detached single-unit structures (38%) or within 5 or more unit structures (43%). This indicates a predominance of single-family homes and multi-family apartment or condominium types. In contrast, only 14% of all housing units are within attached single-unit structures or 2-4 unit structures, indicating a lack of townhome, duplex, and triplex types (i.e., “missing middle” housing types). This distribution does not provide a diverse selection of housing for low- and moderate-income residents who may not be able to afford a single-family home but require multiple bedrooms.

In terms of housing unit size, the predominant unit size is 2 or 3 bedrooms (81% of all units), with few smaller units available (see Table 28 and Table 29). It is important to note that in Clearwater, according to the 2014-2018 ACS, larger units (3 or more bedrooms) tend to be occupied by owners while smaller units (one or no bedrooms) tend to be occupied by renters. These trends may indicate a lack of larger units available for rental or point to affordability concerns as unit size increases.
DISCUSSION

The number of housing units in the City has slightly decreased over the past 8 years. A shortage of affordable housing may exist for very low- and low-income households in Clearwater; and given the City’s housing stock profile, there is a lack of diversity of housing types within the City. Most housing units are within either single-unit detached structures or multi-unit apartment/condominium structures. Few units are within other attached housing types (e.g. townhome, duplex, etc.). This data points to the need for “missing middle” housing types in the City of Clearwater. Moreover, there are few smaller (1 bedroom or studio) units available. The CHA, among other housing providers, administers public housing and HCV programs within the City, has a plan for voluntary conversion of its public housing units that will ensure residents continue to be housed, and monitors contract expirations and/or unit losses.
MA-15 Housing Market Analysis: Cost of Housing

INTRODUCTION
This section provides an overall picture of housing costs within Clearwater. Specifically, the section describes housing cost trends, rent trends, fair market rents, and affordability.

TABLE 30: COST OF HOUSING

<td>$794</td>
<td>$869</td>
<td>9%</td>
</tr>
</tbody>
</table>

*Data Source: 2010-2014 ACS (Base Year), 2014-2018 ACS (Most Recent Year)*

The costs of housing trends for Clearwater are displayed in Table 30. According to the 2014-2018 ACS, the current median home value for Clearwater is estimated to be $191,600. This figure represents a 24% increase from the 2010-2014 ACS median home value of $153,900. Between the 2010-2014 ACS and the 2014-2018 ACS, the median contract rent within the City increased by 9%, from $794 to $869.

The distribution of estimated rents paid within Clearwater is detailed in Table 31, according to 2014-2018 ACS data. Of all 19,165 rental units within the City, less than half (7,639 or 40%) have a rent between $500 and $999. Few rental units have a rent less than $500 (1,068 or 6%). Approximately 35% of rental units have rent between $1,000 and 1,499. An estimated 20% of the City’s rental units have a rent that exceeds $1,500.
The overall housing affordability within Clearwater is detailed in Table 32. According to HUD, a unit is considered affordable if gross rent, including utilities, is no more than 30% of the household income. The table, based on 2011-2015 CHAS data, first divides households into four income ranges: less than or equal to 30% HUD Adjusted Median Family Income (HAMFI), less than or equal to 50% HAMFI, less than or equal to 80% HAMFI, and less than or equal to 100% HAMFI. The table also separates housing units into either rental units or owner units.

For households with incomes less than or equal to 30% HAMFI, a total of 600 available rental units are considered affordable, while no data is available for owner units. For households with incomes less than or equal to 50% HAMFI, a total of 1,815 affordable rental units are available, while 2,340 affordable owner units are available. For households with incomes less than or equal to 80% HAMFI, a total of 9,525 affordable rental units are available, while 6,220 affordable owner units are available. Finally, for households with incomes less than or equal to 100% HAMFI, a total of 9,275 affordable owner units are available, while no data is provided for affordable rental units.

As noted previously in Table 29, an estimated 19,648 renter-occupied housing units are located within Clearwater (2014-2018 ACS). Of this total, only 3% of renter-occupied housing units are affordable to the lowest income households (less or equal to 30% AMFI) and 9% are affordable to households earning less than or equal to 50% AMFI. A much larger percentage (48%) of renter-occupied housing units are affordable to households earning less than or equal to 80% AMFI. In general, only 61% of renter-occupied units are affordable.

An estimated 27,019 owner-occupied housing units are located within Clearwater (see Table 29). Of this total, 9% are affordable to households earning less than or equal to 50% HAMFI, 23% are affordable to...
households earning less than or equal to 80% HAMFI, and 34% are affordable to households earning less than or equal to 100% HAMFI. In general, only 66% of owner-occupied housing units are affordable.

<td>870</td>
<td>971</td>
</tr>
</tbody>
</table>

*Data Source: FY 2019 HUD Fair Market Rent; FY 2019 HUD HOME Rent Limits; Tampa-St. Petersburg-Clearwater, FL MSA*

Table 33 shows HUD Fair Market Rents and HUD HOME Rents within Pinellas County. Fair Market Rents (FMRs) are gross rent estimates that include rent plus the cost of all tenant-paid utilities. FMRs are set to the dollar amount at which 40% of the standard-quality rental housing units are rented, excluding non-market rental housing (e.g. public housing). High HOME Rents are equal to the FMR or 30% of the adjusted income of a family whose income equals 65% AMI, whichever is lower. Low HOME Rents are equal to 30% of the adjusted income of a family whose income equals 50% AMI.

**IS THERE SUFFICIENT HOUSING FOR HOUSEHOLDS AT ALL INCOME LEVELS?**

A comparison of the total number of households at the various income levels (see Table 7) and the total number of affordable housing units available for the various income levels (see Table 32) can reveal surpluses or shortages of affordable housing.

There are 5,970 very low-income households earning 0-30% HAMFI in Clearwater. Because only 600 affordable rental units are identified in the CHAS database, and an undetermined number of owner units are available, a significant shortage of affordable units likely exists within the City for very low-income households. Similarly, there appears to be a shortage of affordable housing for low income households. A total of 6,035 households in the City earn 30-50% HAMFI. According to the CHAS database, 1,815 rental-units and 2,340 owner-units (a total of 4,155 units) are available and affordable to low income households. In contrast, there does not appear to be a shortage of affordable housing for moderate income households. A total of 8,145 households in the City earn 50-80% HAMFI. There are approximately 9,525 affordable rental units and 6,220 affordable owner-units (a total of 15,745 units) available and affordable to moderate income households, according to the CHAS database.
HOW IS AFFORDABILITY OF HOUSING LIKELY TO CHANGE CONSIDERING CHANGES TO HOME VALUES AND/OR RENTS?

The estimated median home value within Clearwater increased from $153,900 to $191,600 according to the 2010-2014 and 2014-2018 ACS, a 24% positive change. Over this same period, the City’s contract rent increased by 9% from $784 to $869.

The City’s median household income increased by 9% between the 2010-2014 and the 2014-2018 ACS, from $43,306 to $47,070; however, median home values increased more dramatically (24%) and contract rent increased similarly (9%) over that same period. As home values outpace incomes, more housing becomes unaffordable. This, combined with the City’s lack of smaller (<2 bedroom) housing units and diverse housing types, could undermine affordability.

HOW DO HOME RENTS / FAIR MARKET RENT COMPARE TO AREA MEDIAN RENT? HOW MIGHT THIS IMPACT YOUR STRATEGY TO PRODUCE OR PRESERVE AFFORDABLE HOUSING?

The City’s current median contract rent is estimated to be $869 (according to the 2014-2018 ACS). This median contract rent is lower than the Fair Market Rents for 1 bedroom, 2 bedroom, 3 bedroom, and 4 bedroom units, but is higher than the Fair Market Rents for efficiency units. In terms of High HOME Rent, the City’s current median contract rent is lower for 2 bedroom, 3 bedroom, and 4 bedroom units, but is higher than the High HOME Rent for efficiency and 1 bedroom units. The City’s current median contract rent is lower than the Low HOME Rents for 3 bedroom and 4 bedroom units, but is higher than the Low HOME Rents for all other unit sizes.

DISCUSSION

Within Clearwater, there is a potential shortage of units affordable to very low- and low-income households. Housing costs for owner-occupied units have significantly outpaced household income since the 2010-2014ACS. There is also a lack of diversity in the City’s housing stock which further limits affordability. Most housing units are either single-family detached homes or large multi-family apartment complexes. When housing costs outpace household incomes, and the housing stock is limited, housing becomes less affordable to low- and moderate-income households.
MA-20 Housing Market Analysis: Condition of Housing

INTRODUCTION
This section describes the significant characteristics of the housing stock in terms of age, condition, and vacancy of units.

DEFINITIONS
The following definitions pertain to this section:

- **“Standard condition”** – A housing unit that meets HUD Housing Quality Standards (HQS) and all applicable state and local codes.
- **“Substandard condition but suitable for rehabilitation”** – A housing unit that contains one or more housing condition (defined below), contains a lead-based paint hazard, and/or is condemned as unfit for human habitation but is both structurally and financially feasible to rehabilitate.
- **“Substandard condition not suitable for rehabilitation”** – A housing unit that contains one or more housing condition (defined below), contains a lead-based paint hazard, and/or is condemned as unfit for human habitation and is not structurally or financially feasible to rehabilitate.

Additionally, the term “abandoned vacant unit” is defined by HUD as:

- A housing unit that has been foreclosed upon and vacant for at least 90 days.
- A housing unit where no mortgage or tax payments have been made by the property owner for at least 90 days.
- A housing unit where a code enforcement inspection has determined that the property is not habitable, and the owner has taken no corrective actions within 90 days of the notification of the deficiencies.

*Data Source: 2014-2018 ACS*

Table 34 – Condition of Units

Table 34 shows the condition of occupied housing units within Clearwater, with a breakdown of owner-occupied units and renter-occupied units. As defined by HUD, a housing “condition” includes the following:

- A housing unit that lacks complete plumbing facilities
- A housing unit that lacks complete kitchen facilities
- A housing unit with more than one person per room
- A housing unit with a cost burden greater than 30% of the occupant’s household income

According to 2014-2018 ACS data, the majority (19,377 or 72%) of owner-occupied housing units have no housing conditions. Of the remaining owner-occupied housing units, a significant number feature one housing condition (7,564 or 28%). Only 62 owner-occupied units (less than 1%) have two housing conditions and 16 owner-occupied units (less than 1%) have three or more housing conditions.

Of the estimated 19,648 renter-occupied housing units in the City, over half (11,047 or 56%) have one housing condition. Less than half (7,901 or 40%) of renter-occupied units have no housing conditions. Only 643 (3%) of renter-occupied units have two housing conditions and 57 renter-occupied units (less than 1%) have three housing conditions. No renter-occupied housing units have four or more housing conditions.

Data Source: 2014-2018 ACS

The age of housing within Clearwater is detailed in Table 35, as supplied by the 2014-2018 ACS. Of the 27,019 owner-occupied housing units, the majority were built prior to 1980, with 16,961 or 63% built between 1950 and 1979; and 1,263 or 5% built before 1950. The remaining 8,795 or 33% of owner-occupied units were built after 1980.

Of the 19,648 renter-occupied housing units, the majority were built prior to 1980, with 10,359 or 53% built between 1950 and 1979; and 1,453 or 7% built before 1950. The remaining 7,836 or 40% of renter-occupied units were built after 1980.

Data Source: 2014-2018 ACS (Total Units); 2011-2015 CHAS (Units with Children present)

The risk of lead-based paint hazards within Clearwater is estimated in Table 36. Because the actual number of housing units in the City with lead-based paint is not available, an assumption must be made. For the purposes of this plan, a housing unit built before 1980 is presumed to have a higher risk of lead-based paint. Therefore, the table shows the total number of owner-occupied and renter-occupied units that were built before 1980, as well as those built before 1980 with children present. The data for this table is from the 2014-2018 ACS and 2011-2015 CHAS.
As shown in Table 36, 18,22 or 67% of owner-occupied housing units in the City were built prior to 1980, while 2,020 or 7% were built before 1980 and have children present. For renter-occupied housing units, 11,812 or 60% were built prior to 1980, while 705 or 4% were built prior to 1980 and have children present. Although there is a high percentage of housing units built before 1980, signifying a higher risk of lead-based paint, there is a low percentage of older housing units with children present. A slightly higher percentage of older housing units with children present are occupied by owners.

</table>

*Data Source: 2014-2018 ACS (Vacant Units); RealtyTrac.com, Clearwater, FL. Date accessed: April 2020*

According to 2014-2018 ACS data, there are a total of 58,103 housing units within Clearwater. Of these, 11,436 or 20% are vacant. As defined in the American Community Survey, a housing unit is vacant if no one is living in it at the time of interview. Units occupied at the time of interview entirely by persons who are staying two months or less and who have a more permanent residence elsewhere are considered temporarily occupied and are classified as “vacant.” Since approximately 63% percent of the City’s housing units was built before 1980; an estimated 6,689 vacant housing units may be suitable for rehabilitation. There is no data available for abandoned units.

The foreclosure rate in Clearwater is similar to Pinellas County, but lower than the state foreclosure rates and higher than the national foreclosure rate. According to the foreclosure database maintained by RealtyTrac.com, as accessed in April 2020 a total of 272 properties in Clearwater are in some state of foreclosure (i.e., default, auction, pre-foreclosure or bank owned) and another 648 properties are listed for sale. The RealtyTrac.com foreclosure database accessed in April 2020 indicates that, of the foreclosed properties within the City, 82 or 30% are Real Estate Owned (REO). Assuming approximately
63% percent of the City’s housing units was built before 1980; an estimated 52 REO properties may be suitable for rehabilitation.

**NEED FOR OWNER AND RENTAL REHABILITATION**

In terms of housing quality, 28% of owner-occupied housing units in the City have at least one housing condition, while 56% of renter-occupied housing units have at least one housing condition (see Table 34). Relative to the age of housing, 68% of the City’s owner-occupied units were built prior to 1980, while 60% of renter-occupied units were built prior to 1980 (see Table 35). Although the exact number of homes with lead-based paint is not known, it is assumed that housing units in the City built prior to 1980 have a higher risk of lead-based paint hazards. Generally, these statistics point toward the need for Clearwater to facilitate both owner and rental housing rehabilitation within its jurisdiction.

**ESTIMATED NUMBER OF HOUSING UNITS OCCUPIED BY LOW OR MODERATE INCOME FAMILIES WITH LBP HAZARDS**

Table 36 notes that, in Clearwater, 18,224 owner-occupied housing units were built prior to 1980 and 11,812 renter-occupied housing units were built prior to 1980. These units are assumed to have a higher risk of lead-based paint hazards.

As of the 2014-2018 ACS, there are an estimated 46,667 occupied housing units within Clearwater. Approximately 30,036 or 64% of these housing units are assumed to have a higher risk of lead-based paint hazards. According to HUD CDBG low- and moderate-income data, approximately 20,000 low- or moderate-income households (earning less than or equal to 80% HAMFI) reside in Clearwater. Therefore, approximately 12,800 housing units occupied by low- and moderate-income families may have a higher risk of lead-based paint hazards.

**DISCUSSION**

In terms of housing conditions, more renter-occupied units have housing conditions than owner-occupied units. Most of the City’s housing units were built prior to 1980. Due to the combination of housing conditions and unit age, there is a need for Clearwater to facilitate both owner-unit and rental-unit rehabilitations. It is estimated that approximately 30,036 housing units, or 64% of occupied housing units, may have a higher risk of lead-based paint hazards.
MA-25 Public and Assisted Housing

INTRODUCTION
As was noted earlier in Section NA-35, the Clearwater Housing Authority (CHA) administers housing assistance for low- and very-low income persons in the greater Clearwater area. The operations of the CHA are funded through annual appropriations provided by U.S. Department of Housing and Urban Development.

Table 38 – Total Number of Units by Program Type

DESCRIBE THE SUPPLY OF PUBLIC HOUSING DEVELOPMENTS
The CHA administers programs that deliver housing assistance to low- and very low-income persons in Pinellas County and the Clearwater area. These include public housing, tenant-based vouchers (Housing Choice Vouchers or HCVs), and special purpose voucher activities. Combined, these activities supply approximately 1,500 publicly assisted housing units in the greater Clearwater area.

DESCRIBE THE NUMBER AND PHYSICAL CONDITION OF PUBLIC HOUSING UNITS IN THE JURISDICTION, INCLUDING THOSE THAT ARE PARTICIPATING IN AN APPROVED PUBLIC HOUSING AGENCY PLAN
Table 38 shows the total number of units currently assisted by local, state or federally funded programs. According to the IDIS default data, approximately 205 public housing units are programmed within Clearwater; however, in total 238 public housing and publicly assisted units are provided at several properties, in addition to scattered residential sites:
• Fairway Gardens (30 & 110 Lady Mary Dr.): 20 units
• Palmetto Properties (Section 32 Homeownership Program): 2 units
• Paradise Trail (1111 Cordova Ln.): 13 units
• Barbee Towers (1100 Druid Rd.): 150 units (seniors only)
• Ralph Richards Towers (211 Prospect Ave.): 50 units (seniors only)
• Scattered Site Properties: 3 units

Table 38 sourced from IDIS default data notes that there are approximately 1,265 tenant-based HCVs available, which are administered by the CHA. In contrast, the 2020 PIH PIC Housing Authority (HA) profile for the CHA shows a total HCV count of 1,340. These vouchers provide rental assistance to qualified very low-income families and very low-income elderly, disabled, handicapped and single persons. Vouchers typically cover 30% of adjusted gross income, total tenant payment or a payment standard. A security deposit, paid by the tenant, is required. There is typically a waiting list for such vouchers and the waiting list is currently closed. Included in the total number of vouchers are 639 special purpose vouchers for disabled residents.

Table 39 shows the condition of public housing based on average inspection score for the most recent inspection year (2018).

Data Source: HUD Real Estate Assessment Center (REAC) Public Housing Physical Inspections Scores (Florida), accessed May 2020

Table 39 – Public Housing Condition

DESCRIBE THE RESTORATION AND REVITALIZATION NEEDS OF PUBLIC HOUSING UNITS IN THE JURISDICTION

The CHA and other housing providers in the community continuously seek to rehabilitate the supply of housing affordable to low- and very-low income persons. The CHA recently completed rehabilitation of the Fairway Gardens and Paradise Trail properties to provide additional public housing units. However,
the CHA’s high-rise senior public housing units continue to age and with the continued reduction of Capital Fund subsidies, the CHA plans to voluntarily reposition its public housing to provide the ability for property rehabilitation while maintaining affordability. This process will involve Tenant Protection Vouchers and the maintenance of scattered sites, Barbee Towers, and Ralph Richards Tower as affordable properties. The Paradise Trail Apartments will be conveyed to the Dunedin Housing Authority and Fairway Gardens will be conveyed to Religious Community Services. The Palmetto Properties will continue to serve public housing residents until sold. All sales/conveyance proceeds will be used to purchase affordable housing.

**DESCRIBE THE PUBLIC HOUSING AGENCY’S STRATEGY FOR IMPROVING THE LIVING ENVIRONMENT OF LOW- AND MODERATE-INCOME FAMILIES RESIDING IN PUBLIC HOUSING**

The Clearwater Housing Authority (CHA) is a high performing public housing authority. The mission of the CHA is to create housing opportunities to enhance the lives those it serves. The CHA will build communities with innovative programs, sustain a dignified and desirable environment, and create alliances to nurture self-sufficiency. To this end, the CHA’s strategy for improving the living environment of those in public housing includes continuing to:

- **Search for affordable housing opportunities**
  - Maximize available funding resources to assist as many families as possible with affordable housing
  - Maintain and continue to build partnerships with community providers for supportive services to assist residents
- **Encourage and support self-sufficiency**
  - Continue the Family Self-Sufficiency Program and Resident Opportunity and Self-Sufficiency Program to assist families with homeownership, self-sufficiency, and/or aging in place
- **Provide Housing Choice Voucher (HCV) program opportunities**
  - Apply for additional vouchers and grant programs when possible
  - Continue to educate existing and prospective landlords to ensure quality HCV stock for participants
DISCUSSION

The City works cooperatively with Pinellas County, the CHA, and private entities in the provision of public and subsidized housing within Clearwater. The CHA administers public housing for seniors and families in addition to the Housing Choice Voucher (HCV) program that provides financial rental assistance to eligible individuals and families based upon income. The CHA’s 5-Year PHA Plan includes a voluntary conversion plan in the second quarter of 2020 with all proceeds from the sale/conveyance of CHA properties to be used to purchase affordable housing.
MA-30 Homeless Facilities and Services

INTRODUCTION

Critical to the success of homeless services is the capacity to coordinate systems of care beyond sheltering, healthcare, mental health counseling, employment, etc. and the ability to follow a case through a myriad of providers to ensure that individual or family is transitioned out of homelessness. Meeting homelessness challenges in Clearwater is a collaborative effort comprising numerous individuals, agencies and organizations. The lead agency for collecting homeless data, conducting homeless needs assessments and developing community supported homelessness strategies is the Pinellas County Homeless Leadership Alliance. The Homeless Leadership Alliance supports the communities of Pinellas County, including Clearwater, and is the lead agency for the St. Petersburg, Clearwater, Largo/Pinellas County Continuum of Care (CoC). The Pinellas County Homeless Leadership Alliance is responsible for advancing community-wide efforts, including the 10-Year Plan to End Homelessness and the Annual Point-In-Time (PIT) survey, which involves various partnering agencies. Most of the data utilized in this section of the Consolidated Plan was gathered from the Homeless Leadership Alliance.

Additionally, HUD and the State of Florida publish CoC and statewide PIT findings annually. Clearwater is within the St. Petersburg, Clearwater, Largo/Pinellas County CoC. Data related to facilities and housing targeted to homeless households can be viewed in Table 40.

### DESCRIBE MAINSTREAM SERVICES, SUCH AS HEALTH, MENTAL HEALTH, AND EMPLOYMENT SERVICES TO THE EXTENT THOSE SERVICES ARE USED TO COMPLEMENT SERVICES TARGETED TO HOMELESS PERSONS

Several mainstream providers offer services to the homeless population as well low- and moderate-income populations. These providers include, but are not limited to, the following organizations:

**Medical/Healthcare Resources**

- **Veterans Administration (VA) Bay Pines Medical Center** *(10000 Bay Pines Blvd)*: Provides quality health care to homeless veterans through an outpatient program, as well as resource and referral.
- **Community Healthcare of Pinellas** *(707 Druid Rd., 2960 Roosevelt Blvd.)*: Provides preventative and primary care for low-income, uninsured residents

**Mental Health/Substance Abuse Resources**

- **Suncoast Center for Community Mental Health** *(2960 Roosevelt Blvd., 2188 58th St. North)*: Mental health resource center for adults and children, as well as those with substance abuse issues.
• **Directions for Living** (1437 S. Belcher Rd.): Provides behavioral health service for adults and children, including substance abuse treatment.

• **Operation PAR** (6150 150th Ave. N.): Provides outpatient and inpatient detox programs for adults.

**Employment Resources**

• **CareerSource Pinellas** (multiple Pinellas County locations): A one-stop career resource center designed to meet education, training, employment, or supportive service needs.

**LIST AND DESCRIBE SERVICES AND FACILITIES THAT MEET THE NEEDS OF HOMELESS PERSONS, PARTICULARLY CHRONICALLY HOMELESS INDIVIDUALS AND FAMILIES, FAMILIES WITH CHILDREN, VETERANS AND THEIR FAMILIES, AND UNACCOMPANIED YOUTH. IF THE SERVICES AND FACILITIES ARE LISTED ON SCREEN SP-40 INSTITUTIONAL DELIVERY STRUCTURE OR SCREEN MA-35 SPECIAL NEEDS FACILITIES AND SERVICES, DESCRIBE HOW THESE FACILITIES AND SERVICES SPECIFICALLY ADDRESS THE NEEDS OF THESE POPULATIONS**

Several non-profit providers and faith-based organizations offer services to the homeless population, which include emergency shelter. These providers include, but are not limited to, the following organizations:

• **Boley Centers** (1447 Gulf to Bay Blvd.): Transitional housing for homeless veterans in recovery.

• **Catholic Charities (Pinellas Hope** (5726 126 Ave. N.): Self-sufficiency counseling, temporary shelter, and permanent supportive housing for homeless men and women.

• **Family Resources, Inc. “SafePlace2B”** (1615 Union St.): Emergency shelter at-risk and unaccompanied youth.

• **Homeless Empowerment Program (HEP)** (1121 N. Betty Ln.): Emergency and transitional housing for homeless men, women, single parents, and families with children.

• **Kimberly Home** (1189 NE Cleveland St.): Transitional shelter for pregnant homeless women.

• **Religious Community Services (RCS)** (1552 S. Myrtle Ave., 700 Druid Rd., etc.): Homeless prevention, food pantry, emergency shelter, transitional housing, and “The Haven” domestic violence services.

• **Salvation Army** (1521 Druid Rd. E.): Self-sufficiency counseling, transitional housing for families with children, food pantry, etc.

• **St. Vincent de Paul Society** (1245 Park St.): Soup kitchen for homeless persons.
MA-35 Special Needs Facilities and Services

INTRODUCTION
This section describes facilities and services that assist persons who are not homeless but require supportive housing and programs. These populations may include elderly and frail elderly, persons with disabilities, persons with alcohol or drug addictions, persons with HIV/AIDS, or other groups. Such facilities and services include units that are barrier-free and physically accessible, units with on-site supportive services such as case management, counseling and healthcare, and units that are affordable to persons on a fixed or limited income.

INCLUDING THE ELDERLY, FRAIL ELDERLY, PERSONS WITH DISABILITIES (MENTAL, PHYSICAL, DEVELOPMENTAL), PERSONS WITH ALCOHOL OR OTHER DRUG ADDICTIONS, PERSONS WITH HIV/AIDS AND THEIR FAMILIES, PUBLIC HOUSING RESIDENTS AND ANY OTHER CATEGORIES THE JURISDICTION MAY SPECIFY, AND DESCRIBE THEIR SUPPORTIVE HOUSING NEEDS

Elderly & Frail Elderly
The elderly, and particularly the frail elderly, require supportive housing, including units that are barrier-free and accessible to the disabled, units with on-site supportive services, and units that are affordable to persons on a fixed-income. The elderly population with housing needs continue to be an area of focus in Clearwater. CDBG funds may be used to provide assistance with maintenance so that the elderly can remain in their homes for as long as possible. Those with fixed incomes, such as the elderly and disabled, are particularly impacted by the rising costs of fuel, utilities, and food. There are not enough resources or funds to provide for this population; however, several organizations in Pinellas County, such as Meals on Wheels and Pinellas Opportunity Council’s CHORE Services, offer assistance.

Persons with Disabilities (Mental, Physical, Developmental)
Disabled persons require barrier-free housing that is also affordable. Accessibility retrofits tend to be expensive and homes with such features tend to be higher in value. In contrast, income levels for the disabled (mentally, physically or developmentally) tend to be lower than median area income, resulting in affordability concerns. While new multi-family units are required to have accessibility for such populations, older units tend to be lacking such features. Moreover, persons with mental or developmental disabilities often require supportive housing that includes on-site services. Several
organizations exist within Pinellas County to serve this population, including Lighthouse of Pinellas, PARC, Abilities, Inc., and The Arc of Tampa Bay, among others.

**Persons with Alcohol or Drug Addictions**

Persons with addictions may require temporary housing and treatment. This type of housing can include beds for extended stay and counseling rooms for on-site services. In Florida, services for persons with alcohol or drug addictions are coordinated by the Substance Abuse and Mental Health (SAMH) program in the Florida Department of Children and Families (DCF). Additionally, there are several organizations within Pinellas County that provide substance abuse services. These include Operation PAR, Directions for Living, and Suncoast Center for Community Mental Health.

**Persons with HIV/AIDS**

Persons living with HIV/AIDS face particular challenges with regard to supportive housing. Many are experiencing physical disability, loss of employment, and lack of income resulting in a need for more stable housing. Clearwater does not receive an annual allocation of Housing Opportunities for People with AIDS (HOPWA); however, several organizations exist within Pinellas County to serve this population, including the Florida Department of Health in Pinellas County, Metro Inclusive Health, Pinellas Cares Clinic, Metropolitan Charities, and Empath Partners in Care (EPIC), among others.

**Other Groups**

Persons leaving a violent domestic situation are often homeless at first. The availability of emergency and transitional housing is critical to prevent their return to such a situation. Most of the needs for this group are related to shelter and counseling. Runaway youth require similar housing and counseling services. In Pinellas County, such services are provided by the RCS “The Haven” and Family Resources, Inc. “SafePlace2B” programs.

**DESCRIBE PROGRAMS FOR ENSURING THAT PERSONS RETURNING FROM MENTAL AND PHYSICAL HEALTH INSTITUTIONS RECEIVE APPROPRIATE SUPPORTIVE HOUSING**

Households with mental or physical health issues face barriers to safe, decent and affordable housing. Often, persons with mental or physical issues are discharged from institutions but are then unable to find independent housing that they can afford or reasonably maintain. A number of homeless people have been discharged from institutions with no other housing options.
The City of Clearwater will work with the Pinellas County Homeless Leadership Alliance and other homeless service providers to implement a cohesive, community-wide discharge coordination policy that can be successfully implemented to ensure that persons being discharged from publicly funded agencies and institutions do not become homeless upon release. Programs currently meeting such need include RCS, HEP, Salvation Army, Boley Centers, Pinellas Safe Harbor, and Operation PAR.

**SPECIFY THE ACTIVITIES THAT THE JURISDICTION PLANS TO UNDERTAKE DURING THE NEXT YEAR TO ADDRESS THE HOUSING AND SUPPORTIVE SERVICES NEEDS IDENTIFIED IN ACCORDANCE WITH 91.215(E) WITH RESPECT TO PERSONS WHO ARE NOT HOMELESS BUT HAVE OTHER SPECIAL NEEDS. LINK TO ONE-YEAR GOALS. 91.315(E)**

Clearwater seeks to assist low-income households with their housing and community development needs, and these programs may also be supportive to persons with special needs. These programs include:

- Religious Community Services (RCS), Safe House Rehabilitation
- Pinellas Opportunity Council, Chore Services Program
- The Arc of Tampa Bay, Facility Improvements
- Miracles Outreach, Salary Support
- CDBG Program, Home Rehabilitation Program
- CDBG Revolving Loan Program/Housing Pool
- HOME Program, Rehabilitation/Purchase (reconstruction, homebuyer subsidy, and rehabilitation)
- Community Housing Development Organization (CHDO) Set-aside

**FOR ENTITLEMENT/CONSORTIA GRANTEES: SPECIFY THE ACTIVITIES THAT THE JURISDICTION PLANS TO UNDERTAKE DURING THE NEXT YEAR TO ADDRESS THE HOUSING AND SUPPORTIVE SERVICES NEEDS IDENTIFIED IN ACCORDANCE WITH 91.215(E) WITH RESPECT TO PERSONS WHO ARE NOT HOMELESS BUT HAVE OTHER SPECIAL NEEDS. LINK TO ONE-YEAR GOALS. (91.220(2))**

See response, above (previous question and response).
MA-40 Barriers to Affordable Housing

DESCRIBE ANY NEGATIVE EFFECTS OF PUBLIC POLICIES ON AFFORDABLE HOUSING AND RESIDENTIAL INVESTMENT

This section requires the jurisdiction to explain whether the cost of housing or the incentives to develop, maintain, or improve affordable housing are affected by public policies, particularly those of the local jurisdiction. Such policies include land use controls, zoning ordinances, building codes, and policies that affect the return on residential investment.

The City of Clearwater has several programs that it utilizes to remove or ameliorate the negative effects of public policies that are barriers to affordable housing. These programs are documented in the City’s 2018 Local Housing Assistance Plan (LHAP) and the related City of Clearwater 2017 Local Housing Incentives Strategies (LHIS) report.

Barriers to affordable housing, as identified in the City’s LHAP and LHIS documents, include the following:

- Lack of land available to develop affordable housing projects
- Lack of housing for low-income persons
- Complex homebuyer financing
- Lack of information about the permitting process for affordable housing projects
- Public perception of affordable housing developments
- Limited information on City’s affordable housing incentives and programs
- Maintaining the condition of the City’s aging housing stock
- Third-party barriers (e.g. insurance, construction costs/materials, etc.)

In general, Clearwater will continue to work with non-profit housing developers and providers to increase the amount of affordable housing. The City will do this primarily through the Economic Development and Housing Department, its Affordable Housing Advisory Committee (AHAC) and Neighborhood and Affordable Housing Advisory Board (NAHAB), and through regular preparation of its LHAP and LHIS reports for the State Housing Initiatives Partnership (SHIP) program.
MA-45 Non-Housing Community Development Assets

INTRODUCTION
The Consolidated Plan provides a concise summary of the City’s priority non-housing community development needs that are eligible for assistance. The following section describes the economic development needs of Clearwater.

This section also provides data regarding the local economic condition of the jurisdiction and compares the ability of the local work force to satisfy the needs of local businesses. Much of this data can be used to describe the level of housing demand in the local market.

This section discusses the following topics:

- Business by Sector
- Labor Force
- Occupations by Sector
- Travel Time to Work
- Educational Attainment
- Median Earnings in the Past 12 Months
- Additional Narrative

*Data Source: 2013-2017 ACS (Workers), 2017 Longitudinal Employer-Household Dynamics (Jobs)*

Information provided in **Table 41** identifies workers and jobs within Clearwater by sector. This information is divided into 13 sectors by number of workers, number of jobs and then calculations of the ratio of workers to jobs by business sector. According to the 2013-2017 ACS, there are 51,435 workers within all business sectors identified in Clearwater. The number of jobs within all sectors is estimated to be 65,169 according to the 2017 Longitudinal Employer-Household Dynamics data published by the U.S. Census Bureau.

The largest share of workers is within the Education and Health Care Services sector (21%). Workers in the Retail Trade sector and Professional, Scientific, and Management Services sector each comprise 28%. Workers in the Agriculture, Mining, Oil and Gas Extraction sector and Information sector comprise the smallest percentage or workers (less than 1%).

In regard to the share of jobs, the largest share of jobs is within the Education and Health Care Services sector (22%). Jobs in the Arts, Entertainment, and Accommodations sector (20%) and Professional, Scientific, Management Services sector (15%) sectors are also well-represented. The Agriculture, Mining,
Oil and Gas Extraction sector and Information sector account for the smallest percentages of jobs (less than 1%).

By comparing the share of workers to share of jobs, it can be determined within which sectors there are deficiencies to be addressed. The calculation of “jobs less workers” is the percentage of jobs less the percentage of workers. A negative number reflects an oversupply of labor for the sector. As Table 41 shows, within Clearwater there are fewer jobs than workers within six (6) business sectors: Construction; Finance, Insurance, and Real Estate; Information; Manufacturing; Other Services; and Transportation and Warehousing. This means that workers in these business sectors may have more difficulty finding a job that matches their skillset. In contrast, there may be more jobs than workers in five (5) business sectors: Arts, Entertainment, and Accommodations; Education and Health Care Services; Professional, Scientific, Management Services; Public Administration; and Retail Trade. This means that workers from outside Clearwater may be meeting the needs of the local job market for these sectors. Agriculture, Mining, Oil and Gas Extraction and Wholesale Trade have balanced shares of workers and jobs.

Table 42 – Labor Force

Table 42 portrays the labor force within Clearwater. According to the 2014-2018 ACS the total population within the City in the civilian labor force is 56,053. This number includes the number of civilian workers plus those actively seeking employment and does not include those who are not actively seeking employment.

The number of the civilian population 16 years and over who are employed totals 52,313. According to 2014-2018 ACS estimates, the City’s unemployment rate is 6.7% (3,740). The unemployment rate for
ages 16-24 is much higher than for the City as a whole. The unemployment rate for those between the ages of 16-24 is approximately 8.6% while for ages 25-65 the unemployment rate is approximately 6.7%.

Table 43 – Occupations by Sector

Table 43 displays occupations by Sector within Clearwater according to the 2014-2018 ACS. Sales and office occupations account for the largest number of occupations with 13,503 people. The Service sector (10,879 people) and management, business, and financial sector (7,369 people) are also well-represented. The least represented sector in Clearwater is farming, fisheries, and forestry (85 people). Of these occupations, median earnings are highest in the Management, Business, and Financial occupations ($53,163), whereas median earnings are lowest in the Service occupations ($20,237).

Table 44 – Travel Time

As shown in Table 44, the majority of Clearwater residents commute less than 30 minutes to work (68%). A notable percentage travel 30-59 minutes (26%) with a small percentage commuting more than one hour (6%). Seventy-three percent (73%) of Clearwater workers drive to work alone and 9% carpool.
According to 2014-2018 ACS estimates, for those who commute to work the average travel time is 24.0 minutes one-way.

Table 47 – Median Earnings in the Past 12 Months

Table 47 identifies income over a 12-month period as it relates to educational attainment in Clearwater. The data shown is based on 2014-2018 ACS estimates. Greater educational attainment strongly correlates with increased income over a 12-month period. In Clearwater, persons having a graduate or professional degree have an estimated median income of $54,141 and persons having a Bachelor’s degree have a median income of $46,657. In contrast, persons with some college or an Associate’s
degree have a median income of $33,083. Similarly, those with a high school diploma or equivalency have a median income of $27,003 and those without a high school diploma or equivalency have a median income of $21,357.

**BASED ON THE BUSINESS ACTIVITY TABLE ABOVE, WHAT ARE THE MAJOR EMPLOYMENT SECTORS WITHIN YOUR JURISDICTION?**

The major employment sectors in Clearwater are Education and Health Care Services; Arts, Entertainment, Accommodations; Professional, Scientific, and Management; and Retail Trade. Combined, these employment sectors represent approximately 73% of all available jobs in Clearwater.

**DESCRIBE THE WORKFORCE AND INFRASTRUCTURE NEEDS OF THE BUSINESS COMMUNITY**

The data show that there may be more jobs than workers in five (5) business sectors: Arts, Entertainment, and Accommodations; Education and Health Care Services; Professional, Scientific, Management Services; Public Administration; and Retail Trade. This means that workers from outside Clearwater may be meeting the needs of the local job market for these sectors.

Since a large percentage of Clearwater’s population lacks a college education, there may be a demand for adult basic education, workforce training and other education opportunities to better match the needs of employers with employees skilled in areas such as retail and wholesale trade, education, healthcare, finance, and the hospitality industry. Education and finance jobs, in particular, typically require a bachelor’s degree or higher, whereas jobs in the retail and wholesale trade, hospitality, and healthcare sectors typically require a high school diploma or equivalency, some college, or an Associate’s degree. With that, there are several private and public educational institutions, as well as workforce training initiatives, available in Pinellas County to address this need.

**DESCRIBE ANY MAJOR CHANGES THAT MAY HAVE AN ECONOMIC IMPACT, SUCH AS PLANNED LOCAL OR REGIONAL PUBLIC OR PRIVATE SECTOR INVESTMENTS OR INITIATIVES THAT HAVE AFFECTED OR MAY AFFECT JOB AND BUSINESS GROWTH OPPORTUNITIES DURING THE PLANNING PERIOD. DESCRIBE ANY NEEDS FOR WORKFORCE DEVELOPMENT, BUSINESS SUPPORT OR INFRASTRUCTURE THESE CHANGES MAY CREATE**

Located in urban Pinellas County, Clearwater competes for business development with other established communities. Thus, the City must position itself to facilitate economic development. Neighborhood revitalization, technical support, and redevelopment projects are priorities for the City. Clearwater will
continue to support economic development through the implementation of the City’s Community Redevelopment Agency (CRA) and Neighborhood Revitalization Strategy Areas (NRSAs). The CRA finances improvements to the downtown and considers incentives for projects that provide catalytic change. The City regularly publishes an available property list (titled, “Great Opportunities Abound in Downtown Clearwater”) and other marketing pieces to promote reinvestment. Through its Economic Development Strategic Plan, the City aims to facilitate projects and sites that expand the commercial base, attract and retain young professionals, and promote economic opportunity.

In early 2020, the City was faced with the unforeseen challenge of the coronavirus (COVID-19) pandemic. The coronavirus pandemic has focused the City’s approach to economic development to address more specific and urgent economic needs in the community. In response, the City has reprogrammed CDBG and HOME funding for foreclosure prevention and housing assistance and has programmed additional CARES Act CDBG Coronavirus Response (“CV”) funding toward assisting small businesses that were directly impacted by forced closures. Over the next five-year period, the City will continue to seek ways to assist the small business community with financial recovery while also supporting strategic redevelopment projects as feasible.

**HOW DO THE SKILLS AND EDUCATION OF THE CURRENT WORKFORCE CORRESPOND TO EMPLOYMENT OPPORTUNITIES IN THE JURISDICTION?**

Of the unemployed labor force in Clearwater, only 17% have a bachelor’s degree or higher. Of the total population age 18 and older, only 27% have a bachelor’s degree or higher.

Within six (6) business sectors there is a potential oversupply of labor where there are more workers than jobs: Construction; Finance, Insurance, and Real Estate; Information; Manufacturing; Other Services; and Transportation and Warehousing. This means that workers in these business sectors may have more difficulty finding a job that matches their skillset.

Within Clearwater there are fewer workers than jobs within five (5) business sectors: Arts, Entertainment, and Accommodations; Education and Health Care Services; Professional, Scientific, Management Services; Public Administration; and Retail Trade. This means that workers from outside of Clearwater may be meeting the employment needs of these business sectors because there are not enough skilled workers in the jurisdiction for these sectors.
DESCRIBE ANY CURRENT WORKFORCE TRAINING INITIATIVES, INCLUDING THOSE SUPPORTED BY WORKFORCE INVESTMENT BOARDS, COMMUNITY COLLEGES AND OTHER ORGANIZATIONS. DESCRIBE HOW THESE EFFORTS WILL SUPPORT THE JURISDICTION’S CONSOLIDATED PLAN

The City continues to coordinate with Pinellas County on economic development activities to better market to, attract, and retain businesses and develop the City’s resident workforce. The following workforce training initiatives are available to residents of Clearwater:

- Clearwater Housing Authority
- Tampa Bay Partnership (Regional)
- Enterprise Florida (State)
- Local and Community Colleges (i.e., Small Business Development Center)
- CareerSource Pinellas Workforce Development Board (i.e., WorkNet)

These initiatives support the development of a skilled workforce to meet the employment demands of the market.

DOES YOUR JURISDICTION PARTICIPATE IN A COMPREHENSIVE ECONOMIC DEVELOPMENT STRATEGY (CEDS)?

Yes, through the Tampa Bay Regional Planning Council’s 2017-2021 Tampa Bay Comprehensive Economic Development Strategy (CEDS) planning document that includes Pinellas County and its jurisdictions. Additionally, the City of Clearwater maintains its own Economic Development Strategic Plan approved by the City Council.

IF SO, WHAT ECONOMIC DEVELOPMENT INITIATIVES ARE YOU UNDERTAKING THAT MAY BE COORDINATED WITH THE CONSOLIDATED PLAN? IF NOT, DESCRIBE OTHER LOCAL/REGIONAL PLANS OR INITIATIVES THAT IMPACT ECONOMIC GROWTH

Located in urban Pinellas County, Clearwater’s opportunities for growth and reinvestment occur in the form of redevelopment. Several redevelopment efforts are either in progress or have been completed, particularly through the Community Redevelopment Agency (CRA) and other initiatives, including the City’s Technology, Medical, and Employment Center overlay districts. The following are priority activities to attract more business and create more jobs in Clearwater:

- Community Redevelopment Agency (Downtown)
- Overlay districts (Technology, Medical, and Employment Center)
DISCUSSION

According to the 2014-2018 ACS, the Clearwater labor force is comprised of approximately 56,053 people, of which approximately 93.3% are employed and 6.7% are unemployed. The largest labor (i.e., workers) sectors in Clearwater are education and healthcare services; professional, scientific, and management; and retail trade.

Like in most cities, higher median earnings generally correlate with higher education. The highest median earnings in Clearwater are in occupations such as management, business, and financial, while the lowest median earnings are in service occupations.

Approximately 29% of Clearwater’s adult population has a high school diploma or equivalent, whereas 27% of the City’s population has a Bachelor’s, graduate or professional degree. While there may be a need for workforce training, there are also several workforce training initiatives in Pinellas County to meet this need.

Approximately 68% of Clearwater’s population drives less than 30 minutes to get to work, and approximately 94% of Clearwater’s population drives less than one hour to get to work. This means that most employees live locally or within the Tampa Bay region.

The City has several initiatives in place to promote economic opportunity, including the CRA and related overlay districts, as well as an Economic Development Strategic Plan approved by the City Council. The City continues to target the downtown and surrounding neighborhoods as designated NRSAs for both commercial and residential reinvestment.
MA-50 Needs and Market Analysis Discussion

ARE THERE AREAS WHERE HOUSEHOLDS WITH MULTIPLE HOUSING PROBLEMS ARE CONCENTRATED? (INCLUDE A DEFINITION OF "CONCENTRATION")

In the past five years, the City focused the majority of its CDBG-funded activities in eligible block groups (i.e., areas of low- and moderate-income concentration). Generally, these same areas are also disproportionately affected by housing problems, such as overcrowding, substandard conditions, or significant cost burden.

Given that less than half of the City’s housing stock was built after 1980, housing problems are limited to units built prior to 1980 that are now 40 years old. According to the 2014-2018 ACS, an estimated 40% (18,611) of the City’s occupied housing units have one housing problem. In contrast, only 2% (778) of occupied housing units have multiple (i.e., two or more) housing problems. The majority (58% or 27,278) of occupied housing units have no housing problems.

Table 48 shows Census Tracts with concentrations of multiple housing problems (i.e., two or more problems), many of which align with CDBG-eligible areas in the City. For this analysis, “concentration” is defined where the percentage of occupied housing units with multiple housing problems is higher than that of the City as a whole. Concentrations of multiple housing problems generally correspond to low- and moderate-income block groups, particularly in the areas of Lake Bellevue, North Greenwood, Downtown Clearwater, Clearwater Country Club (i.e., north of Drew Street), and Cliff Stephens/Kapok Park (i.e., south of Alligator Creek). In comparison, occupied units with at least one housing problem are distributed throughout the City and within every Census Tract, with the tract-level percentage of affected units ranging from 22% to 59%.

**Data Source:** 2014-2018 ACS; HUD FY 2020 Low- and Moderate-Income Summary Data (LMISD) based on 2011-2015 ACS

### ARE THERE ANY AREAS IN THE JURISDICTION WHERE RACIAL OR ETHNIC MINORITIES OR LOW-INCOME FAMILIES ARE CONCENTRATED? (INCLUDE A DEFINITION OF "CONCENTRATION")

The lowest income areas of Clearwater are most affected by housing problems and in need of community investment. Unfortunately, these areas are widespread. Forty (40) of the City’s 110 Block Groups have a low- and moderate-income population of 51% or greater. These block groups are distributed throughout the City.
An area of concentration is defined herein as an area where a certain group (racial, ethnic, or income) comprises a percentage of the population that is 10 percentage points higher than the jurisdiction as a whole. Several Census Tracts meet this definition for race. Census Tracts 258.00, 261.01, 262.00, and 263.00 have Black/African American population greater than 21% according to the 2014-2018 ACS. In contrast, City of Clearwater as a whole has a Black/African American population of 11%. These Census Tracts correspond to the Lake Bellevue and North Greenwood neighborhoods, as well as the area surrounding the Clearwater Country Club generally north of Drew Street.

If all minority races are considered, the City of Clearwater as a whole has a racial minority population of 21%. Census Tracts 258.00, 262.00, and 263.00 have a minority population greater than 31%. These Census Tracts correspond to the Lake Bellevue and North Greenwood neighborhoods, as well as the area surrounding the Clearwater Country Club generally north of Drew Street.

Additionally, several Census Tracts meet this definition for ethnicity. Census Tracts 264.00, 267.03, 268.18, and 268.19 are greater than 28% Hispanic according to 2014-2018 ACS. In contrast, the City of Clearwater as a whole is 18% Hispanic. Census Tract 264.00 corresponds to the Downtown Gateway District (formerly known as East Gateway District), whereas the other three Census Tracts are located north of SR 60/Gulf-to-Bay Boulevard between Hercules Avenue and McMullen Booth Road.

Although these concentrations exist, the data provided in the Market Analysis show that all residents of low- and moderate-income, regardless of race or ethnicity, may have significant housing needs.

**WHAT ARE THE CHARACTERISTICS OF THE MARKET IN THESE AREAS/NEIGHBORHOODS?**

All of the City’s NRSAs are characterized by older housing stock, a lack of owner equity, sporadic “strip” commercial development that is not compliant with City codes for zoning conformity or accessibility, and property values that are generally depressed in comparison to the balance of the City. For all NRSAs, a large percentage of the population is considered low- to moderate-income and a significant percentage of the population is living below poverty level.

The Lake Bellevue NRSA and North Greenwood NRSA are predominately residential. The Downtown Gateway District NRSA is a mix of residential and commercial. While most of the residential development is single-family, there are many multi-family structures and the majority of housing units
are renter-occupied. The Downtown Gateway District NRSA also has a higher rate of vacancy and a higher rate of poverty than other areas of the City. Property values are also low in comparison.

**ARE THERE ANY COMMUNITY ASSETS IN THESE AREAS/NEIGHBORHOODS?**

Each of the NRSAs, with the exception of the Downtown Gateway District, has a central recreation and aquatic complex that serves as a community asset for recreation, meetings/activities, and after school programming. Like in many neighborhoods, the residents themselves are a strong asset for economic development. Organization at the neighborhood-level combined with other means, including CDBG assistance, is the primary asset for positive change in Clearwater’s low- and moderate-income neighborhoods.

**ARE THERE OTHER STRATEGIC OPPORTUNITIES IN ANY OF THESE AREAS?**

Strategic financial support of community development projects such as public parks and civic spaces, utilities and infrastructure, sidewalk and street improvements, blight elimination, and regular code enforcement will benefit these areas the most. Additionally, underutilized or vacant properties may be pursued for redevelopment through the City’s CRA and overlay district initiatives. For example, a 2014 Urban Land Institute (ULI) Report estimated that the downtown, if redeveloped, could support 400-600 new rental units or 150-250 rehabilitated or new construction for-sale housing units, which would improve the availability of housing proximate to these areas. This is particularly relevant for the Downtown Gateway District, where redevelopment opportunity is greatest.
MA-60 Broadband Needs of Housing occupied by Low- and Moderate-Income Households

DESCRIPT THE NEED FOR BROADBAND WIRING AND CONNECTIONS FOR HOUSEHOLDS, INCLUDING LOW- AND MODERATE-INCOME HOUSEHOLDS AND NEIGHBORHOODS

According to the National Broadband Availability Map (NBAM) created by the National Telecommunication and Information Administration (NTIA) of the Department of Commerce, as well as the NTIA’s BroadbandUSA initiative, broadband internet access is critical in supporting economic opportunity among low- and moderate-income households. Access to the internet supports a household’s connection to employment, education, and healthcare, as well as government services and social networks. For example, in today’s society, simply applying for a job, completing a homework assignment, or even making a doctor appointment is dependent on internet access. Therefore, all low- and moderate-income neighborhoods need access to broadband wiring and connections in order for residents to participate equitably in society.

Although most neighborhoods in the City of Clearwater already have broadband wiring and connections in-place, according to the NTIA, the primary reasons why lower income households do not utilize broadband service are two-fold: (1) there is no working computer in the household and/or (2) internet service subscriptions are unaffordable. Because sufficient service provider coverage already exists in the City of Clearwater (see below), the main barriers to digital inclusion and thus equitable participation in society include limited access to working computers and the high cost of internet service subscriptions.

DESCRIPT THE NEED FOR INCREASED COMPETITION BY HAVING MORE THAN ONE BROADBAND INTERNET SERVICE PROVIDER SERVE THE JURISDICTION

According to the Federal Communications Commission (FCC) Fixed Broadband Deployment Map (https://broadbandmap.fcc.gov), the City of Clearwater is already well-served by broadband providers. The broadband technology available in the City includes ADSL, cable, fiber, fixed wireless, satellite, and other mediums. As defined by the FCC, broadband capability requires consumers to have access to actual download speeds of at least 25 Mbps and actual upload speeds of at least 3 Mbps (i.e., 25/3 Mbps).

Nearly the entire city (99.99% of the population) is served by three or more fixed residential broadband providers at speeds of up to 25/3 Mbps (downstream/upstream, June 2019). This is slightly higher than
the statewide percentage of 96.30%. For speeds greater than 25/3 Mbps (e.g. 100/10 or 250/25), service is less available and more area dependent. For example, while most of the City’s core is served by three or more providers that offer speeds of 100/10 Mbps, many areas at the City’s periphery to the west and southeast are served by only one or two providers that offer speeds of 100/10 Mbps. These areas include downtown Clearwater, North Greenwood, and Lake Bellevue, as well as neighborhoods south of Gulf-to-Bay Boulevard. However, for typical speeds, the City already has sufficient competition between broadband service providers. For CDBG-eligible areas, most low- and moderate-income neighborhoods are already served by three or more providers at speeds of up to 25/3 Mbps. The broadband service providers in these areas include Frontier Communications Corporation (ADSL, Fiber), WideOpenWest Finance, LLC (Cable, Fiber), Charter Communications (Cable), ViaSat, Inc. (Satellite), VSAT Systems, LLC (Satellite), and Hughes Network Systems, LLC (Satellite). [Source: Broadband availability in Federal Communications Commission (FCC) Form 477]
MA-65 Hazard Mitigation

DESCRIBE THE JURISDICTION’S INCREASED NATURAL HAZARD RISKS ASSOCIATED WITH CLIMATE CHANGE

Tampa Bay Regional Planning Council (TBRPC)’s 2017-2021 Tampa Bay Comprehensive Economic Development Strategy (CEDS) planning document (including Pinellas County and its jurisdictions), identifies resiliency as one of its primary goals. The Tampa Bay region, with its coastal development and tourism industries, has significant exposure to natural disasters/environmental risks due to its geographic location directly on the Gulf of Mexico and Tampa Bay. These risks include flooding of public infrastructure and private property, including impacts to drinking water and wastewater systems. Situated directly on the Gulf of Mexico, Clearwater Harbor/Intracoastal Waterway, and Old Tampa Bay, the City of Clearwater is likely to experience many of these risks first-hand.

Based upon the National Oceanic and Atmospheric Administration (NOAA) “High” sea level rise projection from the “Recommended Projection of Sea Level Rise in the Tampa Bay Region” (2019) developed by the Tampa Bay Climate Science Advisory Panel (CSAP), the TBRPC developed maps depicting a 2.95-foot rise in sea level by 2060. This report noted that many coastal areas in Pinellas County, Manatee County, and Hillsborough counties will be inundated, but inundation will not threaten inland areas.

Based on the 2.95-foot rise in sea level by 2060, the TBRPC projects that the composite effects of sea-level rise in Pinellas County by 2060 may result in a reduction of 33,000 jobs, 58,000 population, 31,000 labor force participants, $5 billion in gross regional product, and $5 billion in personal income. Cumulatively, between the years 2020 and 2060 (40 years), reductions may be as high as $89 billion in gross regional product and $81 billion in personal income within Pinellas County alone. As one of the more populous coastal cities in Pinellas County, the City of Clearwater is also at-risk for these economic effects of sea-level rise.

DESCRIBE THE VULNERABILITY TO THESE RISKS OF HOUSING OCCUPIED BY LOW- AND MODERATE-INCOME HOUSEHOLDS BASED ON AN ANALYSIS OF DATA, FINDINGS, AND METHODS

Comparing the locations of CDBG-eligible low- and moderate-income block groups within the City of Clearwater to potential inundation from 3-foot sea level rise as mapped by NOAA’s Office for Coastal
Management (http://coast.noaa.gov/slr), the most vulnerable households live coastally near Clearwater Beach and downtown, along the floodplain of Stevenson Creek in the North Greenwood neighborhood, or coastally between US 19 or McMullen Booth Road and Old Tampa Bay. Fortunately, the majority of the City’s low- and moderate-income block groups are located inland and may be unaffected by sea level rise.

According to the TBRPC, the risks resulting from coastal inundation may include transportation disruptions during storm events, increased costs of homeowner insurance, physical damage to critical infrastructure (including drinking water and wastewater systems), exacerbated nuisance flooding, and increased threats from polluted stormwater run-off into Tampa Bay and the Gulf of Mexico. As land becomes increasingly inundated and unusable, the loss of jobs and increasing housing costs (including property taxes, insurance, and maintenance) will make living in these areas increasingly unaffordable to many, putting some households at-risk of homelessness if they cannot afford to relocate.
STRATEGIC PLAN

SP-05 Overview

STRATEGIC PLAN OVERVIEW

The Consolidated Plan process requires the City to identify priority needs and a Strategic Plan to meet those needs over the program years. For every priority, there are goals and objectives established to measure progress, as well as strategies to address them.

The Strategic Plan consists of the following subsections:

- Overview
- Geographic Priorities
- Priority Needs
- Influence of Market Conditions
- Anticipated Resources
- Institutional Delivery Structure
- Goals Summary
- Public Housing Accessibility and Involvement
- Barriers to Affordable Housing
- Homelessness Strategy
- Lead-Based Paint Hazards
- Anti-Poverty Strategy
- Monitoring

The City of Clearwater Strategic Plan is structured around seven (7) goals in administering the City’s housing and community development programs. Each goal is accompanied by corresponding objectives toward meeting that goal. These goals and objectives are as follows:
**GOAL: PROGRAM ADMINISTRATION**

Administer the City of Clearwater’s federally funded grant programs to implement the goals of the five-year Consolidated Plan.

**GOAL: HOUSING**

Provide availability of, and accessibility to, decent affordable housing for the residents of the City of Clearwater.

Objective 1: Preserve the existing housing stock.

Objective 2: Increase the availability of affordable housing units.

Objective 3: Assist qualified low- and moderate-income households to become homeowners through supporting agencies that provide housing counseling.

Objective 4: Provide mortgage assistance for low- and moderate-income homebuyers.

Objective 5: Provide rental and utility assistance for low- and moderate-income persons.

**GOAL: HOMELESSNESS**

Help to prevent and reduce homelessness within the City of Clearwater.

Objective 1: Support programs that offer shelter facilities and beds for the homeless.

Objective 2: Assist agencies that engage in homeless prevention and service programs.

**GOAL: NON-HOMELESS SPECIAL NEEDS**

Expand the accessibility and coordination of social services to City of Clearwater special needs populations.

Objective 1: Support construction, expansion, and improvement of facilities that assist the elderly, frail/elderly, disabled, veterans, and other populations with special needs.

Objective 2: Support programs to assist the elderly, frail/elderly, disabled, veterans, and other populations with special needs.
**GOAL: COMMUNITY DEVELOPMENT AND PUBLIC SERVICES**

ENHANCE THE LIVING ENVIRONMENT FOR PERSONS IN LOW- AND MODERATE-INCOME AREAS THROUGH COMMUNITY DEVELOPMENT ACTIVITIES, PUBLIC SERVICE PROGRAMS, AND ELIMINATION OF BLIGHT.

Objective 1: Support the construction, expansion, and improvement of public facilities in low- and moderate-income areas.

Objective 2: Encourage and support programs that promote neighborhood safety and security, youth accountability and mentoring, and community outreach to underserved populations in low- and moderate-income areas.

Objective 3: Support agencies that offer meal and/or food bank services for persons and families of low- and moderate-income.

Objective 4: Support the construction, expansion, and improvement of public parks, infrastructure, and utilities in low- and moderate-income areas.

Objective 5: Eliminate blighted conditions through code enforcement and demolition in low- and moderate-income areas.

**GOAL: ECONOMIC DEVELOPMENT**

SUPPORT PROGRAMS THAT CREATE ECONOMIC OPPORTUNITIES IN THE CITY OF CLEARWATER, PARTICULARLY FOR PERSONS OF LOW- AND MODERATE-INCOME AND IN NEIGHBORHOOD REVITALIZATION STRATEGY AREAS.

Objective 1: Support building façade programs in Neighborhood Revitalization Strategy Areas and low- and moderate-income areas.

Objective 2: Support non-profit organizations in developing facilities that support the local economy.

Objective 3: Support programs that create economic opportunity for low- to moderate-income persons, such as job training and entrepreneurship, small-business start-ups and incubators, and other economic development activities.
GOAL: EMERGENCY / DISASTER RESPONSE

PROVIDE ASSISTANCE PRIOR TO, DURING AND AFTER A COMMUNITY EMERGENCY AND/OR DISASTER EVENT TO PREPARE FOR AND/OR MITIGATE LOSS, PROTECT DURING AN EVENT, AND AID WITH RECOVERY.

Objective 1: Provide assistance for activities that meet a particular urgent need or to prepare for, respond to, and recover from an event triggering a local, state, or national emergency declaration.
SP-10 Geographic Priorities

GENERAL ALLOCATION PRIORITIES

*Describe the basis for allocating investments geographically within the City.*

Four (4) areas have been designated as either Local Target Areas or Strategy Areas within the City of Clearwater (see Map 2 and Table 49). These are Citywide Low- and Moderate-Income Areas, Lake Bellevue Neighborhood Revitalization Strategy Area, Downtown Gateway District Neighborhood Revitalization Strategy Area (formerly known as East Gateway District), and North Greenwood Neighborhood Revitalization Strategy Area. These neighborhoods were previously identified in the 2016-2019 Consolidated Plan. The designation of Local Target Areas and Strategy Areas increases the potential for coordinated planning and investment. The areas continued for the 2020-2024 Consolidated Plan were confirmed through the citizen participation process, which consisted of service provider and community meetings, as well as meetings with staff of the City’s Economic Development and Housing Department. Each of these areas meets the eligibility requirements for low- and moderate-income benefit. While Local Target Areas and Strategy Areas allow the City to plan and invest in a coordinated manner, they do not limit the City from expending funds in other areas of Clearwater that also meet the eligibility requirements for low- and moderate income benefit.
MAP 2 – Neighborhood Revitalization Strategy Areas Map
### TABLE 49: GEOGRAPHIC AREA

**1. Area Name: Citywide Low- and Moderate-Income Areas**

<table>
<thead>
<tr>
<th>Area Type:</th>
<th>Local Target Area</th>
</tr>
</thead>
<tbody>
<tr>
<td>Type of Revitalization Effort:</td>
<td>Comprehensive</td>
</tr>
</tbody>
</table>

**Identify the neighborhood boundaries for this target area.**
The Citywide Low- and Moderate-Income Areas Local Target Area is bounded by the City of Clearwater incorporated limits and is further limited to CDBG eligible areas (i.e., Block Groups where 51% or more of the population is low- and moderate-income).

**Include specific housing and commercial characteristics of this target area.**
See “Needs Assessment” and “Market Analysis”.

**How did your consultation and citizen participation process help you to identify this neighborhood as a target area?**
See “The Process.”

**Identify the needs in this target area.**
This area includes all eligible low- and moderate-income areas of the City of Clearwater and any housing and/or community development needs identified therein.

**What are the opportunities for improvement in this target area?**
See “Strategic Plan”.

**Are there barriers to improvement in this target area?**
See “Strategic Plan”.

**2. Area Name: Lake Bellevue Neighborhood Revitalization Strategy Area**

<table>
<thead>
<tr>
<th>Area Type:</th>
<th>Strategy Area</th>
</tr>
</thead>
<tbody>
<tr>
<td>HUD Approval Date:</td>
<td>2000</td>
</tr>
</tbody>
</table>

**Identify the neighborhood boundaries for this target area.**
The Lake Bellevue Neighborhood Revitalization Strategy Area (NRSA) is bounded by South Missouri Avenue to the east, South Ft. Harrison Avenue to the west, Chestnut Street/Court Street to the north, and Belleair Road to the south. The Lake Bellevue NRSA corresponds to Census Tract 258.00, Block Groups 2, and 3, and Census Tract 259.00, Block Groups 1, 3, and 4.

**Include specific housing and commercial characteristics of this target area.**
All of the City’s NRSA’s are characterized by older housing stock, a lack of owner equity, sporadic “strip” commercial development that is not compliant with City codes for zoning conformity or accessibility, and property values that are generally depressed in comparison to the balance of the City. The Lake Bellevue NRSA, in particular, is predominately residential. A large percentage of the population is considered low- to moderate-income and a significant percentage of the population is living below poverty level. According to HUD FY2020 LMISD, the Lake Bellevue NRSA has a low- and moderate-income population of 75%.

**How did your consultation and citizen participation process help you to identify this neighborhood as a target area?**
This area was designated as a NRSA in the year 2000. Representatives of the Lake Bellevue neighborhood attended a Community Meeting held on February 4, 2020. During that meeting, attendees confirmed the Lake Bellevue NRSA’s need for continued housing and community development funding by identifying affordable housing; homeless facilities and services; assistance for the elderly and persons with disabilities; and public parks and infrastructure as their highest priorities. Additionally, 1% of the respondents to the Community Survey conducted from January 17, 2020 through March 27, 2020 reported that they were residents of the Lake Bellevue neighborhood; however, some respondents wrote “just south of Lake Bellevue and Ross Norton”. Approximately 12% of survey respondents own a business in the Lake Bellevue neighborhood.
Identify the needs in this target area.
The needs of the Lake Bellevue NRSA include (1) Housing activities such as housing rehabilitation, additional affordable housing units (single-family) and assisted rental units, and homeowner and rental assistance; (2) Homeless activities such as prevention, shelters, permanent supportive housing, continued coordination with the Continuum of Care, reentry facilities/services for persons leaving prison, substance abuse and behavioral counseling services; and services for the veteran population; (3) Non-homeless special needs activities such as pedestrian crosswalk enhancements for visibility/accessibility, utility assistance for persons on fixed/limited incomes (e.g. elderly or persons with disabilities), and a one-stop community resource center or directory to list available public services; and (4) Community development activities such as public safety improvements (e.g. pedestrian crosswalks), bus stop benches, park improvements at Belmont Park (e.g. park acquisition/master plan) and Ross Norton (e.g. lighting at night and shade during day), more greenspace in general, and a one-stop community resource center or directory to list available public services.

What are the opportunities for improvement in this target area?
The greatest opportunity for improvement in the Lake Bellevue NRSA is coordination with other City planning efforts, particularly in terms of public parks (e.g. Belmont Park) and infrastructure improvements. The City is moving forward with an acquisition/master plan for Belmont Park, which will add recreation amenities to the community. Additionally, a one-stop resource center or directory of available community services may help to connect residents with complimentary programs. This neighborhood’s focal point is the Ross Norton Recreation & Aquatic Complex/Extreme Sports Park, which serves as a community center. Because the Ross Norton Recreation Complex is well-used, there is limited space to add a one-stop resource center; therefore, this need would need to be met through a different or additional facility off-site.

Are there barriers to improvement in this target area?
Possible barriers to improvement in the Lake Bellevue NRSA are high land costs and rising home values, as well as concerns of neighborhood incompatibility with regard to new development. Moreover, few buildings are suitable or available to support the community service programs most requested by residents. Additionally, the perception of widespread homelessness in the neighborhood is a barrier to investment.

3. Area Name: Downtown Gateway District Neighborhood Revitalization Strategy Area

Area Type: Strategy Area

HUD Approval Date: 2009

Identify the neighborhood boundaries for this target area.
The Downtown Gateway District Neighborhood Revitalization Strategy Area (NRSA) is bounded by Highland Avenue to the east, Missouri Avenue to the west, Drew Street to the north, and Court Street to the south. The Downtown Gateway District NRSA corresponds to Census Tract 264.00, Block Groups 1 and 2.

Include specific housing and commercial characteristics of this target area.
All of the City’s NRSA’s are characterized by older housing stock, a lack of owner equity, sporadic “strip” commercial development that is not compliant with City codes for zoning conformity or accessibility, and property values that are generally depressed in comparison to the balance of the City. The Downtown Gateway District NRSA, in particular, is developed at approximately 80% residential and 20% nonresidential (Source: Florida Department of Revenue, 2018). Residential development is comprised of single-family, multi-family, and condominium structures and most units are renter-occupied. The Downtown Gateway District NRSA has a higher rate of vacancy and a higher rate of poverty than other areas of the City. Property values are also low in comparison. According to HUD FY 2020 LMISD, the Downtown Gateway District has a low- and moderate-income population of 82%.

How did your consultation and citizen participation process help you to identify this neighborhood as a target area?
This area was designated as a NRSA in the year 2009, in conjunction with the development of the Downtown Gateway District NRSA document. Previous findings of slum and blight were produced in 2002, with a redevelopment area designation in 2004, and an action program in 2008. Representatives of the Downtown Gateway District attended a Community Meeting held on February 4, 2020. During that meeting, attendees confirmed the Downtown Gateway District NRSA’s need for continued housing and community development funding by identifying affordable housing; homeless facilities and services; assistance for the elderly and persons with disabilities; and public parks and infrastructure as their highest priorities. Additionally, less than 1% of the respondents to the Community Survey conducted from January 17, 2020 through March 27, 2020 reported that they were residents of the Downtown Gateway District.
Identify the needs in this target area.
The needs of the Downtown Gateway District NRSA include (1) Housing activities such as housing rehabilitation, additional affordable housing units (single-family) and assisted rental units, and homebuyer and rental assistance; (2) Homeless activities such as prevention, shelters, permanent supportive housing, continued coordination with the Continuum of Care, reentry facilities/services for persons leaving prison, substance abuse and behavioral counseling services; and services for the veteran population; (3) Non-homeless special needs activities such as pedestrian crosswalk enhancements for visibility/accessibility, utility assistance for persons on fixed/limited incomes (e.g. elderly or persons with disabilities), and a one-stop community resource center or directory to list available public services; and (4) Community development activities such as public safety improvements (e.g. pedestrian crosswalks), bus stop benches, park improvements at Belmont Park (e.g. park acquisition/master plan) and Ross Norton (e.g. lighting at night and shade during day), more greenspace in general, and a one-stop community resource center or directory to list available public services.

What are the opportunities for improvement in this target area?
The greatest opportunity for improvement in the Downtown Gateway District neighborhood is the implementation of the East Gateway District Vision Plan, which was completed in 2012. This plan, in coordination with other City planning efforts, presents a detailed strategy from improving the Downtown Gateway District. Additionally, during the Consolidated Plan citizen participation process, residents identified pedestrian crosswalk enhancements and park improvements as priority needs. Specifically, improved public safety in the form of pedestrian access/connectivity could be addressed through the installation of mid-block crosswalks on Gulf-to-Bay Blvd. and other Downtown Gateway District roadways.

Are there barriers to improvement in this target area?
The greatest barriers to improvement in the Downtown Gateway District include the perception of crime and homelessness in the neighborhood, as well as neighborhood appearance (i.e., blight) and pedestrian safety. These barriers were identified in the 2012 East Gateway District Vision Plan and during the February 4, 2020, Community Meeting. Additional barriers to improvement, as identified in the 2009 NRSA document include engagement of elderly, low-income, non-English speaking, or undocumented residents, lack of funding for social services, obsolete land uses and nonconforming parcels, and a limited supply of developable properties.

4. Area Name: North Greenwood Neighborhood Revitalization Strategy Area

Area Type: Strategy Area

HUD Approval Date: 2000

Identify the neighborhood boundaries for this target area.
The North Greenwood Neighborhood Revitalization Strategy Area (NRSA) is bounded by Kings Highway to the east, N. Osceola Avenue to the west, Union Street/Sunset Point Road to the north, and Drew Street/Maple Street/Palmetto Street to the south. The North Greenwood NRSA corresponds to Census Tract 261.01, Block Groups 2 and 3; Census Tract 261.02, Block Group 2; Census Tract 262.00, Block Groups 1 and 2; and Census Tract 263.00, Block Group 4.

Include specific housing and commercial characteristics of this target area.
All of the City’s NRSAs are characterized by older housing stock, a lack of owner equity, sporadic “strip” commercial development that is not compliant with City codes for zoning conformity or accessibility, and property values that are generally depressed in comparison to the balance of the City. The North Greenwood NRSA, in particular, is predominately residential. A large percentage of the population is considered low- to moderate-income and a significant percentage of the population is living below poverty level. According to HUD FY 2020 LMISD, the North Greenwood NRSA has a low- and moderate-income population of 58%.

How did your consultation and citizen participation process help you to identify this neighborhood as a target area?
This area was designated as a NRSA in the year 2000. Representatives of the North Greenwood neighborhood attended a Community Meeting held on February 5, 2020. During that meeting, attendees confirmed the North Greenwood NRSA’s need for continued housing and community development funding by identifying affordable housing; homeless facilities and services; behavioral/mental health services; public facilities (e.g. youth, seniors, arts, cultural, etc.) and infrastructure; and economic development as their highest priorities. Additionally, 6% of the respondents to the Community Survey conducted from January 17, 2020 through March 27, 2020 reported that they were residents of the North Greenwood neighborhood; however, some respondents wrote-in “South Greenwood”.

City of Clearwater, FL
2020/2021 – 2024/2025 Consolidated Plan
Identify the needs in this target area.
The needs of the North Greenwood NRSA include (1) Housing activities such as affordable owner and rental housing, housing rehabilitation and repair (including energy efficiency), utility assistance, and down payment assistance; (2) Homeless activities such as improved shelter facilities and services, equitable distribution of homeless resources, affordable housing, and shelter locations, improved coordination with Continuum of Care, and outreach for homeless families and homeless families living with non-homeless families; (3) Non-homeless special needs activities such as mental/behavioral health services and substance abuse treatment programs; and (4) Community development activities such as improvements to existing community buildings/facilities used as activity centers (e.g. youth, seniors, arts, cultural, etc.), development of a Hispanic cultural center, maintenance of public infrastructure and common areas, longer public recreation center/library hours to allow more access, transportation services/assistance, and business/façade improvements.

What are the opportunities for improvement in this target area?
Potential opportunities in the North Greenwood NRSA, as identified during the February 5, 2020, Community Meeting, include housing rehabilitation for energy efficiency to lower utility costs, rehabilitation/retrofitting of existing buildings/facilities for community use (e.g. youth, seniors, arts, cultural, etc.), public infrastructure and community art projects, and economic development activities including business/façade improvements and emphasis on hiring residents to work on projects that are funded with CDBG and HOME programs (e.g. minority/women-owned businesses, registration process, advertise/promote more awareness). Participants at the February 5, 2020 Community Meeting identified the MLK Center, African American Museum, Arts for Life Center, and Elks Lodge as buildings/facilities for potential rehabilitation/retrofitting for community use.

Are there barriers to improvement in this target area?
Possible barriers to improvement in the North Greenwood NRSA include increasing utility costs, a lack of affordable housing of all types, perceptions about concentrated homelessness and insufficient efforts to address homelessness, and ongoing maintenance of public infrastructure.

Table 49 – Geographic Priority Areas
SP-25 Priority Needs

PRIORITY NEEDS NARRATIVE
The Consolidated Plan must indicate the general priorities for allocating investment of available resources among different needs. Priority needs are those that will be addressed by the goals outlined in the Strategic Plan. For each priority, the City of Clearwater has indicated one or more populations to be served, as well as an assigned priority level indicating relative importance among the needs listed (see Table 50). The priority needs were confirmed through the citizen participation process including community and service provider meetings held on February 4-5, 2020 and February 27, 2020, an online community survey conducted January 17, 2020 through March 27, 2020, and meetings with staff of the City’s Economic Development and Housing Department.

**Table 50 – Priority Needs Summary**
## SP-30 Influence of Market Conditions

### TABLE 51: INFLUENCE OF MARKET CONDITIONS

<table>
<thead>
<tr>
<th>Affordable Housing Type</th>
<th>Describe the Clearwater housing market characteristics that would substantiate the need for this funding type/program.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Tenant Based Rental Assistance (TBRA)</td>
<td>Market conditions that substantiate the need for TBRA are monitored by the Clearwater Housing Authority. Tenant-based vouchers are by far the most common voucher used in Clearwater. The average annual income of residents using TBRA is $11,856. This voucher continues to be critical for persons with extremely low incomes who are severely cost burdened. It is estimated that while approximately 1,084 TBRA vouchers are in use, approximately 6,000 households in Clearwater have extremely low incomes.</td>
</tr>
<tr>
<td>TBRA for Non-Homeless Special Needs</td>
<td>Market conditions that substantiate the need for TBRA for Non-Homeless Special Needs are monitored by the Clearwater Housing Authority. Non-Homeless Special Needs populations have a high need for TBRA, while at the same time needing improved accessibility within housing. Approximately 500 elderly program participants and disabled families receive TBRA. The number of families requesting accessibility features is 1,084. Due to their limited income, housing needs for those with non-homeless special needs include affordability, availability of assistance, accessibility improvements and Fair Housing options.</td>
</tr>
<tr>
<td>New Unit Production</td>
<td>Market conditions that substantiate the need for new housing unit production are monitored by the City of Clearwater Housing Division. A shortage of affordable housing units exists for low- and extremely low-income groups, including both renter and owner households earning less than 50% HAMFI. The lack of appropriate sites and high land values has contributed to the loss of affordable units.</td>
</tr>
<tr>
<td>Rehabilitation</td>
<td>Market conditions that substantiate the need for housing rehabilitation are monitored by the City of Clearwater Housing Division. Over half (56%) of renter-occupied housing units have at least one housing problem, while a large percentage (28%) of owner-occupied housing units have at least one housing problem. Furthermore, more than half of all occupied housing units were built prior to 1980 and are more than 40 years old. Generally, these statistics point toward the need for the City of Clearwater to facilitate both owner-unit and rental-unit rehabilitations to improve the condition of housing within its jurisdiction.</td>
</tr>
<tr>
<td>Acquisition, including preservation</td>
<td>Market conditions that substantiate the need for housing acquisition, including preservation, are monitored by the City of Clearwater Housing Division. The Housing Division continuously seeks to acquire affordable housing when feasible. Historic preservation/restoration within low- and moderate-income neighborhoods was not identified as a priority need during the citizen participation process.</td>
</tr>
</tbody>
</table>

Table 51 – Influence of Market Conditions
SP-35 Anticipated Resources

INTRODUCTION

The Consolidated Plan must identify the federal, state, local and private resources expected to be available to the City to address priority needs and specific objectives identified in the Strategic Plan. These resources are summarized in Table 52.

The City of Clearwater anticipates a total allocation of $837,360 in CDBG funding for the 2020-2021 program year. Program income for CDBG is expected to be approximately $713,000 (including $575,000 in converted NSP3 funds, $48,000 from the revolving loan programs, and $90,000 in other income), and approximately $1,145,000 in prior-year resources from the revolving loan programs. CDBG funds will be used for housing and community development activities including, but not limited to, housing rehabilitation, public facilities and services (including homeless and special needs activities), economic development, and administration of the City’s CDBG program.

The City of Clearwater also expects a total allocation of $431,436 in HOME funding for the 2020-2021 program year. Program income for HOME is expected to be approximately $96,000, with approximately $2,292,492 in prior-year resources. HOME funds will be used for housing activities such as housing acquisition or rehabilitation, new construction, down payment assistance, administration of the City’s HOME program, and CHDO support.

The expected amount available during the remainder of the Consolidated Plan (2020-2024) is based on an estimated annual allocation of $825,000 in CDBG funds with anticipated program income of $105,000 annually, and $410,000 in HOME funds with anticipated program income of $96,000 annually for each of the subsequent program years. This results in an estimated total funding amount of $3,780,000 and $2,024,000, respectively, over the remaining four-year period.

Other resources, such as private and non-Federal public sources may become available to the City of Clearwater during the program year. For CDBG leveraging, these include funding from SHIP, Community Redevelopment Agency (CRA), City Departments (e.g. Engineering, Parks and Recreation), public or social service providers, or other sources. The City will also look to leverage funds, if available, from
SHIP, Community Housing Development Organizations (CHDOs), Public Housing Authority (PHA), or other agencies and programs against HOME dollars.

The Annual Action Plan must summarize the City’s priorities and the specific goals it intends to initiate and/or complete within the first year of the Strategic Plan. These goals must be described in quantitative terms. The City of Clearwater has selected goal outcome indicators and quantities based on the anticipated performance measures of the 2020-2021 Annual Action Plan. See Table 55.

*HUD 2020 Formula Allocation

Notes: Program incomes are estimated amounts and actual amounts may differ if larger sums are received from loan payoffs. Prior year resources amounts were estimated based on activities to be encumbered by the end of September 2020. These amounts will be updated during the 2020 program year close-out.

Table 52 – Anticipated Resources
EXPLAIN HOW FEDERAL FUNDS WILL LEVERAGE THOSE ADDITIONAL RESOURCES (PRIVATE, STATE AND LOCAL FUNDS), INCLUDING A DESCRIPTION OF HOW MATCHING REQUIREMENTS WILL BE SATISFIED

The City will look to leverage funds, if available, from SHIP, Community Redevelopment Agency (CRA), City Departments (e.g. Engineering, Parks and Recreation), public or social service providers, or other sources against CDBG dollars. The City will look to leverage private funds, if available, from lending institutions and homeowner contributions, and public funds from SHIP, Public Housing Authorities (PHAs), and other agencies and programs against HOME dollars.

IF APPROPRIATE, DESCRIBE PUBLICLY OWNED LAND OR PROPERTY LOCATED WITHIN THE JURISDICTION THAT MAY BE USED TO ADDRESS THE NEEDS IDENTIFIED IN THE PLAN

The City of Clearwater owns a number of properties within low- and moderate-income areas of its jurisdiction. The City also maintains an “Affordable Housing Inventory List” that is updated periodically by City resolution. There are seven (7) properties on this list: 918 Palmetto St., 1454 S. Martin Luther King, Jr. Avenue, 1011 LaSalle St., 1317 N. Martin Luther King, Jr. Avenue, 1002 LaSalle St., 1408 Monroe Avenue, and 1112 Palm Bluff St. These properties are all located in the North Greenwood Neighborhood Revitalization Strategy Area, with the exception of the property at 1454 S. Martin Luther King, Jr. Avenue, which is located in the Lake Bellevue Neighborhood Revitalization Strategy Area.

DISCUSSION

The City of Clearwater’s anticipated funding allocation from CDBG and HOME will address many of the City’s goals, including Housing, Homelessness, Non-Homeless Special Needs, Community Development and Public Services, Economic Development, and Emergency/Disaster Response. The City is fortunate to have a network of public or social service providers to help address these goals through financial leveraging, as well as other potential Federal funding sources such as SHIP and non-Federal sources such as the Community Redevelopment Agency (CRA), City Departments, Community Housing Development Organizations (CHDOs) and other agency and program funding.
SP-40 Institutional Delivery Structure

EXPLAIN THE INSTITUTIONAL STRUCTURE THROUGH WHICH THE JURISDICTION WILL CARRY OUT ITS CONSOLIDATED PLAN INCLUDING PRIVATE INDUSTRY, NON-PROFIT ORGANIZATIONS, AND PUBLIC INSTITUTIONS

Table 53 shows the institutional structure through which the City of Clearwater will carry out its Strategic Plan. Although not every organization involved in the program of delivery is included in Table 53, the lead agency and other organizations presented show the breadth of delivery capacity within the City.

The lead agency for institutional delivery is the City of Clearwater’s Economic Development and Housing Department, along with other City divisions and departments, including Engineering, Parks & Recreation, Public Utilities, and Planning & Development (including Code Enforcement). These divisions and departments carry out objectives related to housing and community development. The City’s Neighborhood & Affordable Housing Advisory Board (NAHAB) provides oversight to the administration of the City’s CDBG and HOME programs. Additionally, the Clearwater Housing Authority oversees public housing and other publicly assisted housing programs within the City. Furthermore, there are multiple nonprofit organizations that provide a range of public services, from programs to reduce homelessness to programs for non-homeless special needs populations. The Pinellas County Homeless Leadership Alliance functions as the region’s Continuum of Care (CoC) agency, serving Pinellas County and the City of Clearwater. The Homeless Leadership Alliance includes multiple member agencies.

Table 53 – Institutional Delivery Structure

ASSESS THE STRENGTHS AND GAPS OF THE INSTITUTIONAL DELIVERY STRUCTURE

The City of Clearwater has a strong Institutional Delivery System. A wide range of services are available in the community, including homelessness prevention services, street outreach services, supportive services, and other services such as nutrition programs and youth programs (see Table 54). These programs are provided by nonprofit organizations and Continuum of Care (CoC) member agencies.

Table 54 – Homeless Prevention Services Summary
DESCRIBE HOW THE SERVICE DELIVERY SYSTEM INCLUDING, BUT NOT LIMITED TO, THE SERVICES LISTED ABOVE MEET THE NEEDS OF HOMELESS PERSONS (PARTICULARLY CHRONICALLY HOMELESS INDIVIDUALS AND FAMILIES, FAMILIES WITH CHILDREN, VETERANS AND THEIR FAMILIES, AND UNACCOMPANIED YOUTH)

The Pinellas County Homeless Leadership Alliance is designated as the lead agency for the CoC, which is tasked with addressing homelessness in Pinellas County and the City of Clearwater. The Homeless Leadership Alliance oversees the Homeless Management Information System (HMIS) for the area and serves to coordinate systems of care through regular meetings and working groups. The Homeless Leadership Alliance is also responsible for advancing community-wide efforts, including the 10-Year Plan to End Homelessness and the Annual Point-in-Time (PIT) survey conducted by the CoC, which involves various partnering organizations. These organizations offer services to the homeless population, including prevention services, street outreach and supportive services. Examples of such organizations include Religious Community Services, Salvation Army, and Homeless Empowerment Program (HEP), among others.

DESCRIBE THE STRENGTHS AND GAPS OF THE SERVICE DELIVERY SYSTEM FOR SPECIAL NEEDS POPULATION AND PERSONS EXPERIENCING HOMELESSNESS, INCLUDING, BUT NOT LIMITED TO, THE SERVICES LISTED ABOVE

With the exception of utilities assistance, most services are available to the community at large and to the homeless. Some services are not targeted to persons with HIV/AIDS. Services not specifically targeted to persons with HIV/AIDS include utilities assistance, childcare, education, transportation, and food banks/nutrition programs. While these services are important, services for persons with HIV/AIDS were not identified as a priority need during the citizen participation process. Priority needs corresponding to persons experiencing homelessness were substance abuse and behavioral/mental health services, services for homeless youth and youth aging-out of foster care, homeless facilities and shelters, and case management.

PROVIDE A SUMMARY OF THE STRATEGY FOR OVERCOMING GAPS IN THE INSTITUTIONAL STRUCTURE AND SERVICE DELIVERY SYSTEM TO ADDRESS PRIORITY NEEDS

The City will utilize the following strategies to overcome gaps in the institutional structure and service delivery system for homeless prevention services:

- Continue to support programs that assist the homeless or those at risk of becoming homeless through identification of funding sources, technical assistance with applications, and other means of support.
• Support non-profit service providers that offer substance abuse and mental health services, services for homeless youth, homeless facilities and shelters, case management, and other activities to prevent and reduce homelessness.
• Assist the Pinellas County Homeless Leadership Alliance, as the lead agency for the Continuum of Care, in their efforts to improve coordination between service providers.
• Promote and encourage the development of programs that facilitate the transition from homelessness into permanent housing.
• Coordinate with the Continuum of Care, non-profit service providers, and other organizations to establish additional transitional or permanent supportive housing.

Table 55 – Goals Summary
GOAL DESCRIPTIONS

The City of Clearwater Strategic Plan is structured around seven (7) goals in administering the City’s housing and community development programs over the next five years. These goals are:

1. **Program Administration** – Administer the City of Clearwater’s federally funded grant programs to implement the goals of the Five-Year Consolidated Plan.

2. **Housing** – Provide availability of, and accessibility to, decent affordable housing for residents of the City of Clearwater.

3. **Homelessness** – Help to prevent and reduce homelessness within the City of Clearwater.

4. **Non-Homeless Special Needs** – Expand the accessibility and coordination of social services to City of Clearwater special needs populations.

5. **Community Development and Public Services** – Enhance the living environment for persons in low- and moderate-income areas through community development activities, public service programs, and elimination of blight.

6. **Economic Development** – Support programs that create economic opportunities in the City of Clearwater, particularly for persons of low- and moderate-income and in neighborhood revitalization strategy areas.

7. **Emergency/Disaster Response** – Provide assistance prior to, during, and after a community emergency and/or disaster event to prepare for and/or mitigate loss, protect during an event, and aid with recovery.

**ESTIMATE THE NUMBER OF EXTREMELY LOW-INCOME, LOW-INCOME, AND MODERATE-INCOME FAMILIES TO WHOM THE JURISDICTION WILL PROVIDE AFFORDABLE HOUSING AS DEFINED BY HOME 91.315(B)(2)**

The Consolidated Plan must summarize the City’s priorities and the specific goals it intends to initiate and/or complete within the term of the Strategic Plan. These goals must be described in quantitative terms. The City of Clearwater has selected funding allocations, goal outcome indicators and quantities using past and anticipated performance measures from its Annual Action Plans. These performance measures have been projected over the course of the planning period to arrive at a total funding allocation and quantity for each outcome indicator.

Through annual CDBG and HOME allocations, the City will provide affordable housing activities to support approximately 112 income-eligible non-homeless and 75 special needs households annually, or approximately 935 households over the five-year planning period. Activities to support income eligible
non-homeless and special needs households may include rehabilitation of existing units, construction of new units, acquisition for affordable housing, down payment assistance, as well as public service activities (such as new homebuyer education) for low- and moderate-income housing benefit.
SP-50 Public Housing Accessibility and Involvement

NEED TO INCREASE THE NUMBER OF ACCESSIBLE UNITS (IF REQUIRED BY A SECTION 504 VOLUNTARY COMPLIANCE AGREEMENT)

The Public Housing Authority for the City of Clearwater is the Clearwater Housing Authority (CHA). The CHA is a “High Performer Agency” and aims to build communities with innovative programs, sustain a dignified and desirable environment and create alliances to nurture self-sufficiency. The CHA is recognized throughout the state and nation as being a very progressive housing authority. Their mission is to lead in creating housing opportunities to enhance the lives of those they serve. The Clearwater Housing Authority’s website is http://www.clearwaterhousingauth.org/.

According to the Five-Year and Annual PHA Plans for the CHA, the following specific goals and objectives will enable the agency to serve the needs of low and very-low income, and extremely-low income families over the next five years (Source: CHA 5-Year PHA Plan):

1. Continue to search for affordable housing opportunities.
   a. CHA will explore various financing opportunities and collaborative relationships with community agencies for the development or acquisition of affordable housing.

2. Encourage and support self-sufficiency.
   a. CHA will explore various financing opportunities and collaborative relationships with community agencies for development or acquisition of affordable housing.

3. Housing Choice Voucher (HCV) Program Opportunities.
   a. CHA will apply for additional Housing Choice Vouchers when available such as VASH, FUP, and TPVs for Foster Youth.
   b. CHA will issue Request for Proposal(s) to work with community agencies for additional project-based vouchers, focusing on one or more of the following: homeless families, homeless families with children, elderly, disabled and/or veterans.
   c. To assist one of the most vulnerable populations, CHA will implement the HCV Elderly waiting list preference for City of Clearwater residents.
   d. CHA will open the HCV waiting list within 12 months.

It is important to note that income-eligible residents of CHA’s programs are also eligible for all of the City’s affordable housing programs.
The CHA’s public housing program provides federally subsidized rental properties. Residents pay only a portion of their rent based on income. The CHA manages 238 public housing units. The units are located in scattered sites and two high-rise apartment buildings (Barbee Towers and Ralph Richards Towers) limited to persons 50 years of age or older (203 units), Paradise Trail Apartments (13 units), Fairway Gardens (20 units), and Palmetto Properties (2 units). Additionally, the CHA administers 1,340 Housing Choice Vouchers (HCVs), according to the HUD PIH Information Center (PIC).

**ACTIVITIES TO INCREASE RESIDENT INVOLVEMENTS**
In its 5-Year PHA Plan for the fiscal year beginning in April 2020, the CHA will submit a voluntary conversion plan in the second quarter of 2020. Tenant Protection Vouchers will be issued to all residents currently residing in public housing units, and the CHA will abide by all application relocation activities. CHA will ensure resident involvement and participation during the conversion process. After voluntary conversion, the CHA will maintain the scattered sites and two high-rise apartment buildings (Barbee Towers and Ralph Richards Towers) as an affordable property using a combination of market-rate, tenant-based, and project-based voucher assistance. Paradise Trail Apartments, Fairway Gardens, and Palmetto Properties will be sold to other housing authorities, non-profit service providers, or fee simple. The CHA intends to maintain and use all proceeds from the sale of the properties to purchase affordable housing.

**IS THE PUBLIC HOUSING AGENCY DESIGNATED AS TROUBLED UNDER 24 CFR PART 902?**
The City’s Public Housing Authority is not listed as a qualified PHA and is therefore not exempted from submittal of an annual PHA plan. The PHA has submitted its PHA plan for the current year (2020), has received satisfactory PHAS scores, and is not designated as “troubled”.

**IF APPLICABLE, PLAN TO REMOVE THE ‘TROUBLED’ DESIGNATION**
Not applicable. See narrative above and preceding narrative regarding voluntary conversion of the CHA’s public housing properties.
SP-55 Barriers to Affordable Housing

BARRIERS TO AFFORDABLE HOUSING

This section requires the jurisdiction to explain whether the cost of housing or the incentives to develop, maintain, or improve affordable housing are affected by public policies, particularly those of the local jurisdiction. Such policies include land use controls, zoning ordinances, building codes, and policies that affect the return on residential investment. The City of Clearwater has several programs that it utilizes to remove or ameliorate the negative effects of public policies that are barriers to affordable housing. These programs are documented in the City’s 2018 Local Housing Assistance Plan (LHAP) and the related City of Clearwater 2017 Local Housing Incentives Strategies (LHIS) report.

Barriers to affordable housing, as identified in the City’s LHAP and LHIS documents, include the following:

- Lack of land available to develop affordable housing projects
- Lack of housing for low-income persons
- Complex homebuyer financing
- Lack of information about the permitting process for affordable housing projects
- Public perception of affordable housing developments
- Limited information on City’s affordable housing incentives and programs
- Maintaining the condition of the City’s aging housing stock
- Third-party barriers (e.g. insurance, construction costs/materials, etc.)

STRATEGY TO REMOVE OR AMELIORATE THE BARRIERS TO AFFORDABLE HOUSING

Strategies to remove or ameliorate the barriers to affordable housing, as identified in the City’s LHAP and LHIS documents, include the following:

- Expedited permitting review process
- Modification of fees (i.e., rate flexibility)
- Flexible densities
- Accessory dwelling units
- Parking reductions
- Flexible lot configurations
- Pre-adoption policy consideration
• Inventory of public lands
• Proximity to transportation, employment, and mixed-use development
• Adaptive reuse
• Land development code
• Communication and marketing of affordable housing
• Financing
• Partnerships
SP-60 Homelessness Strategy

REACHING OUT TO HOMELESS PERSONS (ESPECIALLY UNSHELTERED PERSONS) AND ASSESSING THEIR INDIVIDUAL NEEDS

In the City of Clearwater, the role of working with the homeless is undertaken by the Pinellas County Homeless Leadership Alliance. Annually, the Homeless Leadership Alliance conducts a Point-in-Time Homeless Report and prepares a Homeless Assessment Report, both of which document the extent of homelessness in the community.

The City of Clearwater aims to assist the Homeless Leadership Alliance in implementing the Pinellas County 10-Year Plan to End Homelessness, which takes into consideration the individual needs of homeless persons, including unsheltered persons. Moreover, the Pinellas County Homeless Leadership Alliance’s annual reports are important resources of the Consolidated Plan. In identifying priority homeless needs, the City will consult with the Homeless Leadership Alliance, public service providers, and the community. Such priority needs include homeless services for youth and youth aging-out of foster care, behavioral/mental health services, substance abuse services, permanent supportive housing, emergency shelter, homeless prevention/outreach and related services, and case management.

ADDRESSING THE EMERGENCY AND TRANSITIONAL HOUSING NEEDS OF HOMELESS PERSONS

Based on input received and data collected through the Consolidated Planning process, the City makes it a goal of the Consolidated Plan to prevent and reduce homelessness within the City of Clearwater by supporting programs that offer permanent supportive housing and emergency shelter facilities/beds for the homeless, and by assisting agencies that engage in homeless prevention and service programs.

Annually, the Pinellas County Homeless Leadership Alliance conducts a Point-in-Time Homeless Report and prepares a Homeless Assessment Report, both of which document the extent of homelessness in the community. In addition to other metrics, these reports identify the number of person or families in emergency shelter or transitional housing. In the Clearwater area, homeless services such as emergency shelter and transitional housing are provided by churches and non-profit organizations, including but not limited to Homeless Emergency Project, Inc. (Homeless Empowerment Program) (HEP), Kimberly Home, Boley Centers, Religious Community Services (RCS), Salvation Army, and Family Resources, Inc. (SafePlace2B), among others.
To better address the needs of the area’s homeless population, the Homeless Leadership Alliance and
maintain an online map-based directory of emergency shelter and transitional housing services, as well
as food and clothing assistance targeted to homeless persons, and provides access to the Pinellas
Suncoast Transit Authority (PSTA) route maps. Information regarding homeless resources is also
disseminated through the 2-1-1 Tampa Bay Cares, Inc. hotline.

HELPING HOMELESS PERSONS (ESPECIALLY CHRONICALLY HOMELESS INDIVIDUALS AND
FAMILIES, FAMILIES WITH CHILDREN, VETERANS AND THEIR FAMILIES, AND
UNACCOMPANIED YOUTH) MAKE THE TRANSITION TO PERMANENT HOUSING AND
INDEPENDENT LIVING, INCLUDING SHORTENING THE PERIOD OF TIME THAT INDIVIDUALS
AND FAMILIES EXPERIENCE HOMELESSNESS, FACILITATING ACCESS FOR HOMELESS
INDIVIDUALS AND FAMILIES TO AFFORDABLE HOUSING UNITS, AND PREVENTING
INDIVIDUALS AND FAMILIES WHO WERE RECENTLY HOMELESS FROM BECOMING HOMELESS
AGAIN

The City will also support, in coordination with the Pinellas County Homeless Leadership Alliance,
activities to end chronic homelessness within the City of Clearwater. CoC member agencies actively
work to assist homeless persons with making the transition to more permanent housing and preventing
such persons from becoming homeless again. CoC members agencies support a “Housing First”
approach to provide housing options regardless of whether individuals or families meet otherwise
comment prerequisites for housing. National research around “Housing First” suggests that individuals
and/or head of household members who have been homeless are more successful in achieving self-
sufficiency when housing stability is acquired first, regardless of whether or not they are sober or
financially self-sufficient in the beginning. Once their housing situation is stabilized, their ability to
achieve sobriety, financial stability, or overcome other common barriers to housing dramatically
improves. This is typically achieved by Rapid Re-Housing, and other interim housing strategies such as
targeted transitional and permanent supportive housing, to obtain housing quickly, increase self-
sufficiency, and stay housed.
HELP LOW-INCOME INDIVIDUALS AND FAMILIES AVOID BECOMING HOMELESS, ESPECIALLY EXTREMELY LOW-INCOME INDIVIDUALS AND FAMILIES WHO ARE LIKELY TO BECOME HOMELESS AFTER BEING DISCHARGED FROM A PUBLICLY FUNDED INSTITUTION OR SYSTEM OF CARE, OR WHO ARE RECEIVING ASSISTANCE FROM PUBLIC AND PRIVATE AGENCIES THAT ADDRESS HOUSING, HEALTH, SOCIAL SERVICES, EMPLOYMENT, EDUCATION OR YOUTH NEEDS

In response to the recent coronavirus (COVID-19) pandemic, the Homeless Leadership Alliance is providing daily information and resources on how CoC members can best prevent homelessness, particularly information about unemployment and food assistance, renter’s rights, and referrals to legal services to reduce evictions. The Pinellas County Homeless Leadership Alliance continues to work with state and local law enforcement officials to reintegrate persons leaving prison. These include Operation PAR (1-888-727-6398), which allows ex-inmates to receive substance abuse treatment; Pinellas Ex-Offender Re-Entry Coalition (PERC); and the State’s “Transition from Prison to Community Initiative” (TPCI). The Pinellas County Homeless Leadership Alliance also provides a focused outreach program to reach these individuals. Collectively, these agencies also participate in the pre-booking intervention programs, for persons with mental health and/or substance problems and juvenile offenders. Persons discharged from other publicly funded institutions or systems of care are assisted by CoC member agencies, including those serving youth aging out of foster care such as Ready for Life, Inc. among others.
SP-65 Lead Based Paint Hazards

ACTIONS TO ADDRESS LBP HAZARDS AND INCREASE ACCESS TO HOUSING WITHOUT LBP HAZARDS

The City of Clearwater will continue to ensure the availability of accessible and affordable testing, screening, mitigation and treatment for problems related to lead-based paint for low- and moderate-income residents of the City of Clearwater.

Currently, the City includes lead-based paint mitigation measures in all rehabilitation and down payment assistance programs and, if needed, will identify and apply for additional funding resources to finance this mitigation. The City also assists and supports other agencies in applying for such funds. Contractors are required to be trained and certified to supervise removal of lead hazards in order to comply with HUD regulations.

The City will utilize the following strategies to address lead-based paint hazards and increase access to housing without lead-based paint hazards through its housing rehabilitation and emergency repair programs:

- Fund the acquisition, recycling, and rehabilitation of existing housing units through current housing grants and loan programs, as well as cost-effective leveraging strategies.
- Improve coordination with emergency repair and other programs to reduce the total rehabilitation cost per unit and correct major problems before they worsen.

Additionally, the City will continue to support several agencies in the Clearwater area that screen residents for elevated blood lead levels (EBL) and inspect housing units for lead-based paint hazards. These agencies include:

**Pinellas County Health Department**

A primary health care provider for the City’s low-income residents, the Pinellas County Health Department screens low income children who have symptoms of lead poisoning through the Florida Lead Poisoning Prevention Program. Services provided through this program include education, screening and treatment for lead poisoning.
Clearwater Housing Authority (CHA)

CHA has tested for lead-based paint hazards in its public housing units. As part of ongoing education, residents are advised of the dangers associated with lead-based paint and directed to resources for screening if symptoms of lead poisoning are observed.

Furthermore, sub-recipients of the City’s CDBG and HOME funding devise their own lead-based paint hazard programs to comply with HUD regulations for rehabilitation projects.

HOW ARE THE ACTIONS LISTED ABOVE RELATED TO THE EXTENT OF LEAD POISONING AND HAZARDS?

Housing built before 1980 is presumed to have a higher risk of lead-based paint. In the City of Clearwater, 18,224 or 67% of owner-occupied housing units were built prior to 1980. For renter-occupied units, 11,812 or 60% were built prior to 1980. It is estimated that 43% of these housing units are occupied by low and moderate-income persons. Generally, these statistics point toward the need for the City of Clearwater to facilitate both owner-unit and rental-unit rehabilitations within its jurisdiction.

HOW ARE THE ACTIONS LISTED ABOVE INTEGRATED INTO HOUSING POLICIES AND PROCEDURES?

The City of Clearwater requires inspection of units undergoing rehabilitation through the Housing Division’s many housing programs. This inspection includes documentation of the year built, names and ages of the children living in the unit (if under 7 years), and whether the children have symptoms of elevated blood lead levels (EBL). If any child has symptoms, then all chewable surfaces up to five feet from the ground will be tested and abated (i.e., covered or removed).

For every rehabilitation and down payment assistance request, the resident is given an educational pamphlet on the dangers of lead-based paint, including the age of homes affected, age group most susceptible, symptoms of EBL and whom to contact if symptoms are evident. Children residing in rehabilitation projects found to have lead-based paint hazards are referred to the Pinellas County Health Department for screening and treatment.

Each housing unit to be rehabilitated and/or purchased that is built before 1978 is inspected and tested by a licensed inspector to identify lead-based paint hazards. A report with the rehabilitation approach
and strategy to eliminate lead hazards is issued to the City’s Housing Division and the homeowner by the inspector(s).

In every program where Federal funds are expended on a housing unit, the City incorporates the current procedures for hazard reduction or lead-based paint abatement guidelines as defined in HUD’s Lead Safe Housing Rule, 24 CFR Part 35.
SP-70 Anti-Poverty Strategy

JURISDICTION GOALS, PROGRAMS AND POLICIES FOR REDUCING THE NUMBER OF POVERTY-LEVEL FAMILIES

According to the 2014-2018 American Community Survey (ACS) estimates, approximately 17,889 or 16% percent of people living in the City of Clearwater are at poverty level or below. As noted in the City’s previous Consolidated Plan and associated Action Plan, the major problem facing the City’s working poor is the lack of educational attainment, which relates directly to employment success and income. However, the lack of education attainment is outside of the City’s capacity to resolve. This problem is compounded for the City’s low-income Hispanic population, which may experience other barriers to employment success such as limited English language proficiency.

To combat this trend, the City of Clearwater and Pinellas County work with a number of agencies that provide public services to persons in poverty. These agencies typically provide services to other homeless and non-homeless special needs populations, as well as low- and moderate-income families. These services include housing, employment assistance/job training, and other assistance to promote self-sufficiency. The City of Clearwater will continue to support and collaborate with the following services and agencies, among others, that work to reduce poverty:

- Regional public housing authorities, including the Clearwater Housing Authority, Dunedin Housing Authority, Tarpon Springs Housing Authority, and Pinellas County Housing Authority
- Community colleges and technical/vocational schools (e.g. Pinellas Technical College, Workforce Institute at St. Petersburg College (SPC), University of South Florida, BizTech)
- Economic development and community investment organizations (e.g. Tampa Bay Black Business Corp., Prospera Florida, Clearwater Urban Leadership Coalition, NAACP Clearwater/Upper Pinellas)
- Workforce Development Boards and Organizations (i.e., CareerSource Pinellas, Pinellas County Urban League, Pinellas Education Foundation)
- Employment programs for homeless persons or ex-offender re-entry (e.g. Mt. Zion Human Services, Pathways to Employment at HEP)
- Employment programs for persons with special needs (e.g. ServiceSource, Goodwill Industries-Suncoast)
Additionally, the City of Clearwater has its own Economic Development Strategic Plan and programs that is designed to interface with the regional program and work on specific local issues. The City prepared one of the first Brownfields redevelopment plans in the state, established a HUBZone, maintains a Community Redevelopment Area (CRA), and continues to offer economic incentives to spur redevelopment/reinvestment in its low-income areas. The City also facilitates the Opportunity Zone program, New Market Tax Credits (NMTC), and Façade Loan-to-Grant programs. Major redevelopment continues to occur along the US-19 and SR-60 corridors, in downtown and at the beach. Other economic incentives include a Capital Investment Tax Credit, Qualified Target Industry Tax Refund Program, High Impact Business Performance Incentive, Workforce Training Grants, and other property and sales tax incentives. The City is also a partner to Clearwater Business SPARK, a partner network to support small businesses and entrepreneurs in every stage of business development, and the City continues to work closely with the Clearwater Regional Chamber of Commerce to provide technical assistance. These programs have created new jobs and opportunities in the City that function as avenues out of poverty.

**HOW ARE THE JURISDICTION POVERTY REDUCING GOALS, PROGRAMS, AND POLICIES COORDINATED WITH THIS AFFORDABLE HOUSING PLAN**

The City will continue to provide CDBG funding, where appropriate, to support programs that are designed to help families gain self-sufficiency such as job training and creation programs. One of City of Clearwater’s goals for the Consolidated Plan is to address the role of economic opportunities in protecting and enhancing the condition of the City’s housing stock and neighborhoods. With that, access to stable and affordable housing is fundamental to the long-term success of such programs.

The City of Clearwater will take the following steps to provide affordable housing and reduce the number of households living below the poverty level:

- Continue to assist qualified low- and moderate-income households to become homeowners through supporting agencies that provide housing counseling.
- Continue to provide mortgage assistance for low- and moderate-income homebuyers.
- Continue to assist agencies that engage in homeless prevention and service programs.
- Continue to support business incentive programs, such as the building façade program, in Neighborhood Revitalization Strategy Areas and low- and moderate-income areas.
• Continue to support non-profit organizations in developing facilities that support the local economy.
• Continue to support programs that create economic opportunity for low- to moderate-income persons, such as job training and entrepreneurship, small-business start-ups and incubators, and other economic development activities.
**SP-80 Monitoring**

**DESCRIBE THE STANDARDS AND PROCEDURES THAT THE JURISDICTION WILL USE TO MONITOR ACTIVITIES CARRIED OUT IN FURTHERANCE OF THE PLAN AND WILL USE TO ENSURE LONG-TERM COMPLIANCE WITH REQUIREMENTS OF THE PROGRAMS INVOLVED, INCLUDING MINORITY BUSINESS OUTREACH AND THE COMPREHENSIVE PLANNING REQUIREMENTS**

Specific to the City’s CDBG program, all sub-recipients will receive federal and local regulations relating to their specific activity, along with an explanation as to how these apply to the particular project. Specific Performance Agreements will be executed with each sub-recipient, giving measurable objectives for the eligible activity to be carried out. Each project is monitored on an ongoing basis and all pre-construction conferences are attended by department staff. Documentation submitted with reimbursement requests is reviewed for compliance with applicable regulations and measurable objectives prior to issuing funds.

On-site monitoring of selected sub-recipients will be scheduled and completed annually by the Housing Division. A checklist will be completed and reviewed to ensure all aspects of the activity are carried out in accordance with applicable regulations. A follow-up letter will be sent to the sub-recipient stating the outcome of the monitoring visit.

In addition to the above documentation, any sub-recipient determined to be in need of and/or requesting additional training on how to meet grantee and federal requirements will receive technical assistance in the form deemed most appropriate to the circumstances by the Housing Division. Additional technical assistance, if needed or requested, will be given at the time of the annual monitoring.

Specific to the City’s HOME program, monitoring will be carried out in accordance with federal regulations to ensure compliance with all HOME requirements. Each sub-recipient will be monitored on site to verify that:

- The minimum percent requirement for HOME-assisted units is being met under the contract.
- Eligible tenant occupancy meets the minimum percent requirement for HOME-assisted units under the guidelines.
• Contractual requirements regarding concentration of HOME units and special treatment of HOME tenants are being adhered to.
• The Waiting List procedures are compliant with the grant covenants.
• The Equal Housing Provisions of the contract are being adhered to.
• The MBE and WBE provisions of the contract are being adhered to.
• The HOME-assisted units meet housing quality standards, and on-site files will be reviewed for the following information:
  • Current, signed lease.
  • Verify tenant’s signature to an acceptable form of identification.
  • Verify monthly rent is compliant.
  • Verify tenant’s income is supported by file documentation.
  • Verify annual recertification was performed in a timely fashion and in compliance with contract provisions.

The City recognizes that monitoring of this Consolidated Plan, in general, must be carried out on a regular basis to ensure that the statutory and regulatory requirements are being met. Further, it is critical to confirm that the information being reported to HUD through such mechanisms as the Integrated Disbursement and Information System (IDIS) is correct and complete.

The City of Clearwater Economic Development and Housing Department is responsible for preparing annual reports detailing the progress of all of the strategies contained in the Consolidated Plan. This department will periodically monitor the implementation of these strategies in order to identify areas requiring improvement.

Benchmarks will be tracked over the timeframe covered within this document. The performance of all projects will be reported in the self-evaluation section of the Consolidated Annual Performance Evaluation Report (CAPER). The City of Clearwater will follow the mandates of the Department of Housing & Urban Development.

To monitor the City’s overall progress, comments will be sought from a number of external sources including the non-profit agencies to which Clearwater gives CDBG and HOME funding. Comments from these organizations will be solicited on the City’s annual performance.
It is intended that this monitoring plan will reinforce the communication network between the City and the various housing and human needs agencies participating directly in the implementation of the Consolidated Plan or assisting in the provision of service supporting the Plan’s strategies. The monitoring process will also ensure accountability, compliance and adequate progress from the various sub-recipients funded as a part of the City’s CDBG and HOME programs.
AP-15 Expected Resources

INTRODUCTION

The Consolidated Plan must identify the federal, state, local and private resources expected to be available to the City to address priority needs and specific objectives identified in the Strategic Plan. These resources are summarized in SP-35.

The City of Clearwater anticipates a total allocation of $837,360 in CDBG funding for the 2020-2021 program year. Program income for CDBG is expected to be approximately $713,000 (including $575,000 in converted NSP3 funds, $48,000 from the revolving loan programs, and $90,000 in other income), and approximately $1,145,000 in prior-year resources from the revolving loan programs. CDBG funds will be used for housing and community development activities including, but not limited to, housing rehabilitation, public facilities and services (including homeless and special needs activities), economic development, and administration of the City's CDBG program.

The City of Clearwater also expects a total allocation of $431,436 in HOME funding for the 2020-2021 program year. Program income for HOME is expected to be approximately $96,000, with approximately $2,292,492 in prior-year resources. HOME funds will be used for housing activities such as housing acquisition or rehabilitation, new construction, down payment assistance, administration of the City's HOME program, and CHDO support.

The expected amount available during the remainder of the Consolidated Plan (2021-2024) is based on an estimated annual allocation of $825,000 in CDBG funds with anticipated program income of $105,000 annually, and $410,000 in HOME funds with anticipated program income of $96,000 annually for each of
the subsequent program years. This results in an estimated total funding amount of $3,780,000 and $2,024,000, respectively, over the remaining four-year period.

Other resources, such as private and non-Federal public sources may become available to the City of Clearwater during the program year. For CDBG leveraging, these include funding from SHIP, Community Redevelopment Agency (CRA), City Departments (e.g. Engineering, Parks and Recreation), public or social service providers, or other sources. The City will also look to leverage funds, if available, from SHIP, Community Housing Development Organizations (CHDOs), Public Housing Authority (PHA), or other agencies and programs against HOME dollars.

The Annual Action Plan must summarize the City’s priorities and the specific goals it intends to initiate and/or complete within the first year of the Strategic Plan. These goals must be described in quantitative terms. The City of Clearwater has selected goal outcome indicators and quantities based on the anticipated performance measures of the 2020-2021 Annual Action Plan. See AP-20.

*HUD 2020 Formula Allocation

Notes: Program incomes are estimated amounts and actual amounts may differ if larger sums are received from loan payoffs. Prior year resources amounts were estimated based on activities to be encumbered by the end of September 2020. These amounts will be updated during the 2020 program year close-out.

**Table 56 – Anticipated Resources**
EXPLAIN HOW FEDERAL FUNDS WILL LEVERAGE THOSE ADDITIONAL RESOURCES (PRIVATE, STATE AND LOCAL FUNDS), INCLUDING A DESCRIPTION OF HOW MATCHING REQUIREMENTS WILL BE SATISFIED

The City will look to leverage funds, if available, from SHIP, Community Redevelopment Agency (CRA), City Departments (e.g. Engineering, Parks and Recreation), public or social service providers, or other sources against CDBG dollars. The City will look to leverage private funds, if available, from lending institutions and homeowner contributions, and public funds from SHIP, Public Housing Authorities (PHAs), and other agencies and programs against HOME dollars. The City shall assure that the requirements as it relates to non-federal share will be utilized as referenced in 24 CFR 570.201 (3) (g), for any project in which CDBG or HOME funding is used as the non-federal match. In the future, the City will continue to aggressively pursue funding from private, public, and federal sources to address economic and community development needs.

IF APPROPRIATE, DESCRIBE PUBLICLY OWNED LAND OR PROPERTY LOCATED WITHIN THE JURISDICTION THAT MAY BE USED TO ADDRESS THE NEEDS IDENTIFIED IN THE PLAN

The City of Clearwater owns a number of properties within low- and moderate-income areas of its jurisdiction. The City also maintains an “Affordable Housing Inventory List” that is updated periodically by City resolution. There are seven (7) properties on this list: 918 Palmetto St., 1454 S. Martin Luther King, Jr. Avenue, 1011 LaSalle St., 1317 N. Martin Luther King, Jr. Avenue, 1002 LaSalle St., 1408 Monroe Avenue, and 1112 Palm Bluff St. These properties are all located in the North Greenwood Neighborhood Revitalization Strategy Area, with the exception of the property at 1454 S. Martin Luther King, Jr. Avenue, which is located in the Lake Bellevue Neighborhood Revitalization Strategy Area.

DISCUSSION

The City of Clearwater's anticipated funding allocation from CDBG and HOME will address many of the City's goals, including Housing, Homelessness, Non-Homeless Special Needs, Community Development and Public Services, Economic Development, and Emergency/Disaster Response. The City is fortunate to have a network of public or social service providers to help address these goals through financial leveraging, as well as other potential Federal funding sources such as SHIP and non-Federal sources such as the Community Redevelopment Agency (CRA), City Departments, Community Housing Development Organizations (CHDOs) and other agency and program funding.

AP-35 Projects

INTRODUCTION

The City’s planned actions for the 2020/2021 Annual Action Plan are intended to support housing and community development for the City’s low- and moderate-income populations as well as the City’s homeless and special needs groups.

The City will continue to operate its CDBG and HOME programs through the Economic Development and Housing Department, which will continue to provide funding for housing rehabilitation, homeownership assistance, and blight prevention/elimination. These actions will further the goal of improving the availability of and accessibility to affordable housing in Clearwater.

As in the past, the City will continue to coordinate with public or social service providers to prevent homelessness and promote access to public services for special needs populations generally assumed to be low- and moderate-income.

During the 2020/2021 program year, the City will fund activities that address the needs of the homeless and those at risk of becoming homeless, the elderly, persons with disabilities, victims of domestic violence, and youth and families of low- and moderate-income. Planned community development activities include the service provider building/facilities and public park improvements, economic development, and employment, job training, and business assistance.

The City’s planned actions for the 2020/2021 Annual Action Plan are summarized in Table 59 and Table 60.

*Table 59 – Project Information*
DESCRIBE THE REASONS FOR ALLOCATION PRIORITIES AND ANY OBSTACLES TO ADDRESSING UNDERSERVED NEEDS

The allocation priorities are focused on the seven (7) goals of the Strategic Plan: program administration, housing, homelessness, non-homeless special needs, community development and public services, economic development, and emergency/disaster response. It is important to note that total funding for public services is normally capped at 15% of the total CDBG allocation. For the 2020/2021 program year this cap is waived due to the COVID-19 pandemic. Total funding for activities related to administration is capped at 20% for CDBG and 10% for HOME.

<table>

</tr>
</tbody>
</table>

*Includes program income and prior year resources. Excludes SHIP (State) resources. Percentages may not equal 100% due to rounding.

Since the “Great Recession” reduced revenues have plagued all levels of government (federal, state, and local). These reduced revenues have hindered the City’s ability to meet the needs of lower income residents. The recent COVID-19 pandemic has further increased the needs of lower income residents. Another obstacle to meeting underserved needs is the generally increasing demand for public services that is placing an additional burden on public service agencies within the City. For program year 2020/2021, HUD has waived the traditional 15% public service cap. This will help the City to fund additional public services. This will only serve as a temporary increase in resources for public services as the cap will be re-enforced at a future date.

The lack of available land and rapidly rising housing prices will continue to put constraints on the City’s ability to provide affordable housing. Rapidly rising prices will also increase the need for affordable rental units for households being priced out of the owner market. The need for affordable rental projects will also increase as rents for higher-end apartment complexes also increase.

**Table 60 – Project Summary Information**
AP-50 Geographic Distribution

DESCRIPTION OF THE GEOGRAPHIC AREAS OF THE ENTITLEMENT (INCLUDING AREAS OF LOW-INCOME AND MINORITY CONCENTRATION) WHERE ASSISTANCE WILL BE DIRECTED

For the 2020/2021 Annual Action Plan, Clearwater will provide direct assistance to low- and moderate-income areas and approved Neighborhood Revitalization Strategy Areas (NRSAs) of the City. The geographic distribution of funding percentages is misleading since few projects are solely concentrated in a specific NRSA; most projects are not solely concentrated in a NRSA, but are included in the citywide, low- and moderate-income areas and multiple NRSAs. These percentages include projects that will benefit multiple areas. See Map 1 titled, "Low and Moderate Income Areas" for a graphical representation of low- and moderate-income area locations. See Map 2 titled, "Neighborhood Revitalization Strategy Areas Map" for the locations of the City's strategy areas.

Table 61 – Geographic Distribution

RATIONALE FOR THE PRIORITIES FOR ALLOCATING INVESTMENTS GEOGRAPHICALLY

Four (4) areas have been designated as either Local Target Areas or Strategy Areas within the City of Clearwater. These are Citywide Low- and Moderate-Income Areas, North Greenwood Neighborhood Revitalization Strategy Area, Lake Bellevue Neighborhood Revitalization Strategy Area, and Downtown Gateway District Neighborhood Revitalization Strategy Area. These neighborhoods were previously identified in the 2016/2017-2019/2020 Consolidated Plan. The designation of Local Target Areas and Strategy Areas increases the potential for coordinated planning and investment. The areas selected for the 2020/2021-2024/2025 Consolidated Plan were confirmed through the citizen participation process, which included service provider and community meetings, as well as meetings with staff of the City’s Economic Development and Housing Department. Each of these areas meets the eligibility requirements for low- and moderate-income benefit. While Local Target Areas and Strategy Areas allow the City to
plan and invest in a coordinated manner, they do not limit the City from expending funds in other areas of Clearwater that also meet the eligibility requirements for low- and moderate income benefit.

**DISCUSSION**

The City of Clearwater has identified 44 projects to implement the goals of the Strategic Plan during the first year of the 2020/2021-2024/2025 Consolidated Plan. These projects benefit low- and moderate-income persons Citywide and within the City’s Neighborhood Revitalization Strategy Areas. Projects with Citywide benefit include housing activities, homeless and public services, economic development, and the City’s administration of the CDBG program.
AP-55 Affordable Housing

INTRODUCTION

As stated previously, the City places a high priority on providing homeownership opportunity in Clearwater. This goal shall be addressed, in part, by local non-profit organizations and developers that construct affordable housing for lower-income, first-time homebuyers. In addition, the City will continue to deliver its housing rehabilitation and down payment assistance programs, and to support homebuyer education and Fair Housing activities.

The Annual Action Plan must specify goals for the number of homeless, non-homeless, and special needs households to be supported within the program year. These numbers are shown in Table 62 and are inclusive of the affordable housing activities shown in Table 57, in addition to other planned housing activities identified in Table 59. Table 63 indicates the number of households to be supported through specific activities, including rental assistance, production of new units, rehabilitation of existing units, or acquisition of existing units. For the purposes of this section, the term “affordable housing” is defined in the HOME regulations at 24 CFR 92.252 for rental housing and 24 CFR 92.254 for homeownership. [This section replaces the former HUD Table 3B.]

Table 63 – One Year Goals for Affordable Housing by Support Type
DISCUSSION
The City will continue to deliver its long-standing housing programs, including housing rehabilitation and down payment assistance, coordinate with non-profit organizations and developers that construct affordable housing, and support homebuyer education and Fair Housing activities. These housing activities will support 291 households through a combination of production of new units, rehabilitation of existing units, and direct financial assistance.
**AP-60 Public Housing**

**INTRODUCTION**

This section of the Annual Action Plan describes what actions the City of Clearwater will take during the 2020/2021 program year to carry out the public housing strategy identified in the Strategic Plan. The Clearwater Housing Authority (CHA) administers housing assistance for low- and very-low income persons in the greater Clearwater area. The operations of the CHA are funded through annual appropriations provided by U.S. Department of Housing and Urban Development. Assistance includes public housing, tenant-based vouchers (Housing Choice Vouchers or HCVs), and special purpose voucher activities. Combined, these activities supply approximately 1,285 publicly assisted housing units in the greater Clearwater area.

**ACTIONS PLANNED DURING THE NEXT YEAR TO ADDRESS THE NEEDS TO PUBLIC HOUSING**

The City works cooperatively with Pinellas County, the CHA, and private entities in the provision of public and subsidized housing within Clearwater. The CHA administers public housing for seniors and families in addition to the Housing Choice Voucher (HCV) program that provides financial rental assistance to eligible individuals and families based upon income. The CHA and other housing providers in the community continuously seek to rehabilitate the supply of housing affordable to low- and very-low income persons. Although the CHA recently renovated some of its public housing units, the CHA plans to undergo a voluntary conversion starting in 2020. The CHA will ensure that residents are housed through vouchers and coordination with other housing providers. Any proceeds from the sale of public housing properties will be reinvested in affordable housing. The City of Clearwater will continue to coordinate housing referrals with the CHA, as well as the Pinellas County Housing Authority, in the delivery of the City’s CDBG and HOME housing programs.

**ACTIONS TO ENCOURAGE PUBLIC HOUSING RESIDENTS TO BECOME MORE INVOLVED IN MANAGEMENT AND PARTICIPATE IN HOMEOWNERSHIP**

The CHA has an ongoing management program in place to involve residents in its operations. Additionally, through the 2020/2021 Annual Action Plan, the City of Clearwater will support homebuyer education, Fair Housing counseling, and housing placement activities that could facilitate the transition from public housing to homeownership.
IF THE PHA IS DESIGNATED AS TROUBLED, DESCRIBE THE MANNER IN WHICH FINANCIAL ASSISTANCE WILL BE PROVIDED OR OTHER ASSISTANCE

The City’s Public Housing Authority is not listed as troubled by HUD.

DISCUSSION

Affordable housing needs are met by multiple service providers in the greater Clearwater area. The Clearwater Housing Authority currently administers public housing units and tenant-based vouchers (HCVs). Although the CHA plans to undergo a voluntary conversion of public housing properties, the CHA will continue to administer vouchers and will ensure that residents are housed in coordination with other housing providers. The City will continue to coordinate referrals with the CHA in order to connect low income residents with housing options.
AP-65 Homeless and Other Special Needs Activities

INTRODUCTION
In February 2012, the Pinellas County Coalition for the Homeless, Inc. and the Homeless Leadership Network merged into the Homeless Leadership Board (HLB). In January 2020, the HLB changed its name to the Homeless Leadership Alliance (HLA) and is a nonprofit 501(c)(3). The Pinellas County Homeless Leadership Alliance serves as the Continuum of Care (CoC) Lead Agency, Collaborative Applicant and HMIS Lead Agency. The HLA provides supplemental services, coordination and funding management to carry out the policy goals of the CoC. The mission of the HLA is to provide leadership in the planning, development and alignment of community advocacy, resources and strategies to prevent, divert and end homelessness in Pinellas County.

This section of the Annual Action Plan describes the City of Clearwater one-year goal and the specific actions steps it will undertake in the program year to carry out the homeless strategy identified in the Strategic Plan. Additionally, this section addresses any activities related to the supportive housing needs of non-homeless populations. The HLA serves as the lead agency for the CoC that addresses the needs of the homeless, and persons at risk of becoming homeless, in the greater Clearwater area.

DESCRIBE THE JURISDICTIONS ONE-YEAR GOALS AND ACTIONS FOR REDUCING AND ENDING HOMELESSNESS
Consistent with the Consolidated Plan’s Strategic Plan, the City of Clearwater will pursue the goal of helping to prevent and reduce homelessness within the City of Clearwater. It is the City’s objective to support the activities of the Pinellas County HLA and other members of the region’s CoC, a countywide consortium of homeless service providers.

The HLA partners with the Juvenile Welfare Board’s Children’s Services Council and 2-1-1 Tampa Bay Cares on the Family Services Initiative (FSI) that works with families with needs. The goal of the Family Services Initiative is to prevent homelessness while working on longer term issues and to have one place for families to make initial contact for help. FSI is publicized widely as the place for homeless and at-risk families to go for help. Homeless and at-risk families call 2-1-1 and are directed to specific triage staff for short assessment.
Additionally, outreach to the homeless is done by three full-time and two half-time Street Outreach Teams who cover major parts of the county five days a week. The Street Outreach Teams are the center of the Continuum of Care’s efforts to find and engage street homeless, in place, since late 2006. Each Street Outreach Team is composed of one law enforcement officer and one case manager. Additionally, Street Outreach individuals focus on finding unaccompanied youth. The Veterans Administration funds Veterans Outreach persons.

All the outreach personnel meet bi-monthly to discuss problems, identify increases/decreases in specific populations, problem-solve, and meet with providers of emergency mats and beds. Law enforcement staff members train their police departments on working with street homeless persons. Once a street homeless individual or couple seeks assistance, they are encouraged to go to Safe Harbor, the County’s emergency homeless shelter and jail diversion program designed to be a safe haven for the homeless, where they are assigned a case manager for assessment and referral to services, etc. Unaccompanied youth are referred to Family Resources and other youth programs to get them off the street. Street Outreach Teams also process individuals for entrance to Pinellas Hope, another homeless shelter operated by Catholic Charities.

For the first-year Action Plan, the City will support the following activities toward the goal of preventing and reducing homelessness:

- **Fresh Start Ministries and Mentoring** – A Case Manager will be hired to actively recruit volunteers, provide training, assign trained mentors to clients graduating from STARS and will coordinate with Community Service Foundation as well as probationers in the Clearwater probation office to obtain housing. Ongoing training quarterly by the Case Manager for all existing and new mentors will keep mentors updated with latest information on helping clients with input from other agencies, churches, nonprofits and local authorities. (25 people assisted)
- **St. Vincent de Paul** – Funding to expand case management to ensure long term success for our clients who are seeking opportunities for self-sufficiency. A newly hired case manager and new volunteer coordinator. (200 people assisted)
- **Homeless Emergency Project – Adult Shelter Rehabilitation** (800 people assisted)
- **Religious Community Services Family Shelter Services** – Shelter services and case management for families facing homelessness. (168 people assisted)
• Kimberly Home, Women’s Shelter Program – Supportive services and mentoring for pregnant women and new mothers at risk of homelessness (38 persons assisted)
• Westcare Gulfcoast Florida, Inc. – Case management for a behavioral and mental health program serving the homeless (1,135 persons assisted)
• Miracles Outreach – Independent Living Program for homeless youth and youth aging out of foster care (50 people assisted) [counted under Non-Homeless Special Needs goal]

In total, these activities will assist an estimated 2,416 persons during the first-year Action Plan by either preventing homelessness or reducing the duration of homelessness. Additionally, the City will support the rehabilitation of two (2) homeless shelter buildings (Salvation Army and Homeless Emergency Project) that will serve 5,800 persons.

REACHING OUT TO HOMELESS PERSONS (ESPECIALLY UNSHELTERED PERSONS) AND ASSESSING THEIR INDIVIDUAL NEEDS

Annually, the Pinellas County HLA conducts a Point-in-Time Homeless Report and prepares a Homeless Assessment Report, both of which document the extent of homelessness in the community. Furthermore, the City received input on the needs of the homeless population through the Consolidated Plan public meetings and community survey. This year, the priority needs of homeless persons include homeless services for youth and youth aging out of foster care, mental health services, substance abuse services, homeless facilities and shelters, and case management.

For the first-year Action Plan, the City of Clearwater will support four (4) case management activities, through Fresh Start Ministries, St. Vincent de Paul, Religious Community Services and Westcare Gulfcoast Florida, Inc., to assess the individual needs of homeless persons including the unsheltered.

ADDRESSING THE EMERGENCY SHELTER AND TRANSITIONAL HOUSING NEEDS OF HOMELESS PERSONS

As previously mentioned, the Pinellas County HLA annually conducts a Point-in-Time Homeless Report and prepares a Homeless Assessment Report, both of which document the extent of homelessness in the community. In addition to other metrics, these reports identify the number of person or families in emergency shelter or transitional housing.
In the Clearwater area, homeless services such as emergency shelter and transitional housing are provided by churches and non-profit organizations, including but not limited to Homeless Emergency Project, Inc. (Homeless Empowerment Program) (HEP), Kimberly Home, Boley Centers, Religious Community Services (RCS), Salvation Army, and Family Resources, Inc. (SafePlace2B), among others. Additionally, the Homeless Leadership Alliance maintains an online map-based directory targeted to homeless persons including contact information for emergency shelter, food and clothing assistance, and transitional housing services, including a map of Pinellas Suncoast Transit Authority (PSTA) bus routes.

The City makes it a goal of the Consolidated Plan to prevent and reduce homelessness within the City of Clearwater by supporting programs that offer shelter facilities and beds for the homeless, and by assisting agencies that engage in homeless prevention and service programs. For the first-year Action Plan, the City will support several agencies that provide emergency shelter and transitional housing.

**HELPING HOMELESS PERSONS (ESPECIALLY CHRONICALLY HOMELESS INDIVIDUALS AND FAMILIES, FAMILIES WITH CHILDREN, VETERANS AND THEIR FAMILIES, AND UNACCOMPANIED YOUTH) MAKE THE TRANSITION TO PERMANENT HOUSING AND INDEPENDENT LIVING, INCLUDING SHORTENING THE PERIOD OF TIME THAT INDIVIDUALS AND FAMILIES EXPERIENCE HOMELESSNESS, FACILITATING ACCESS FOR HOMELESS INDIVIDUALS AND FAMILIES TO AFFORDABLE HOUSING UNITS, AND PREVENTING INDIVIDUALS AND FAMILIES WHO WERE RECENTLY HOMELESS FROM BECOMING HOMELESS AGAIN**

The City will support, in coordination with the Pinellas County Homeless Leadership Alliance, activities to end chronic homelessness within the City of Clearwater. CoC member agencies actively work to assist homeless persons with making the transition to more permanent housing and preventing such persons from becoming homeless again. CoC members agencies support a “Housing First” approach to provide housing options regardless of whether individuals or families meet otherwise comment prerequisites for housing. National research around “Housing First” suggests that individuals and/or head of household members who have been homeless are more successful in achieving self-sufficiency when housing stability is acquired first, regardless of whether or not they are sober or financially self-sufficient in the beginning. Once their housing situation is stabilized, their ability to achieve sobriety, financial stability, or overcome other common barriers to housing dramatically improves. This is typically achieved by Rapid Re-Housing, and other interim housing strategies such as targeted transitional and permanent supportive housing, to obtain housing quickly, increase self-sufficiency, and stay housed.
For the first-year Action Plan, the City has identified no specific activities to this end; however, the City will support an array of activities that, when combined, may shorten the duration of homelessness, help persons transition to more stable housing, and/or provide access to affordable housing. These activities include case management, emergency shelter and transitional housing, behavioral and mental health services, supportive services for the elderly, facilities for the disabled, referrals to appropriate housing providers, affordable housing unit construction or rehabilitation, homebuyer education, down payment assistance, and access to economic opportunities.

HELPING LOW-INCOME INDIVIDUALS AND FAMILIES AVOID BECOMING HOMELESS, ESPECIALLY EXTREMELY LOW-INCOME INDIVIDUALS AND FAMILIES AND THOSE WHO ARE: BEING DISCHARGED FROM PUBLICLY FUNDED INSTITUTIONS AND SYSTEMS OF CARE (SUCH AS HEALTH CARE FACILITIES, MENTAL HEALTH FACILITIES, FOSTER CARE AND OTHER YOUTH FACILITIES, AND CORRECTIONS PROGRAMS AND INSTITUTIONS); OR, RECEIVING ASSISTANCE FROM PUBLIC OR PRIVATE AGENCIES THAT ADDRESS HOUSING, HEALTH, SOCIAL SERVICES, EMPLOYMENT, EDUCATION, OR YOUTH NEEDS

For the first year Action Plan, the City of Clearwater will continue to coordinate referrals for facilities and services available in the community that support low-income individuals and families. In addition to the programmed homeless activities at Religious Community Services – Safe House, Homeless Emergency Project, Inc., Westcare Gulfcoast Florida, Inc. and The Kimberly Home, Inc., the City will support facility improvements and public service activities at Directions For Living, Intercultural Advocacy Institute, Inc., Safety Harbor Neighborhood Family Center, Inc. and Miracles Outreach Community Development Center, Inc.

The City intends to fund Pinellas Ex-Offender Re-Entry Coalition. This program, MOVE UP (Manufacturing Opportunities in Vocational Education for Underrepresented Populations), provides a manufacturing internship to create workplace experiences with the intent to transfer into long-term, upwardly mobile careers in manufacturing.

The City will continue to work with housing and homeless service providers to implement a cohesive, community-wide discharge coordination policy that can be successfully implemented to ensure that persons being discharged from publicly funded agencies and institutions do not become homeless upon release. Examples of such efforts include the Pinellas County Sherriff Department’s Operation PAR,
which allows ex-inmates to receive substance abuse treatment; and the State’s “Transition from Prison to Community Initiative” (TPCI).

**DISCUSSION**

For the first-year Action Plan, the City has programmed an array of homeless service activities to address the need for case management, emergency shelter and transitional housing, and behavioral and mental health services, as well as referrals to appropriate housing providers and other assistance. The City will continue to coordinate with the Pinellas County HLA and the Continuum of Care, including numerous homeless service providers operating in the greater Clearwater area.
AP-75 Barriers to Affordable Housing

INTRODUCTION
This section of the Annual Action Plan summarizes actions the City of Clearwater will undertake during the program year to reduce barriers to affordable housing and influence whether the cost of housing or the incentives to develop, maintain, or improve affordable housing are affected by public policies, particularly those of the local jurisdiction. Such policies include land use controls, zoning ordinances, building codes, and policies that affect the return on residential investment.

ACTIONS IT PLANNED TO REMOVE OR AMELIORATE THE NEGATIVE EFFECTS OF PUBLIC POLICIES THAT SERVE AS BARRIERS TO AFFORDABLE HOUSING SUCH AS LAND USE CONTROLS, TAX POLICIES AFFECTING LAND, ZONING ORDINANCES, BUILDING CODES, FEES AND CHARGES, GROWTH LIMITATIONS, AND POLICIES AFFECTING THE RETURN ON RESIDENTIAL INVESTMENT
The City of Clearwater has several programs that it utilizes to remove or ameliorate the negative effects of public policies that are barriers to affordable housing. These programs are documented in the City’s 2018-2021 Local Housing Assistance Plan (LHAP). The City’s ongoing actions to remove or ameliorate the barriers to affordable housing, as identified in the City’s LHAP and LHIS documents, include the following:

- Expedited permitting review process
- Modification of fees (i.e., rate flexibility)
- Flexible densities
- Accessory dwelling units
- Parking reductions
- Flexible lot configurations
- Pre-adoptions policy consideration
- Inventory of public lands
- Proximity to transportation, employment, and mixed-use development
- Adaptive reuse
- Land development code
- Communication and marketing of affordable housing
- Financing
- Partnerships
See also SP-55, "Barriers to Affordable Housing" for more detailed explanations of the barriers to affordable housing identified in the LHAP and LHIS documents.

**DISCUSSION**

The City of Clearwater will continue to implement the programs that it utilizes to remove or ameliorate the negative effects of public policies that are barriers to affordable housing. These programs are detailed in the City’s 2018 LHAP report. Of note, the City is coordinating with Pinellas County in preparation of a regional Analysis of Impediments to Fair Housing Choice which will be completed in the summer of 2020.
AP-85 Other Actions

INTRODUCTION
This section of the Annual Action Plan describes the City of Clearwater’ planned actions to carry out the following strategies outlined in the Strategic Plan:

• Foster and maintain affordable housing.
• Evaluate and reduce lead-based paint hazards.
• Reduce the number of poverties-level families.
• Develop institutional structure; and
• Enhance coordination.

In addition, the City has identified obstacles to meeting underserved needs and proposed actions to overcome those obstacles.

ACTIONS PLANNED TO ADDRESS OBSTACLES TO MEETING UNDERSERVED NEEDS
The major obstacle to meeting underserved needs is the lack of financial resources among housing and public service providers that support the City’s institutional delivery structure.

To address such obstacles, the City of Clearwater will administer CDBG funds to pursue the goal of enhancing the living environment for persons in low- and moderate-income areas through community development activities, public service programs, and the elimination of blight. Priority will be given to the City’s Neighborhood Revitalization Strategy Areas, where need is greatest. The City will also pursue the goal of expanding the accessibility and coordination of social services to the City of Clearwater special needs population.

Some of the programmed activities to meet underserved needs during the first year include, but are not limited to, the following:

• North Greenwood Development – The development of affordable rental housing in this NRSA.
• Belmont Park Improvements – Park Improvements within the Lake Bellevue NRSA
• Kimberly Home Transitional Housing Program – Benefitting pregnant women and new mothers
• Pinellas Opportunity Council – CHORE Services program serving the elderly
• Religious Community Services – Facility improvements benefitting victims of domestic violence
• The Arc of Tampa Bay – Facility improvements benefitting the disabled

Additional activities to meet underserved needs are described previously with regard to homelessness (AP-65) and subsequently with regard to affordable housing and economic development (AP-85, as follows).

**ACTIONS PLANNED TO FOSTER AND MAINTAIN AFFORDABLE HOUSING**

Consistent with the Consolidated Plan’s Strategic Plan, the City will pursue the goal of providing availability of, and access to, decent affordable housing for the residents of the City of Clearwater. To this end, the City has programmed 14 housing activities that meet the following objectives of the Strategic Plan:

• Preserve the existing housing stock.
• Increase the availability of affordable housing units.
• Assist qualified low- and moderate-income households to become homeowners through supporting agencies that provide housing counseling.
• Provide mortgage assistance for low- and moderate-income homebuyers.
• Provide rental and utility assistance for low- and moderate-income persons.

Programmed activities to foster and maintain affordable housing during the first year include the following:

• Owner and Renter rehabilitation programs
• Construction of new owner and renter occupied housing
• Community Housing Development Organization (CHDO) housing activities
• Revolving Loan Program to offer loans for homeowners and non-profit agencies for eligible housing activities

These activities preserve the existing housing stock through rehabilitation of aging units, increase the availability of affordable housing through new construction, and improve access to affordable housing through homebuyer education and down payment assistance for qualified low- and moderate-income households.
ACTIONS PLANNED TO REDUCE LEAD-BASED PAINT HAZARDS
The City will continue to include lead-based paint education and mitigation measures in all housing rehabilitation activities and, if needed, will identify and apply for additional funding resources to finance abatement. Contractors are required to be trained and certified to supervise removal of lead-based paint hazards in order to comply with HUD regulations. Furthermore, sub-recipients of the City’s CDBG and HOME funding devise their own lead-based paint hazard programs to comply with HUD regulations for rehabilitation projects.

Additionally, the City will continue to coordinate with agencies in the Clearwater area that screen residents for elevated blood lead levels (EBL) and inspect housing units for lead-based paint hazards. These agencies include the Pinellas County Health Department and the Clearwater and Pinellas County housing authorities, among others.

ACTIONS PLANNED TO REDUCE THE NUMBER OF POVERTY-LEVEL FAMILIES
According to the 2014-2018 American Community Survey (ACS) estimates, 16% percent of people living in the City of Clearwater are at poverty level or below. To combat this trend, the City of Clearwater will continue to coordinate with a number of agencies that support poverty-level families. These agencies also provide services to other homeless and non-homeless special needs populations, as well as to low- and moderate-income families. Such services include referrals to affordable housing, employment assistance/job training, and other activities to promote economic opportunity.

For the first-year Action Plan, the City of Clearwater will support two (2) activities, through the Intercultural Advocacy Institute and Safety Harbor Neighborhood Family Center, to provide family advocacy and mentoring toward academic and employment success, as well as self-sufficiency. The Intercultural Advocacy Institute serves Clearwater’s Hispanic community, whereas the Safety Harbor Neighborhood Family Center serves a broader population. Additionally, the City of Clearwater, through its Economic Development and Housing Department, will promote economic opportunity by providing technical assistance to small businesses and job training programs.

ACTIONS PLANNED TO DEVELOP INSTITUTIONAL STRUCTURE
The City of Clearwater has a strong institutional delivery structure. The City will continue to work with its own departments and various housing and public service providers, as well as partners of their
programs, in an effort to expand opportunities and to make continuous improvements to the institutional structure. Continued actions will include solicitation of feedback on referral processes and other means of coordination between such providers and the City of Clearwater.

For the first-year Action Plan, the City will support an array of activities that strengthen the institutional structure’s ability to serve persons of low- and moderate-income, persons with special needs, and the homeless. These activities include case management, emergency shelter and transitional housing, behavioral and mental health services, supportive services for the elderly, facilities for the disabled, referrals to appropriate housing providers, affordable housing unit construction or rehabilitation, homebuyer education, down payment assistance, and access to economic opportunities.

**ACTIONS PLANNED TO ENHANCE COORDINATION BETWEEN PUBLIC AND PRIVATE HOUSING AND SOCIAL SERVICE AGENCIES**

The City of Clearwater will continue to coordinate with housing and public service providers to develop an effective institutional structure and enhance inter-agency coordination.

The City continues to work with regional housing authorities, such as the Clearwater Housing Authority and Pinellas County Housing Authority, to improve access to public housing and tenant-based assistance. Although funding for public housing authorities is limited, and competition for affordable housing is high, these agencies continue to provide housing-related activities, such as rental assistance, rehabilitation, and new construction, for low-income persons. Input from public housing authorities is regularly solicited during preparation of the City’s annual Action Plan.

Additionally, the City promotes coordination between non-profit and private for-profit housing providers through its Neighborhood and Affordable Housing Advisory Board (NAHAB), through the SHIP-mandated Affordable Housing Advisory Committee (AHAC) in conjunction with the LHAP and LHIS reports, and through the annual Action Plan process. Moreover, annual meetings in conjunction with the Action Plan provide an opportunity for these providers to interact.

Public service providers in the greater Clearwater area provide a wide array of services to low- and moderate-income persons. These organizations typically have a specific target population that they serve (e.g. the homeless, persons with special needs, low-income families, etc.), and accordingly possess
a level of knowledge and expertise that is invaluable when identifying underserved needs. The continuation and expansion of these public services will be encouraged over the first year by means of matching programs with funding, as available. The City recognizes that improved coordination between housing and public service providers will continue to be critical action toward preventing homelessness. Therefore, input from public service providers is regularly solicited during preparation of the City’s annual Action Plan.

**DISCUSSION**

For the first year Action Plan, the City will support activities that will address underserved needs through community development and public services; foster and maintain affordable housing through rehabilitation, new construction, and homebuyer assistance; reduce lead-based paint hazards through responsible rehabilitation; reduce the number of poverty-level families through a combination of mentoring and economic development; and develop institutional structure through a network of community partners, including the City and its departments. Additionally, the City will continue to encourage coordination between public housing authorities, non-profit and private for-profit housing providers, and public service providers through the NAHAB and AHAC, annual Action Plan participation, and regular day-to-day referrals through the Economic Development and Housing Department.
AP-90 Program Specific Requirements

INTRODUCTION

This section addresses the program-specific requirements for the Annual Action Plan.

COMMUNITY DEVELOPMENT BLOCK GRANT PROGRAM (CDBG) REFERENCE 24 CFR 91.220. (I)(1)

Projects planned with all CDBG funds expected to be available during the year are identified in Table 59. Table 64 identifies any program income that is available for use that is included in projects to be carried out.

Table 65 – Other CDBG Requirements
HOME INVESTMENT PARTNERSHIP PROGRAM (HOME) REFERENCE 24 CFR 91.220(I)(2)

1. A description of other forms of investment being used beyond those identified in Section 92.205 is as follows:
   The City will use funding from the State Housing Initiatives Program (SHIP) and/or the Pinellas County Housing Trust Fund for the matching requirements under the HOME program.

2. A description of the guidelines that will be used for resale or recapture of HOME funds when used for homebuyer activities as required in 92.254, is as follows:
   Recaptured funds are HOME funds which are recouped by the City when HOME-assisted homeownership housing does not continue to be the principal residence of the assisted homebuyer for the full affordability period. The City will use the recapture method to obtain these funds. The recapture provision is subject to the limitation that when the recapture requirement is triggered by a sale, voluntary or involuntary, of the housing unit, and there are no net proceeds or the net proceeds are insufficient to repay the HOME investment due, the City can only recapture the net proceeds, if any. The net proceeds are the sales price minus the superior loan repayment and closing costs. This language is included in the loan documents. Such funds will be placed in the City’s HOME Investment Trust fund. These funds will be used by the City for other eligible HOME activities.

3. A description of the guidelines for resale or recapture that ensures the affordability of units acquired with HOME funds? See 24 CFR 92.254(a)(4) are as follows:
   See the response to number 2, above.

4. Plans for using HOME funds to refinance existing debt secured by multifamily housing that is rehabilitated with HOME funds along with a description of the refinancing guidelines required that will be used under 24 CFR 92.206(b), are as follows:
   The City will not use HOME funds to refinance the existing debt for multi-family projects.

DISCUSSION
The City of Clearwater anticipates $713,000 in program income (including $575,000 in converted NSP3 funds, $48,000 from the revolving loan programs, and $90,000 in other income). Additionally, the City will carry into 2020/2021 a balance of $1,145,000 in the Revolving Loan Fund for continued housing activities shown in Table 59. The City has not identified funds for urgent need activities at this time;
however, the percentage of overall benefit to low- and moderate-income persons is expected to be 100%. The City of Clearwater has calculated the percentage of overall benefit based on the first program year (2020/2021).
Citizen Participation Plan

STATEMENT OF PURPOSE

The City of Clearwater Citizen Participation Plan provides for a process that will promote public participation in the identification of local needs and priorities in regards to the City’s planned expenditures dealing with the Community Development Block Grant (CDBG) and HOME Investment Partnership (HOME) programs. The City of Clearwater encourages citizens to participate in the following activities related to these programs:

- Citizen Participation Plan
- Consolidated Plan
- Annual Action Plan
- Fair Housing reports, such as Assessment of Fair Housing (AFH) or Analysis of Impediments to Fair Housing Choice (AI)
- Consolidated Annual Performance and Evaluation Report (CAPER)
- Identification of needs and priorities
- Program amendments
- Program implementation
- Federal regulatory changes
- Performance assessments
- Consideration of objections and complaints

Regulation 24 CFR Part 91.105 requires the City to develop a plan that encourages participation by very-low and low-income persons, especially those living in targeted slum and blighted areas, in revitalization areas, or areas where Federal funds are proposed to be used. While the regulation allows each local
governing body the flexibility in meeting the requirements, it does mandate certain guidelines. These requirements include developing and publicizing a plan for citizen participation in the formulation of grant applications and program development.

The City of Clearwater encourages all citizens to participate in the development of local Housing and Community Development programs, with particular emphasis on participation by persons of low and moderate income that are residents of areas targeted for funding. The City also encourages minorities and non-English speaking persons, and persons with mobility, visual or hearing impairments to participate in the process. The City of Clearwater will provide citizens with access to local meetings, information, and records relating to the proposed use of funds.

CONSULTATION
The regulations in 24 CFR Part 91.100 establishes the minimum requirements the City will follow to consult with the public on the needs of the community that can be addressed with federal housing and community development funding. These regulations require the City to consult with the following entities when preparing the Consolidated Plan, Annual Action Plan, and Fair Housing reports:

- The City shall consult with other public and private agencies that provide assisted housing, health services, and social services (including those focusing on services to children, elderly persons, persons with disabilities, persons with HIV/AIDS and their families and homeless persons) during preparation of such plans.
- The City shall consult with organizations that enforce Fair Housing laws and that represent protected class members and groups with regard to Fair Housing.
- The City shall consult with State or local health and child welfare agencies and examine existing data related to lead-based paint hazards and poisonings, including health department data on the addresses of housing units in which children have been identified as lead poisoned.
- When preparing the description of priority non-housing community development needs, the City shall notify adjacent units of general local government, to the extent practical. The non-housing community development plan must be submitted to the state, and, if the jurisdiction is a CDBG entitlement grantee other than an urban county, to the county.
- The City shall consult with adjacent units of general local government, including local government agencies with metropolitan-wide planning responsibilities where they exist,
particularly for problems and solutions that go beyond a single jurisdiction, to the extent practical.

- The City shall consult with the local public housing agency participating in an approved Comprehensive Grant program concerning consideration of public housing needs, planned programs and activities, and strategies for affirmatively furthering Fair Housing. The City of Clearwater will encourage participation of public and assisted housing residents in the preparation of such plans.

**PHILOSOPHY OF CITIZEN INVOLVEMENT**

Citizen participation is important in the development of the Consolidated Plan, Annual Action Plan, Fair Housing reports, and CAPER, and any substantial amendments or revisions to these documents. This plan emphasizes the need for a broad range of citizen opinion in the establishment of goals, objectives, projects, and priorities in the use of CDBG and HOME or other funds that the City receives and in the application, monitoring, and evaluation of funded programs.

The philosophy that governs the planning process supports and encourages all sectors of the community to participate in the development of Clearwater’s grant applications and in all phases of the City’s federal and state programs, and to insure that as many citizens as possible receive adequate information to form their recommendations.

The role of the Housing Division staff is to educate citizens, solicit their opinions, and translate these opinions into specific recommendations within the program planning framework. Citizens should see their recommendations as advisory, recognizing that the final authority for decision-making rests with the City Council.

**NEIGHBORHOOD AND AFFORDABLE HOUSING ADVISORY BOARD**

Listed below are various sections from the City’s Neighborhood and Affordable Housing Advisory Board (NAHAB) ordinance. The City Council has created the NAHAB, consisting of seven members who are residents of the City. Members shall be appointed by the City Council. The board shall include the following:
1. One citizen who is actively engaged in the residential building industry and/or those areas of labor engaged in residential building industry
2. One citizen who is actively engaged in the banking or mortgage industry
3. One citizen who is designated as an advocate for low-income persons
4. One citizen who is a provider of affordable housing and/or a real estate professional
5. One citizen who is a resident of one of the City’s Neighborhood Revitalization Strategy Areas
6. One citizen who is a resident of the City
7. One citizen who is a resident of East Clearwater

The NAHAB shall elect from its membership a chairperson, a vice-chairperson, and such other officers as the board may find necessary. Each officer of the board shall serve for a term of one year. The chairperson shall not serve consecutive terms as chairperson.

The City Manager shall designate a city employee to serve as staff liaison for the board and to assist the board in the performance of its duties, including the appointment of a recording secretary to meet the board’s administrative needs. Any request by the board for information, reports, or other significant work efforts that will reasonably be expected to exceed eight hours of staff time shall require advanced approval of City Council.

POWERS AND DUTIES OF THE NAHAB

The board shall have the following powers and duties:

1. Review the programs of the City which are directed to improving the physical environment and lifestyle of low- to moderate-income people assisted by the various federal and state housing and community development programs the City receives, by:
   a. Assessing neighborhood needs
   b. Formulating neighborhood goals and objectives
   c. Establishing priorities for projects within neighborhoods
   d. Monitoring programs
   e. Evaluating programs.

2. The monitoring and evaluation of programs may, include the following activities:
   a. Attending and participating in public hearings regarding the programs
   b. Reviewing condition data
c. Reporting citizen reactions to projects and programs

d. Reviewing reports regarding projects and program activities

e. Reviewing goals and objectives and recommending priorities for the order in which activities are to be undertaken

f. Reviewing applications for the funding of selected programs

3. Make recommendations to the City Manager and City Council regarding such programs.

4. Carry out the duties of an advisory committee when and to the extent that an advisory committee may be required for the various state and federal housing and community development programs the City receives.

CITIZEN INVOLVEMENT

Process

The City of Clearwater encourages all citizens to participate in the development of the Consolidated Plan, Annual Action Plan, Fair Housing reports, and CAPER, and any substantial amendments or revisions to these documents. This Citizen Participation Plan places particular emphasis on participation by very-low- to moderate-income persons, particularly those living in slum and blighted areas and in areas where federal housing and community development funds are proposed to be used, and by residents of predominantly low- and moderate-income neighborhoods. The City will take whatever actions are appropriate to encourage the participation by minorities and non-English speaking persons, as well as persons with disabilities.

The City will solicit citizen involvement at the community level through public meetings and hearings on community development matters.

1. All aspects of citizen participation shall be conducted openly with freedom of access to all meetings, information, and public records by all interested persons.

2. The NAHAB and the Housing Division will solicit the involvement and opinions of low- and moderate-income persons, members of minority groups, residents of the target areas, the elderly, persons with disabilities, and other persons directly affected by, or interested in, the community development programs.

3. Where applicable the NAHAB will participate through all stages of the program, including development of the application, program implementation, monitoring, and evaluation.
4. The Housing Division and the NAHAB will provide the citizens of Clearwater with adequate and timely information, through press releases, advertisements, television programming and neighborhood meetings to enable them to be involved in decisions at various stages of the program.

5. To ensure that opportunities are available to hearing impaired citizens to participate in the process, the City has installed a telephone device system for the deaf.

6. To ensure that opportunities are available to non-English speaking people to participate in the process, the City will provide an English translator for public hearings where many non-English speaking residents are expected to participate.

7. The City will also take measures to encourage participation of residents of public and assisted housing developments low-income areas, and residents of targeted revitalization areas.

8. Clearwater will provide citizens with access to local meetings, information, and records relating to our proposed use of funds. The Housing Division will offer technical assistance to develop program proposals for groups representing persons of low and moderate income.

9. The City will hold public hearings to obtain citizen views and respond to citizen proposals and questions about proposed activities and program performance. The City will provide written answers, within 15 working days, to written complaints and grievances. The City encourages minorities and non-English speaking persons, and persons with mobility, visual or hearing impairments to participate in the process.

**Scope of Participation**

The NAHAB, as citizen representatives, shall participate through all stages of the program and, with the Housing Division, will be responsible for the development and inclusion of citizen comments.

The NAHAB is to comment on all plans and programs they feel necessary before they are submitted to the City Council for public hearings. These plans and programs may include:

1. Citizen Participation Plan
2. Consolidated Plan
3. Annual Action Plan
4. Fair Housing reports
5. Local Housing Assistance Plan (LHAP)
7. Subsequent amendments, revisions, and other changes to the above  
8. Identifying community development and housing needs, and the setting of priorities

The NAHAB is to act as an advisory committee for any programs becoming operational under the Housing Division. With City Council approval, the Housing Division and/or their designees may directly assist in the operation of certain types of activities such as, but not limited to, other types of involvement that become feasible as tools to carry out the programs administered by the Housing Division.

The NAHAB is to be given regular progress reports concerning implementation of activities funded under the Housing Division and will solicit direct opinion from individuals and groups directly affected by ongoing activities about the effective performance of the implemented activities.

**Submission of Views and Proposals**

The Housing Division and the NAHAB encourage the submission of views and proposals regarding programs by citizens, particularly those low- and moderate-income persons residing within targeted areas. This includes submission of such views:

1. Directly to the City during the planning period before public hearings on the application.  
2. Directly to the NAHAB during regularly scheduled meetings.  
3. At neighborhood and other public meetings scheduled by the Housing Division and/or the NAHAB before public hearings.  
4. At formal public hearings. The Housing Division shall respond to all proposals submitted directly to the department, and/or referred by the NAHAB, including written responses to written proposals stating the reasons for the actions taken by the City on the proposal.

**PROGRAM AMENDMENT CRITERIA**

For the purposes of this Plan, “substantial” amendments to the City’s Consolidated Plan and/or Annual Action Plan, shall be defined as and will be necessary when:
1. There is a reallocation/reprogramming of funds equaling more than 25 percent in the aggregate of the City’s combined CDBG and HOME allocations to an activity(s) previously described in the Consolidated Plan and/or Annual Action Plan(s)

2. A decision is made to carry out an activity not previously described in the Consolidated Plan and/or Annual Action Plan(s), including program income

3. The purpose, scope, location(s) or beneficiaries of an activity are substantially changed. An activity will be considered substantially changed when any of the following criteria applies:
   a. The activity will no longer principally benefit the targeted population as identified in the Consolidated Plan and/or Annual Action Plan(s).
   b. The activity will no longer address the low- and moderate-income needs identified in the Consolidated Plan and/or Annual Action Plan(s) or the activity ceases to address the qualifying National Objectives as per 24 CFR Part 570.208.
   c. The activity location changes so that the completed activity will principally serve beneficiaries other than those originally intended.
   d. The scope of the activity has increased to the point where its completion would result in the inability to carry out another approved activity, or would require reducing the scope of another activity to a point where it would not accomplish its intended purpose.

Additionally, for the purposes of this Plan, “revisions” to the City’s Fair Housing reports, including the Assessment of Fair Housing (AFH) and Analysis of Impediments to Fair Housing Choice (AI), shall be defined as and will be necessary when:

1. There is a material change in circumstances in the jurisdiction that affects the information on which the AFH or AI is based, to the extent that the analysis, the fair housing contributing factors, or the priorities and goals of the AFH or AI no longer reflect the actual circumstances.

The City will adhere to all internal City policies in terms of notifying and obtaining proper approvals on all substantial amendments or revisions.

Before making any substantial amendments to the Consolidated Plan and/or Annual Action Plan(s), or any revisions to Fair Housing reports, the City shall provide citizens with information concerning the proposed change(s) and an opportunity to comment on the proposed amendments or revisions and
provide reasonable notice of such proposed changes. The City shall consider such comments and modify
the proposed changes as appropriate. The City shall make available to the public, and to the U.S.
Department of Housing and Urban Development (HUD), a description of such changes as adopted. The
City will provide a period, not less than 30 days, to receive comments on the substantial amendments or
revisions before the amendments or revisions are implemented. The City of Clearwater will consider any
comments or views of citizens received in writing, or orally at public hearings, in preparing substantial
amendments to the Consolidated Plan and Annual Action Plan or revisions to Fair Housing reports. A
summary of these comments or views shall be attached to any substantial amendments to the
Consolidated Plan and Annual Action Plan, or revisions to Fair Housing reports.

**TECHNICAL ASSISTANCE**

The Housing Division shall provide technical assistance through staff or other resources. Such assistance
shall be available regularly:

1. To the NAHAB for their participation in planning, implementation, monitoring, and evaluation
2. To groups representing persons of low and moderate income that request assistance
developing proposals for funding under any of the programs covered by the Consolidated Plan
and/or Annual Action Plan(s)
3. To assist citizens in carrying out Consolidated Plan and/or Annual Action Plan(s) activities.

**ADEQUATE INFORMATION**

The City, through the Housing Division will provide full disclosure and public access to citizens, public
agencies, and interested parties, of all program information. The information will include the following:

1. The expected funds to be available (including annual grants, program income and any un-
programmed funds)
2. The range of activities that may be undertaken with those funds
3. The estimated funds proposed for activities that will benefit low- and moderate-income persons
4. The proposed activities likely to result in displacement and the City’s plans for minimizing such
displacement of persons because of its proposed activities
5. The types and levels of assistance the City will make available (or to require others to make
available) to persons displaced by funded activities, even if the City expects no such
displacement to occur.
6. The City will publish a summary of the proposed Consolidated Plan, Annual Action Plan, Fair Housing reports, or any substantial amendments or revisions, in a local newspaper for 30-day public comment before such plans or amendments/revisions are submitted to HUD for review. The advertisement will also identify a location in which interested parties can view the entire document or obtain a copy of such plans. The City will provide copies of such plans or amendments/revisions upon request.

ACCESS TO RECORDS
The City will provide citizens, public agencies, and other interested parties with reasonable and timely access to information and records about the City’s Consolidated Plan, Annual Action Plan, Fair Housing reports, and CAPER, and the City’s use of funding under the programs covered by these plans.

CITIZEN COMMENTS

Consolidated Plan, Annual Action Plan, and Fair Housing Reports
The City will provide citizens with a reasonable opportunity to comment on the Consolidated Plan, Annual Action Plan, and Fair Housing reports. The City will publish in local newspapers, such as the Tampa Bay Times, a notice of availability and summary of the proposed Consolidated Plan, Annual Action Plan, and/or Fair Housing reports. Copies of the proposed documents will be available in several areas throughout the City including the City’s website, public libraries, and the City’s Housing Division and City Clerk Departments.

The City will establish a 30-day comment period on the Consolidated Plan, Annual Action Plan, and Fair Housing reports to receive public comments. The City will consider any comments or views of citizens received in writing, or orally at the public hearings, in preparation of final documents. A summary of any comments or views shall be attached to final documents.

Performance Reports
The City will provide citizens with reasonable notice and an opportunity to comment on the annual CAPER report. Copies of the CAPER will be available in several areas throughout the City including the City’s website, public libraries, and the City’s Housing Division and City Clerk Departments. The Citizen Participation Plan provides a period of not less than 15 days, to receive public comments on the annual CAPER report before its submission.
The City will consider any comments or views of citizens received in writing, or orally at public hearings, in preparing the performance report. A summary of these comments or views shall be attached to the final report.

**PUBLIC HEARINGS**

The City will hold public hearings to address housing and community development needs, development of proposed activities, and the review of program performance. Public hearings will seek to obtain citizen views and respond to citizen proposals and questions.

The City will hold at least two public hearings on the Consolidated Plan and Fair Housing reports, one of which must be held before each document is published for public comments. The City will hold at least one public hearing on the Citizen Participation Plan, Annual Action Plan, and CAPER.

For the purposes of the Citizen Participation Plan, Consolidated Plan, Annual Action Plan, Fair Housing reports, and CAPER, a meeting of the NAHAB will be considered a Public Hearing.

The City will place an ad in the local newspaper 10 days before each public hearing to notify the citizens of each hearing, with sufficient information about the subject of the hearing to allow informed comments. The public hearings will be held at times and locations convenient to potential and actual beneficiaries, and with accommodations for persons with disabilities. The City will also provide translation for non-English speaking residents at public hearings where many non-English speaking residents are expected to participate.

**RESIDENTIAL ANTI-DISPLACEMENT AND RELOCATION ASSISTANCE**

According to section 104(d) of the Act, the City will adopt, make public, and certify that it is following a residential anti-displacement and relocation assistance plan providing one-for-one replacement units (paragraph (c)(1) of this section), and relocation assistance (paragraph (c)(2) of this section).

Before the City enters a contract committing it to provide funds under this part of any activity that will directly result in the demolition of low/moderate-income dwelling units or the conversion of very-low to
moderate-income dwelling units to another use, the City will make public, and submit the following information in writing to the HUD Field Office for monitoring purposes:

A. A description of the proposed assisted activity
B. The location on a map and the number of dwelling units by size (number of bedrooms) that will be demolished or converted to a use other than for low/moderate-income dwelling units as a direct result of the assisted activity;
C. A time schedule for the commencement and completion of the demolition or conversion;
D. The location on a map and the number of dwelling units by size (number of bedrooms) that will be provided as replacement dwelling units. If such data is not available at the time of the general submission, the submission shall identify the general location on an area map and the approximate number of dwelling units by size, and information identifying the specific location and number of dwelling units by size shall be submitted and disclosed to the public when it is available
E. The source of funding and a time schedule for the provision of replacement dwelling units
F. The basis for concluding that each replacement dwelling unit will remain a low/ moderate-income dwelling unit for at least 10 years from the date of initial occupancy
G. Information demonstrating that any proposed replacement of dwelling units with smaller dwelling units (e.g., a 2-bedroom unit with two 1-bedroom units) is consistent with the needs analysis.

CONSIDERATION OF COMPLAINTS AND GRIEVANCES
Any complaint or grievance initiated by a citizen and received in written form should first be referred for administrative disposition to the Housing Division Assistant Director who shall reply directly to the citizen in written form within 15 days of receipt, and further indicate to the citizen avenues of appeal available. If the citizen is not satisfied with the determination of the Housing Division Assistant Director, he/she may appeal to NAHAB presenting the complaint in written or oral form. The NAHAB may decide that the staff has sufficiently addressed the problem and take no further action or it may request that staff respond in another manner.
DOCUMENTS
Documents used for the Housing Division administered federal and state programs shall be available upon request, during normal working hours. Copies of the following materials shall be available from the Housing Division located at City Hall.

1. All mailings and promotional material
2. Records of hearings
3. All key documents, including all prior applications, letters of approval, performance reports, evaluation reports, Assessments of Fair Housing, other reports required by HUD and the State of Florida, and the proposed and approved Consolidated Plan and/or Annual Action Plan for the current year
4. Copies of regulations and issuances governing the program

To give adequate notice of public hearing:

1. Prior to each public hearing, the City shall publish notice in easily readable type, no smaller than seven point, in the non-legal section of a newspaper of general circulation reaching persons of low/moderate income.
2. The City may supplement this with advertisements in neighborhood newspapers or periodicals serving low/moderate-income neighborhoods.
3. The City shall, if required and at the determination of the City Attorney, publish additional legal notice. Such notices shall show the dates, times, places and procedures of the hearing, the topics to be considered, basic information about the program, and the procedures and timing being followed in the development and approval of the application
4. The City may, as appropriate, use radio, television, newspapers, websites, and other media to publicize public hearings.

POINTS OF CONTACT
As a guide for citizen interaction through the Consolidated Planning process, the following specific contacts are furnished:
**Local Government:**

Chuck Lane, Assistant Director of Economic Development and Housing  
P. O. Box 4748, Clearwater, FL 33758  
Phone: (727) 562-4023

Denise Sanderson, Director of Economic Development and Housing  
P. O. Box 4748, Clearwater, FL 33758  
Phone: (727) 562-4031

Bill Horne, City Manager  
P. O. Box 4748, Clearwater, FL 33758  
Phone: (727) 562-4040

Frank Hibbard, Mayor  
City of Clearwater  
P. O. Box 4748, Clearwater, FL 33758  
Phone: (727) 562-4050

**Neighborhood and Affordable Housing Advisory Board (NAHAB):**

Peter Scalia, Chair  
P. O. Box 4748, Clearwater, FL 33758  
Phone: (727) 562-4030

**The United States of America:**

Lisa Hill, Director of Community Planning & Development  
U.S. Dept. of Housing & Urban Development  
400 West Bay Street, Suite 1015  
Jacksonville, FL 32202  
Phone: (904) 208-6077

**MEDIA USAGE**

All requisite public notices and advertisements shall be advertised in the Tampa Bay Times. Additionally, supplementary advertisements and notices may be placed in The Weekly Challenger and other publications. Also, notices shall be published on the City of Clearwater website at www.myclearwater.com/housing.
DEPOSITORIES OF INFORMATION

All program documents, including all mailings and promotional material; records, prior applications; grant agreements; this plan; performance reports; evaluation reports; regulations and any other documentation concerning the CDBG, HOME, and SHIP programs are available during normal working hours at the Economic Development & Housing Department.

Copies of any documentation will be furnished to interested persons upon request and without charge by that office.

In addition, copies of the current Citizen’s Participation Plan, the Consolidated Plan, Annual Action Plan(s) and the most recent performance report are available for inspection at the following location:

Economic Development & Housing Department
City of Clearwater Offices
One Clearwater Tower, 6th Floor
600 Cleveland St.
Clearwater, FL 33755

CITIZEN INVOLVEMENT DURING EMERGENCY SITUATIONS

In the event that the conditions or urgent needs of a national, state, or local emergency limit the City’s ability to carry-out the citizen participation plan process outlined in this Citizen Participation Plan; the City hereby establishes expedited procedures for citizen involvement. These expedited procedures may apply to all HUD-related plans and reporting documents, including the Consolidated Plan, Annual Action Plan, CAPER, Fair Housing reports, and substantial amendments.

- Any required public notice and comment period may be reduced to five (5) days in duration, or the minimum number of days advised by any HUD waiver of citizen participation requirements.
- If in-person public hearings are not allowed for the health and safety reasons cited by national, state, or local authorities, public hearing requirements may be met with virtual public hearings if such virtual public hearings provide:
  o Reasonable notification and access for citizens,
  o Timely response from local officials to all citizen questions and issues, and
  o Public access to all questions and response.
• Documents and reports should be made available for public review as defined within the City’s current Citizen Participation Plan. In the event that conditions prohibit hard-copy distribution of documents and reports, the City will make such materials available upon request. HUD may issue further or alternative guidance for citizen participation during a national, state, or local emergency event, in which case such guidance from HUD will supersede and replace the expedited process outline herein.

NEIGHBORHOOD REVITALIZATION STRATEGY

Lake Bellevue, North Greenwood, and Downtown Gateway District

DRAFT
Updated June 11, 2020
CITY OF CLEARWATER, FLORIDA
NEIGHBORHOOD REVITALIZATION STRATEGY

The City of Clearwater’s Community Development Block Grant (CDBG) program is requesting the renewal of the City’s Neighborhood Revitalization Strategy Areas (NRSAs) for the Lake Bellevue Neighborhood, located in the southwest area of Clearwater, the North Greenwood Neighborhood, located in the northwest area of Clearwater, and the Downtown Gateway District (formerly known as the East Gateway District), located in the central west area of Clearwater. The NRSAs are a program established to promote coordinated use of the City’s CDBG resources provided by the U.S. Department of Housing and Urban Development (HUD) to create communities of opportunity by stimulating the reinvestment of human and economic capital by empowering low- and moderate-income residents in income-eligible areas as designated by HUD.

Through this effort, community may define a NRSA that meets the threshold for low- to -moderate income residents. Within this area, the City of Clearwater is then afforded greater flexibility for CDBG funds for economic development, housing, and public service activities.

In terms of economic development relief, the strategy allows any job creation or retention efforts relief by not requiring businesses to track the income of people hired or retained. Economic development activities carried out in the approved neighborhood revitalization area are also exempt from the aggregate public benefits standards.

The benefits of a NRSA are described in amendments to the CDBG regulations at 24 CFR 570 which were published in the Federal Register on January 5, 1995 and then updated in the final rule changes published on November 9, 1995 in the Federal Register. They are as follows:

- **Job Creation/Retention as Low/Moderate Income Area Benefit**: Job creation/retention activities pursuant to the strategy may be qualified as meeting area benefit requirements, thus eliminating the need for a business to track the incomes of persons that take, or are considered for, such jobs (24 CFR 570.208(a)(1)(vii) and (d)(5)(i));
- **Aggregation of Housing Units**: Housing units assisted pursuant to the strategy may be considered to be part of a single structure for purposes of applying the low- and moderate-income national objective criteria, thus providing a greater flexibility to carry out housing programs that revitalize a neighborhood (24 CFR 570.208(a)(3) and (d)(5)(ii));
- **Aggregate Public Benefit Standard Exemption**: Economic development activities carried out under the strategy may, at the grantee’s option, be exempt from the aggregate public benefit standards, thus increasing a grantee’s flexibility for program design as well as reducing its record-keeping requirements (24 CFR 570.209(b)(2)(v)(L) and (M)); and
- **Public Service Cap Exemption**: Public services carried out pursuant to the strategy by a Community-Based Development Organization (CBDO) will be exempt from the public service cap (24 CFR 570.204(b)(2)(ii)).

Moreover, the relief for public service activities can be viewed in terms of the regulatory requirement that no more than 15% of the total CDBG allocation can be use for public services activities. Under this strategy, all public services offered with the subject neighborhood and carried out as part of qualified projects by a CBDO are exempt from the public service cap of 15%.
Therefore, the City of Clearwater will be able to offer a more aggressive level of service to stimulate community revitalization. It will also allow the City of Clearwater to address some of the urgent needs of the disadvantaged communities by offering job training and other related economic development assistance. In terms of housing, the revitalization strategy will allow the City to track scattered site housing units as a single strategy. This will permit the City of Clearwater to provide housing opportunities to not only low- to moderate-income families, but to other families who earn between 80% to 120% of area median income. This will increase the level of affordable housing units and thereby raise the income level of the neighborhood.

**NRSA Boundaries**

The City of Clearwater has previously established and currently maintains three (3) different strategy areas.

The first strategy area encompasses Census Tract 261.01, Block Groups 2, and 3; Census Tract 261.02, Block Group 2; Census Tract 262.00, Block Groups 1 and 2; and Census Tract 263.00, Block Group 4, collectively known as the North Greenwood Neighborhood Revitalization Strategy Area. The North Greenwood Strategy Area is bounded by Kings Highway to the east, N. Osceola Avenue to the west, Union Street/Sunset Point Road to the north, and Drew Street/Maple Street/Palmetto Street to the south.

The second strategy area encompasses Census Tract 258.00, Block Groups 2 and 3; and Census Tract 259.00, Block Groups 1, 3, and 4, known as the Lake Bellevue Neighborhood Revitalization Strategy Area, bounded by South Missouri Avenue to the east, South Ft. Harrison Avenue to the west, Chestnut Street/Court Street to the north, and Belleair Road to the south.

The third strategy area encompasses Census Tract 264.00, Block Groups 1 and 2, known as the Downtown Gateway District Neighborhood Revitalization Area, bounded by Highland Avenue to the east, Missouri Avenue to the west, Drew Street to the north, and Court Street to the south.

Please see the attached Strategy Areas Map.

**Neighborhood & Demographic Criteria**

*North Greenwood Neighborhood Revitalization Strategy Area (NGNRSA)*

According to the 2010 U.S. Census, the NGNRSA includes some block groups within Census Tracts 261.01, 261.02, 262.00, and 263.00. According to 2020 HUD Low/Mod Data, and the 2014-2018 American Community Survey (ACS) the NGNRSA has a combined population of 5,651 people of which 58% is considered low- to moderate-income. The overall HUD LMI percentage in this neighborhood is approximately 58%. Census Tract 261.01 has a population of 1,257 people of which approximately 59% is low- to moderate-income, Census Tract 261.02 has a total population of 511 people of which 54% is low- to moderate-income, Census Tract 262.00 has a population of 2,068 people of which 65% is low- to moderate-income, and Census Tract 263.00 has a population of 1,815 people of which 35% is low- to moderate-income.

Additionally, with the exception of Census Tract 261.02, individuals in the NGNRSA experience a much higher percentage of poverty compared to the City of Clearwater (18.8%). The 2014-2018 ACS reported
that persons living below poverty level during the last 12 months in Tracts 261.01, 261.02, 262.00, and 263.00 were 23.9%, 15.6%, 34.8%, and 29.9% respectively.

The total land area for the NGNRSN is approximately 1.4 square miles. According to the 2014-2018 ACS, the population in the area is relatively young with the median age being estimated at approximately 37 years. There are approximately 1,142 families in the area with 527, or 46.1%, of the families living as married couples, and 458, or 40.1%, of the families living as a single female householder, with no husband present.

The area is also primarily residential in nature. According to the 2014-2018 ACS, there are a total of 2,457 housing units in this area. Out of the 2,457 housing units, 14.0% are vacant.

According to the 2014-2018 ACS, with the exception of Census Tract 261.02, the median home owner-occupied value in this area is lower than the rest of the City. The median value of homes in Tract 261.01, 261.02, 262.00, and 263.00 is $202,100, $231,300, $129,300, and $161,800, respectively. These are aggregate values that include some block groups not included in the NRSA. The median value of owner-occupied homes in the City of Clearwater is $218,600.

According to the 2014-2018 ACS, the median contract rent is $798 per month for Tract 261.01, $797 for Tract 261.02, $648 for Tract 262.00, and $682 for Tract263.00. The median contract rent for the City of Clearwater is $869. The median gross rent is $1,018 for Tract 261.01, $999 for Tract 261.02, $876 for Tract 262.00, and $855 for Tract 263.00. The median gross rent for the City of Clearwater is $1,052.

The area is also primarily residential in nature. According to the 2014-2018 ACS, there are a total of 2,457 housing units in this area. Out of the 2,457 housing units, 14.0% are vacant.

According to the 2014-2018 ACS, with the exception of Census Tract 261.02, the median home owner-occupied value in this area is lower than the rest of the City. The median value of homes in Tract 261.01, 261.02, 262.00, and 263.00 is $139,500 and is $186,700 in Census Tract 259.00. The median value of owner-occupied homes in the City of Clearwater is $218,600.

Lake Bellevue Neighborhood Revitalization Strategy Area (LBNRSA)

The LBNRSA includes various block groups from Census Tracts 258.00 and 259.00. According to HUD 2020 Low/Mod data and 2014-2018 ACS data, the LBNRSA has a population of 6,668 persons of which 62% are considered low- to moderate-income. The overall HUD LMI percentage in this neighborhood is approximately 75%. Additionally, the 2014-2018 ACS reported that 41.5% of persons in the LBNRSA were living below the poverty level during the past 12 months, compared to a citywide percentage of 18.8%.

The total land area for the LBNRSA is approximately 1.1 square miles. According to the 2014-2018 ACS, the population in the area is nearly middle aged with the median age estimated at approximately 42 years. There are approximately 1,200 families in the area wit 686, or 57.2% of the families living as married couples, and 402, or 33.5% of the families living as a single female householder with no husband present.

The area is also primarily residential in nature. According to the 2014-2018 ACS, there are a total of 3,429 housing units in this area. Out of the 3,429 housing units, 19.8% are vacant.

According to the 2014-2018 ACS, the median home owner-occupied value in this strategy area is much lower than the rest of the City. The median value of homes in Census Tract 258.00 is $139,500 and is $186,700 in Census Tract 259.00. The median value of owner-occupied homes in the City of Clearwater
is $218,600. These values are aggregates which include all block groups within the Census Tracts 258.00 and 259.00. Not all block groups within these tracts are within the NRSA.

According to the 2014-2018 ACS, the median contract rent for is $672 per month, and $721 per month in Tracts 258.00 and 259.00, respectively. The median contract rent for the City of Clearwater is $869. The median gross rent for Tract 258.00 is $856 and is $820 for Tract 259.00, whereas the median gross rent in the City of Clearwater is $1,052.

The median household income is also lower than the rest of the City. According to the 2014-2018 ACS, the median household income for the City of Clearwater is $45,764. The median household income for Tract 258.00 and Tract 259.00 is $39,922 and $26,969, respectively.

Downtown Gateway District Neighborhood Revitalization Strategy Area (DGDNRSA)

The DGDNRSA includes Census Tract 264.00 (Block Groups 1 and 2). According to HUD 2020 Low/Mod Data and 2014-2018 ACS data, the DGDNRSA has a population of 3,301 persons of which 72% are considered low to moderate income. The overall HUD LMI percentage in this neighborhood is approximately 82%. The 2014-2018 ACS reported that 26.2% of persons in the DGDNRSA were living below the poverty level during the past 12 months, compared to a citywide percentage of 18.8%.

The total land area for the DGDNRSA is approximately 0.4 square mile. According to the 2014-2018 ACS, the population in the area is relatively young with the median age being nearly 40 years. There are approximately 605 families in the area with 333, or 55% of the families living as married couples, and 228, or 44.9% of the families living as a single female householder, with no husband present.

The area is a mix of residential and commercial land uses. According to the 2014-2018 ACS, there are a total of 1,479 housing units in this area. Out of the 1,479 housing units, 21.4% are vacant.

According to the 2014-2018 ACS, the median home owner-occupied value in this area is far lower than the rest of the City. The median value of homes in the Downtown Gateway District is $147,200; it is important to note that this is an aggregate value that include some block groups not included in the NRSA. The median value of owner-occupied homes in the City of Clearwater is $153,900.

According to the 2014-2018 ACS, the median contract rent for Tract 264.00, is $791 per month. The median contract rent for the City of Clearwater is $869. The median gross rent for Downtown Gateway is $920 (aggregate value includes block groups not within Downtown Gateway), whereas the median gross rent in the City of Clearwater is $1,052.

The median household income in the Downtown Gateway District is also lower than the rest of the City. According to the 2014-2018 ACS, the median household income for the City of Clearwater is $45,764. The median household income for Downtown Gateway is $40,199. This value includes block groups that are not within the Downtown Gateway District; as such, the median income value of those block groups only within the Downtown Gateway District is likely lower.

Community Consultation

The community consultation proves involves soliciting input on the revitalization strategy from the residents of the area, owner-operators of businesses, local financial institutions, non-profit organizations, and community groups. The process used by the City of Clearwater in this section
included holding two public information-gathering meetings in the communities with key stakeholders, holding a workshop with grant subrecipients and service providers, providing a 30-day comment period, holding a public hearing with the Neighborhood and Affordable Housing Advisory Board (NAHAB), and holding a public hearing with the City Council with the results.

The first public meeting was held on February 4, 2020 for the LBNRSA and DGDNRSA, and the second public meeting was held on February 5, 2020 for the NGNRSA. The subrecipient and service provider workshop was held on February 27, 2020. The NAHAB met on June 9, 2020 and July 14, 2020. The City Council met to discuss the NRSAs, along with the 2020-2024 Consolidated Plan and the 2020-2021 Annual Action Plan, on July 16, 2020.

**Assessment**

*Level of Employment*

According to the 2014-2018 ACS, there are an estimated 116,484 persons living in the City of Clearwater. Of that, 96,619 were 16 years or older. The ACS reported that of this population, 60.9% is in the labor force. Moreover, 57.4% is employed and 5.4% is unemployed.

Although the City of Clearwater illustrates a vibrant City with employment opportunities, some neighborhood within the City do not show this type of success. In the NRSAs, the employment outlook is not as bright as the City as a whole. Some reasons for the disparities vary from educational attainment to economic disadvantage.

The 2014-2018 ACS estimated that a total of 4,431 persons 16 years of older living in the NGNRSA. Of this total, 57.7%, or 2,558 persons, are listed in the civilian labor force. The unemployment rate for this area, is 5.0%. The Bureau of Labor Statistics stated that the unemployment rate for the State of Florida has increased by 1.1% from March 2019 to March 2020. Based on these estimates, it is estimated that the current unemployment rate in the North Greenwood area may have also increased.

The 2014-2018 ACS estimated that a total of 5,214 persons 16 years of older living in the LBNRSA. Of this total, 57.5%, or 3,003 persons, are listed in the civilian labor force. The unemployment rate for this area, which includes the 258.00 and 259.00 Census Tracts, is approximately 13.5%. Again, based on the Bureau of Labor Statistics data, it is estimated that the current unemployment rate for Tract 258.00 and 259.00 may be higher than previous years.

Based on the 2014-2018 ACS, the unemployment rate for the DGDNRSA (Tract 264.00, Block Groups 1 and 2) is estimated at 12.1% of the populated age 16 years or older in the labor force. Of the population age 16 years or older, 67.0% is in the civilian labor force and 82.6% is employed. Based on the Bureau of Labor Statistics data, it is estimated that the current unemployment rate for Tract 264.00 may be higher than previous years.

*Pervasive Poverty*

Within the combined NRSAs, the majority of residents are low- to moderate-income and many live below the poverty line. There are many factors that contribute to persons living in or below poverty. Some of these factors include educational attainment, households receiving public assistance/supplemental security income, and childhood poverty rates.
Educational Attainment
According to the 2014-2018 ACS, the percentage of persons 25 years and older in the NGNRS A with no high school diploma is 17.8%, which is higher than the citywide percentage of 8.8%.

Additionally, the LBNRSA has a high rate of persons over the age of 25 without a high school diploma. According to the 2014-2018 ACS, 23.6% of persons 25 years and older are without a high school diploma.

Likewise, the DGDNRSA has a higher rate of persons over the age of 25 without a high school diploma. According to the 2014-2018 ACS, 19.0% of persons 25 years and older are without a high school diploma.

Households Receiving Public Assistance
According to the 2014-2018 ACS, the percentage of households who received supplemental security income, cash public assistance income, or food stamps/SNAP public assistance in the NGNRS A is 49.6%. The citywide rate of households receiving supplemental security income, public assistance, or food stamps/SNAP is 17.5%.

According to the 2014-2018 ACS, there were at least 1,110 households in LBNRSA who received supplemental security income, cash public assistance income, or food stamps/SNAP public assistance, totaling 40.4%.

Approximately 55.2% of households in the DGDNRSA receive supplemental security income, cash public assistance income, or food stamps/SNAP.

Childhood Poverty Rate
There is a strong association with childhood poverty rate, educational attainment, and persons who receive public assistance and/or supplemental security income. According to the 2014-2018 ACS, the percentage of families with related children under 18 years of age who live below the poverty level in Clearwater is 8.2%.

However, the NGNRS A is at a much higher rate. According to the 2014-2018 ACS, the percentage of families with related children under 18 years of age who are below poverty level is estimated at 17.7% for the block groups within the NGNRS A.

Similarly, in the LBNRSA, the percentage of families with related children under 18 years of age who are below poverty level is 29.8%.

For the DGDNRSA, the percentage of families with related children under 18 years of age who are below poverty level is 11.2% in the DGDNRSA block groups for Census Tract 264.00.

Neighborhood Business & Employment Data
Data on the number of businesses located in the area and the number of people employed was not available for the current year. While the NGNRS A and LBNRSA are primarily residential, the DGDNRSA contains a greater commercial presence.
As presented in the original 2009 East Gateway District Neighborhood Revitalization Strategy Report (revised August 28, 2009) (now known as the Downtown Gateway District NRSA) that established the EGDNRSA (now DGDNRSA), the following businesses and employment conditions exist in the DGDNRSA.

According to City business tax receipts, there are 217 licensed businesses in the [East Gateway] district. Of these businesses, approximately five opened in the past year. Non-home-based businesses are predominately located in owned or leased commercial space of 1,000 square feet or less. Larger-scale commercial buildings (25,000 and 50,000 square feet) accommodate general and professional office uses.

Aging infrastructure and chronic social ills including vagrancy, prostitution, and illegal drug activity have diminished the marketability of commercial space. It is estimated that 50 percent of commercial space in the district is currently vacant. Although very low commercial rents provide opportunity for small business enterprise, these businesses are characteristically undercapitalized and highly vulnerable to failure.

East Gateway business owners frequently complain that city sign regulation impede the ability to attract customers through signage. The mid-twentieth century “modern” architecture predominant in the district is more likely a factor since the style does not lend itself to sign placement. Also affecting the district’s customer base was the rerouting of a state road outside the district in conjunction with a new bridge opening in 2005. This action is linked to a greater than 50 percent decline in traffic volumes (largely beach traffic) on East Gateway’s major corridors.

Capital is available to East Gateway businesses through SBA lenders and several community banks in Clearwater offering counseling for business loan products. The University of South Florida (USF) Small Business Development Center & Entrepreneurial Training has a Clearwater Office that counsels clients and connects them with lending institutions. Also, the East Gateway Action Program includes an effort to develop low-interest lending programs that would benefit businesses in the area.

It is estimated that 540 persons are employed by non-home-based businesses in the district. It is estimated that the small businesses which represent the majority of East Gateway businesses employ from 1 to 10 employees. With the recent relocation of the Consumer Energy Solutions (call center) that employed 140 persons in the district, Achieva Credit Union is now the largest employer in East Gateway with approximately 50 employees.

Source: East Gateway Neighborhood Revitalization Strategy, approved March 5, 2009, and revised August 28, 2009.

Presently, it is estimated that 17.4% of persons over 16 years of age in the DGDNRSA are unemployed, compared to the citywide rate of 5.4%. The District’s unemployment rate has increased since 2000, when the rate was 3.4%. District residents not in the labor force (i.e., neither employed nor looking for work) account for nearly 49.2% of persons over 16 years of age compared to the citywide figure of 39.1%.
ACS data shows that none of the 1,362 workers (age 16 and older) in the DGDNRSA work at home and 92 workers have less than a 10-minute travel time to work. Based on this information, it is estimated that 93% of DGDNRSA residents are employed outside the district.

Access to Capital for Area Businesses

Potential business owners who seek capital from the private sector have found it difficult to secure resources. Private sector loans are normally larger than the amount of the funds needed by area small businesses and have underwriting criteria that most new or expanded businesses could not meet.

Public Participation

Based on City of Clearwater community meetings and surveys completed by the residents of the three active NRSAs in 2020, the unmet demand for specific types of housing and community development activities include the following:

North Greenwood NRSA (2020)

- **Housing**
  - Concerns
    - Affordability/lack of affordable housing (all housing types)
    - Maintenance of affordable housing
    - Person’s background (e.g. criminal record) as limitation on access to housing
  - Needs
    - Affordable owner housing/reasonable rental prices
    - Housing rehabilitation and repair (better information dissemination)
    - Utility assistance
    - Homebuyer down payment assistance (better information dissemination)
  - Opportunities
    - Relationship between housing rehabilitation for energy efficiency and lower utility costs, and ultimately lower housing costs

- **Homelessness**
  - Concerns
    - Lack of livable wage
    - Person’s background (e.g. criminal record) as limitation to accessing employment
    - Ineffective shelters, shelter services that are depleted, and shelter facilities that are unattractive to homeless (e.g. Safe Harbor) – i.e., causing homeless to stay on streets rather than in shelter facilities
    - Homeless families living with non-homeless families
    - Homeless concentration near service providers (i.e., increased homeless presence/transient population in neighborhood)
  - Needs
    - Equitable distribution of resources
    - Improved shelter facilities and shelter services that are attractive to homeless (i.e., that homeless will want to go to for help)
- Homelessness outreach, particularly for homeless families and homeless families living with non-homeless families
- Distribute affordable housing and shelter locations so that any single neighborhood is not overburdened by concentration of homeless
- Improved coordination within the Continuum of Care in terms of case management, etc.

**Non-Homeless Special Needs**

- **Concerns**
  - Lack of mental/behavioral health resources and programs for persons with substance abuse challenges

- **Needs**
  - Mental/behavioral health services and substance abuse treatment programs

**Community Development**

- **Concerns**
  - Condition of existing community buildings/facilities used by community-based organizations and maintenance of infrastructure and common areas

- **Needs**
  - Improvements to MLK Center (e.g. rehabilitation/repair)
  - Improvements to African American Museum so that building can be used as activity center (e.g. youth services, etc.)
  - Improvements to Arts for Life Center
  - Improvements to Elks Lodge (e.g. façade/appearance)
  - Hispanic cultural center for the community
  - Address sewer smell in North Greenwood neighborhood (e.g. Marshall Street facility)
  - Better maintenance of roadway/streetscape improvements (e.g. roundabouts and landscaping)
  - Longer public recreation center/library hours to allow more access during viable times
  - Transportation services/assistance
  - Community art projects (e.g. dolphin statues, painted manholes, etc.)
  - Business/façade improvements

- **Opportunities**
  - Support/promote hiring of residents to do work on projects that are funded with CDBG and HOME funds (e.g. minority/women-owned businesses, registration process, advertise/promote more awareness)

Lake Bellevue NRSA and Downtown Gateway NRSA (2020)

- **Housing**
  - **Concerns**
    - Quality of housing stock (e.g. deteriorated units)
    - Lack of affordable housing inventory (e.g. not enough single-family units)
    - Lack of affordable rental housing that takes vouchers (e.g. not enough assisted units)
    - Disability income not enough to meet income requirements for rental (e.g. minimum 3x rent required for most units)
o Needs
  ▪ Housing rehabilitation (homeowner and rental)
  ▪ Affordable housing (single-family units)
  ▪ Affordable rental housing that takes vouchers (assisted units)
  ▪ Homebuyer assistance
  ▪ Rental assistance

• Homelessness
  o Concerns
    ▪ Homelessness, particularly among veterans, persons with substance abuse/behavioral challenges, and persons leaving prison
  o Needs
    ▪ Prevention activities
    ▪ Homeless shelters
    ▪ Permanent supportive housing
    ▪ Continued coordination with the Continuum of Care (e.g. link job training, housing, and counseling together)
    ▪ Reentry facilities/services for persons leaving prison
    ▪ Substance abuse and behavioral counseling services
    ▪ Homeless services for veteran population

• Non-Homeless Special Needs
  o Concerns
    ▪ Little information available regarding public services/support programs, or facilities that offer “one-stop” referrals and assistance to special populations
    ▪ Pedestrian safety, particularly for the elderly and persons with disabilities
  o Needs
    ▪ Lighted pedestrian crosswalk enhancements (i.e., visibility/accessibility improvements)
    ▪ Utility assistance for persons on limited/fixed incomes
  o Opportunities
    ▪ One-stop community resource center or directory

• Community Development
  o Concerns
    ▪ Little information available regarding public services/support programs, or facilities that offer “one-stop” referrals and assistance to special populations
    ▪ Lack of shade at public facilities
    ▪ Lack of bus stop benches
  o Needs
    ▪ More public greenspace
    ▪ More shade at public facilities (e.g. pavilions, shade structures)
    ▪ Park improvements at Ross Norton (e.g. lighting at night, shade during day, etc.)
    ▪ Park improvements at Belmont Park (e.g. park acquisition/master plan)
    ▪ Bus stop benches
    ▪ One-stop community resource center or directory
    ▪ Connect services with a public facility (i.e., place to go for public services)
  o Opportunities
    ▪ Underutilized properties that could be used for public parks, etc.
    ▪ Coordination with other City planning efforts
One of the primary impediments that disadvantaged communities encounter is the lack of investment or reinvestment from the private sector. The public sector has traditionally been the catalyst for funding in the redevelopment process. Additionally, community opposition to certain types of development may be a challenge to the NRSAs.

The NRSAs are primarily residential in character. The NGNRSA and LBNRSA are low- and moderate-income communities with housing stock comprised primarily of single-family homes. The DGDNRSA is approximately 80% residential but is comprised of more multi-family rental units. Based on the community meetings and stakeholder workshop held, residents of the NGNRSA, LBNRSA, and DGDNRSA have identified what they feel are the community’s unmet needs. Any development activities that would limit efforts to overcome unmet needs would be strongly opposed by the communities.

Two community centers, the Ross Norton and North Greenwood (both recreation and aquatic complexes), are focal points for their respective neighborhoods and common meeting places. Most local community groups and organizations have been in existence for over a decade and are well-established in the community. These community groups and organizations include, but are not limited to, Clearwater Neighborhood Housing Services, Inc. (CNHS) and Homeless Empowerment Program (HEP). Additional organizations include the Willa Carson Health and Wellness Center, Clearwater Neighborhood Family Center, Community Service Foundation/Lake Belleview Community Association, and various neighborhood groups. These groups and organizations are experienced in their particular area of service; however, technical assistance would enhance the efforts of these groups and organizations.

The NGNRSA, LBNRSA, and DGDNRSA have actively participated in crime reduction tactics for years. They have organized crime watch programs that actively monitor and report suspicious activities to the police department. Future efforts to eliminate crime in the strategy areas include working with the City’s Police Department to continue community policing efforts, developing a community enforcement program, establishing crime watch programs throughout the neighborhoods, and using code enforcement to reduce criminal activities. Existing code enforcement efforts have benefitted the communities. These efforts are not systematic in the neighborhood revitalization areas but based upon code enforcement efforts practiced throughout the city as a whole.

Economic Empowerment

In order to accomplish successful objectives and to improve infrastructure and public services, there is a need to establish and implement strategies that will provide economic empowerment. The following goals and strategies will be pursued through interdepartmental efforts to ensure that the public realm and infrastructure reflect a commitment to revelation in the NRSAs.

Objective 1: The first objective is to identify and remove impediments that are barriers to investment or reinvestment into the community.

- Allow for creative reuse of buildings and land.
- Increase small business startups and decrease failure rate of small business.
- Promote job skill training to the youth and minorities; and promote women-owned businesses and workforce development training for NRSA residents.

Lack of investment in the communities may be attributed to a high number of substandard structures, low per capital income of the residents, the perception of crime, and declining tax base. In order to
reduce the number of substandard structures, the City of Clearwater will continue to provide loans to eligible low- and moderate-income homeowners to repair their structures.

Objective 2: Identify and improve the safety and condition of parks and other facilities throughout the NRSAs.

- Increase and improve infrastructure within the designated parks and trails throughout the communities.

Objective 3: Expand the accessibility to and coordination of social services to City of Clearwater’s special needs population, youth, and senior citizens.

Objective 4: Enhance the living environment for persons in the NRSAs.

- Improve public service activities and programs that eliminate blight and urban decay.

Objective 5: Help prevent and reduce homelessness within the NRSAs.

- Assist agencies that engage in homeless prevention and provide services.

Unmet Needs Analysis

The following unmet needs have been identified by residents of the NRSAs and key stakeholders through the public community meetings, subrecipient and service provider workshop, and online survey.

NGNRSA Unmet Needs (2020)

- Housing activities such as affordable owner and rental housing, housing rehabilitation and repair (including energy efficiency), utility assistance, and down payment assistance
- Homeless activities such as improved shelter facilities and services, equitable distribution of homeless resources, affordable housing, and shelter locations, improved coordination with Continuum of Care, and outreach for homeless families and homeless families living with non-homeless families
- Non-homeless special needs activities such as mental/behavioral health services and substance abuse treatment programs
- Community development activities such as improvements to existing community buildings/facilities used as activity centers (e.g. youth, seniors, arts, cultural, etc.), development of a Hispanic cultural center, maintenance of public infrastructure and common areas, longer public recreation center/library hours to allow more access, transportation services/assistance, and business/façade improvements

LBNRSA and DGDNRSA Unmet Needs (2020)

- Housing activities such as housing rehabilitation, additional affordable housing units (single-family) and assisted rental units, and homebuyer and rental assistance
- Homeless activities such as prevention, shelters, permanent supportive housing, continued coordination with the Continuum of Care, reentry facilities/services for persons leaving prison, substance abuse and behavioral counseling services; and services for the veteran population
• Non-homeless special needs activities such as pedestrian crosswalk enhancements for visibility/accessibility, utility assistance for persons on fixed/limited incomes (e.g. elderly or persons with disabilities), and a one-stop community resource center or directory to list available public services

• Community development activities such as public safety improvements (e.g. pedestrian crosswalks), bus stop benches, park improvements at Belmont Park (e.g. park acquisition/master plan) and Ross Norton (e.g. lighting at night and shade during day), more greenspace in general, and a one-stop community resource center or directory to list available public services

Performance Measures

North Greenwood NRSA

To measure the success of the City’s strategies to reach the goals identified, the following performance measurements are established for a five-year period:

1. Housing – Provide availability of, and accessibility to, decent affordable housing for the residents of the North Greenwood Neighborhood
   a. Construct 10 new affordable rental housing units; construct 10 new infill units
   b. Provide 10-12 eligible homeowners (or rental property owners) with housing rehabilitation/repair
   c. Provide 10-12 eligible homebuyers with down payment assistance and/or closing costs to purchase a home, or eligible renters with rental or utility assistance
   d. Provide homebuyer education classes for 15-20 persons who are eligible for assistance

2. Homelessness – Help to prevent and reduce homelessness within the North Greenwood Neighborhood
   a. Sponsor overnight shelter stays at two (2) homeless facilities for homeless persons
   b. Provide assistance for nutrition/food bank programs to serve 3,500 persons
   c. Support local agencies for the screening and treatment of 5-10 persons for behavioral/mental health services or substance abuse treatment

3. Community Development and Public Services – Enhance the living environment for persons in the North Greenwood Neighborhood through community development activities, public service programs, and elimination of blight.
   a. Remove blight by supporting a community clean-up day conducted by neighborhood groups/organizations.
   b. Provide funding for a minimum of one (1) public facility projects (e.g. public building/resource center, park improvements, bus stops, etc.)
   c. Reduce/prevent poverty
      i. Collaborate with a minimum of two (2) agencies to support tutorial programs to increase basic education and life skills
      ii. Sponsor 125 youth in mentoring programs designed to enhance growth and development skills
   d. Promote self-sufficiency
      i. Work with CareerSource Pinellas to provide 10 persons with access to career training programs
ii. Collaborate with area social service agencies to provide vouchers for transportation for 15 persons conducting job searches
iii. Work with non-profit agencies to provide 10 persons with access to computer literacy and internet skills

4. Economic Development – Support programs that create economic opportunities in the North Greenwood Neighborhood, particularly for low- and moderate-income residents
   a. Assist businesses with micro-business development activities and job creation

Lake Bellevue NRSA

To measure the success of the City’s strategies to reach the goals identified, the following performance measurements are established for a five-year period:

1. Housing – Provide availability of, and accessibility to, decent affordable housing for the residents of the Lake Bellevue Neighborhood
   a. Construct 15 housing units for rental and support homebuyer activities
   b. Provide 15 eligible homeowners (or rental property owners) with housing rehabilitation/repair
   c. Provide 10 eligible homebuyers with down payment assistance and/or closing costs to purchase a home, or eligible renters with rental or utility assistance
   d. Provide homebuyer education classes for 10 persons who are eligible for assistance

2. Homelessness – Help to prevent and reduce homelessness within the Lake Bellevue Neighborhood
   a. Sponsor overnight shelter stays at two (2) homeless facilities for homeless persons
   b. Provide assistance for nutrition/food bank programs to serve 1,500 persons
   c. Support local agencies for the screening and treatment of 5-10 persons for behavioral/mental health services or substance abuse treatment

3. Community Development and Public Services – Enhance the living environment for persons in the Lake Bellevue Neighborhood through community development activities, public service programs, and elimination of blight
   a. Remove blight by supporting a community clean-up day conducted by neighborhood groups/organizations.
   b. Collaborate with area social service agencies to provide summer vouchers for recreational activities
   c. Provide funding for a minimum of two (2) public facility projects (e.g. public building/resource center, park improvements, bus stops, etc.)
   d. Reduce/prevent poverty
      i. Collaborate a minimum of one (1) agency to support tutorial programs to increase basic education and life skills
      ii. Sponsor 50 youth in mentoring programs designed to enhance growth and development skills
   e. Promote self-sufficiency
      i. Collaborate with area social service agencies to provide vouchers for transportation for 10 persons conducting job searches
      ii. Work with non-profit agencies to offer 10 persons access to computer literacy and internet skills
Downtown Gateway NRSA

To measure the success of the City’s strategies to reach the goals identified, the following performance measurements are established for a five-year period:

1. **Housing** – Provide availability of, and accessibility to, decent affordable housing for the residents of the Downtown Gateway Neighborhood
   a. Construct 10 new affordable “for sale” infill units
   b. Provide 15 eligible homebuyers with down payment assistance and/or closing costs to purchase a home, or eligible renters with rental or utility assistance
   c. Provide homebuyer education classes for 15-20 persons who are eligible for assistance

2. **Non-Homeless Special Needs** – Expand the accessibility and coordination of social services to special needs populations in the Downtown Gateway Neighborhood
   a. Provide a minimum of two (2) agencies with funds to assist frail/elderly, disabled, or veteran populations with special needs programs or reentry programs for persons leaving institutional systems

3. **Community Development and Public Services** – Enhance the living environment for persons in the Downtown Gateway Neighborhood through community development activities, public service programs, and elimination of blight
   a. Provide funding for a minimum of one (1) public facility project (e.g. public building/resource center, park improvements, bus stops, etc.)
   b. Provide funding for a minimum of one (1) public infrastructure project (e.g. crosswalks/sidewalks, streetscape, etc.)
   c. Reduce/prevent poverty
      i. Sponsor 50 youth in mentoring programs designed to enhance growth and development skills

4. **Economic Development** – Support programs that create economic opportunities in the Downtown Gateway Neighborhood, particularly for low- and moderate-income residents
   a. Provide a minimum of two (2) businesses with façade improvements
   b. Provide small businesses with technical support and training
   c. Assist businesses with micro-business development activities and job creation
Public Participation
NOTICE OF COMMUNITY DISCUSSION FORUM
CITY OF CLEARWATER, FLORIDA

Five-Year Consolidated Plan for Fiscal Years 2020/2021 through 2024/2025

A Neighborhood Revitalization Strategy is a group of comprehensive community revitalization strategies that seek to create partnerships among the local government, the private sector, community organizations and neighborhood residents. The goal is to stimulate the reinvestment of human and economic capital by economically empowering low- to moderate-income residents. This community forum will help to prioritize needs and identify strategies that may be eligible for federal funding through the Community Development Block Grant (CDBG) and HOME Investment Partnerships Program under the U.S. Department of Housing and Urban Development (HUD). Wade Trim Consultants will lead a discussion at two separate community meetings to obtain your comments.

A discussion regarding the Lake Belleview and Downtown Gateway Revitalization Strategies:
WHERE: Ross Norton Recreation Center
1426 South Martin Luther King, Jr. Avenue, Clearwater, FL
WHEN: Tuesday, February 4, 2020 at 5:30pm

A discussion regarding the North Greenwood Revitalization Strategy:
WHERE: North Greenwood Recreation Center
900 North Martin Luther King, Jr. Avenue, Clearwater, FL
WHEN: Wednesday, February 5, 2020 at 5:30pm

A Neighborhood Revitalization Strategy is a group of comprehensive community revitalization strategies that seek to create partnerships among the local government, the private sector, community organizations, and neighborhood residents. The goal is to stimulate the reinvestment of human and economic capital by economically empowering low-to moderate-income residents. This community forum will help to prioritize needs and identify strategies that may be eligible for federal funding through the Community Development Block Grant (CDBG) and HOME Investment Partnerships Program under the U.S. Department of Housing and Urban Development (HUD).

Wade Trim Consultants will lead a discussion to obtain your comments. For general information please contact Chuck Lane, Assistant Director, City of Clearwater Economic Development & Housing Department at (727) 562-4023 or by email at Charles.Lane@MyClearwater.com. The City of Clearwater strongly supports and fully complies with the Americans with Disabilities Act (ADA). Please advise us at least 48 hours prior to the meeting if you require special accommodations at (727) 562-4090.

MEETING SUMMARY
The City of Clearwater is in the process of drafting a Five-Year Consolidated Plan for Program Years (PY) 2020/2021-2024/2025 to create a strategic and unified vision for HUD funding over the next five years. In order to develop this vision, City of Clearwater conducted a series of community meetings during February 2020 to collect input and comments related to the Five-Year Consolidated Plan.

On February 4, 2020, the City conducted a community meeting at the Ross Norton Recreation & Aquatic Complex/Extreme Sports Park on S. Martin Luther King Jr. Avenue. Approximately 14 participants representing the Lake Bellevue and Downtown Gateway (East Gateway) neighborhoods and surrounding community attended the meeting. Additionally, six (6) representatives of the City of Clearwater and the City’s consultant (Wade Trim) were in attendance.

In an effort to provide an environment that would allow for all attendees to be heard, a three-tier approach was conducted. The first was to present an educational PowerPoint which provided background on the purpose of drafting a Five-Year Plan, which activities and areas are eligible for HUD funding, and the schedule that City of Clearwater will follow to adopt the Five-Year Plan in 2020. The second was a paper and online survey asking the participants about their needs and experiences working with the City of Clearwater to administer HUD funds. The third was an open discussion where the participants were asked to discuss their housing and community development priorities over the next five years.

Survey
The survey was intended to allow participants to convey their familiarity with HUD programs administrated by City of Clearwater and to provide input on specific needs for federal fund administration. The survey included 13 questions in an open-ended format. One (1) paper survey was returned at the end of the Lake Bellevue and Downtown Gateway (East Gateway) community meeting.

Links to the online survey were shared and participants were encouraged to invite friends and neighbors to take the online survey. The online survey was made available on January 17, 2020 and kept open until March 27, 2020. Results of the online survey are documented separately.

Open Discussion
During the discussion, the participants were asked to speak openly regarding issues affecting their neighborhood and surrounding community. A number of priorities were brought to City of Clearwater’s attention. These priorities are listed below, specific to the Lake Bellevue and Downtown Gateway (East Gateway) neighborhoods:

- **Housing Concerns**
  - Quality of housing stock (e.g. deteriorated units)
  - Lack of affordable housing inventory (e.g. not enough single-family units)
  - Lack of affordable rental housing that takes vouchers (e.g. not enough assisted units)
- Disability income not enough to meet income requirements for rental (e.g. minimum 3x rent required for most units)
  - Needs
    - Housing rehabilitation (homeowner and rental)
    - Affordable housing (single-family units)
    - Affordable rental housing that takes vouchers (assisted units)
    - Homebuyer assistance
    - Rental assistance

- Homelessness
  - Concerns
    - Homelessness, particularly among veterans, persons with substance abuse/behavioral challenges, and persons leaving prison
  - Needs
    - Prevention activities
    - Homeless shelters
    - Permanent supportive housing
    - Continued coordination with the Continuum of Care (e.g. link job training, housing, and counseling together)
    - Reentry facilities/services for persons leaving prison
    - Substance abuse and behavioral counseling services
    - Homeless services for veteran population

- Non-Homeless Special Needs
  - Concerns
    - Little information available regarding public services/support programs, or facilities that offer “one-stop” referrals and assistance to special populations
    - Pedestrian safety, particularly for the elderly and persons with disabilities
  - Needs
    - Lighted pedestrian crosswalk enhancements (i.e., visibility/accessibility improvements)
    - Utility assistance for persons on limited/fixed incomes
  - Opportunities
    - One-stop community resource center or directory

- Community Development
  - Concerns
    - Little information available regarding public services/support programs, or facilities that offer “one-stop” referrals and assistance to special populations
    - Lack of shade at public facilities
    - Lack of bus stop benches
  - Needs
    - More public greenspace
    - More shade at public facilities (e.g. pavilions, shade structures)
    - Park improvements at Ross Norton (e.g. lighting at night, shade during day, etc.)
    - Park improvements at Belmont Park (e.g. park acquisition/master plan)
    - Bus stop benches
    - One-stop community resource center or directory
    - Connect services with a public facility (i.e., place to go for public services)
  - Opportunities
    - Underutilized properties that could be used for public parks, etc.
    - Coordination with other City planning efforts
Conclusion
Although there are many priorities that the Lake Bellevue and Downtown Gateway (East Gateway) neighborhoods and surrounding community felt are important, these priorities can be summarized as follows:

- Housing activities such as housing rehabilitation, additional affordable housing units (single-family) and assisted rental units, and homebuyer and rental assistance

- Homeless activities such as prevention, shelters, permanent supportive housing, continued coordination with the Continuum of Care, reentry facilities/services for persons leaving prison, substance abuse and behavioral counseling services; and services for the veteran population

- Non-homeless special needs activities such as pedestrian crosswalk enhancements for visibility/accessibility, utility assistance for persons on fixed/limited incomes (e.g. elderly or persons with disabilities), and a one-stop community resource center or directory to list available public services

- Community development activities such as public safety improvements (e.g. pedestrian crosswalks), bus stop benches, park improvements at Belmont Park (e.g. park acquisition/master plan) and Ross Norton (e.g. lighting at night and shade during day), more greenspace in general, and a one-stop community resource center or directory to list available public services

For questions regarding the Five-Year Consolidated Plan, please contact Chuck Lane at (727) 562-4023 or Charles.Lane@MyClearwater.com.

City of Clearwater Five-Year Consolidated Plan
Community Meeting: North Greenwood
February 5, 2020 | 5:30 p.m.
North Greenwood Recreation Center
900 N. Martin Luther King Jr. Avenue
Clearwater, FL 33755

MEETING SUMMARY
The City of Clearwater is in the process of drafting a Five-Year Consolidated Plan for Program Years (PY) 2020/2021-2024/2025 to create a strategic and unified vision for HUD funding over the next five years. In order to develop this vision, City of Clearwater conducted a series of community meetings during February 2020 to collect input and comments related to the Five-Year Consolidated Plan.

On February 5, 2020, the City conducted a community meeting at the North Greenwood Recreation Center on N. Martin Luther King Jr. Avenue. Approximately 23 participants representing the North Greenwood neighborhood and surrounding community attended the meeting. Additionally, six (6) representatives of the City of Clearwater and the City’s consultant (Wade Trim) were in attendance.

In an effort to provide an environment that would allow for all attendees to be heard, a three-tier approach was conducted. The first was to present an educational PowerPoint which provided background on the purpose of drafting a Five-Year Plan, which activities and areas are eligible for HUD funding, and the schedule that City of Clearwater will follow to adopt the Five-Year Plan in 2020. The second was a paper and online survey asking the participants about their needs and experiences working with the City of Clearwater to administer HUD funds. The third was an open discussion where the participants were asked to discuss their housing and community development priorities over the next five years.

Survey
The survey was intended to allow participants to convey their familiarity with HUD programs administrated by City of Clearwater and to provide input on specific needs for federal fund administration. The survey included 13 questions in an open-ended format. Four (4) paper surveys were returned at the end of the North Greenwood community meeting.

Links to the online survey were shared and participants were encouraged to invite friends and neighbors to take the online survey. The online survey was made available on January 17, 2020 and kept open until March 27, 2020. Results of the online survey are documented separately.

Open Discussion
During the discussion, the participants were asked to speak openly regarding issues affecting their neighborhood and surrounding community. A number of priorities were brought to City of Clearwater’s attention. These priorities are listed below, specific to the North Greenwood neighborhood:

- **Housing**
  - Concerns
    - Affordability/lack of affordable housing (all housing types)
    - Maintenance of affordable housing
    - Person’s background (e.g. criminal record) as limitation on access to housing
  - Needs
    - Affordable owner housing(reasonable rental prices
    - Housing rehabilitation and repair (better information dissemination)
    - Utility assistance
- **Homebuyer down payment assistance (better information dissemination)**
  - Opportunities
    - Relationship between housing rehabilitation for energy efficiency and lower utility costs, and ultimately lower housing costs

- **Homelessness**
  - **Concerns**
    - Lack of livable wage
    - Person’s background (e.g. criminal record) as limitation to accessing employment
    - Ineffective shelters, shelter services that are depleted, and shelter facilities that are unattractive to homeless (e.g. Safe Harbor) – i.e., causing homeless to stay on streets rather than in shelter facilities
    - Homeless families living with non-homeless families
    - Homeless concentration near service providers (i.e., increased homeless presence/transient population in neighborhood)
  - **Needs**
    - Equitable distribution of resources
    - Improved shelter facilities and shelter services that are attractive to homeless (i.e., that homeless will want to go to for help)
    - Homelessness outreach, particularly for homeless families and homeless families living with non-homeless families
    - Distribute affordable housing and shelter locations so that any single neighborhood is not overburdened by concentration of homeless
    - Improved coordination within the Continuum of Care in terms of case management, etc.

- **Non-Homeless Special Needs**
  - **Concerns**
    - Lack of mental/behavioral health resources and programs for persons with substance abuse challenges
  - **Needs**
    - Mental/behavioral health services and substance abuse treatment programs

- **Community Development**
  - **Concerns**
    - Condition of existing community buildings/facilities used by community-based organizations and maintenance of infrastructure and common areas
  - **Needs**
    - Improvements to MLK Center (e.g. rehabilitation/repair)
    - Improvements to African American Museum so that building can be used as activity center (e.g. youth services, etc.)
    - Improvements to Arts for Life Center
    - Improvements to Elks Lodge (e.g. façade/appearance)
    - Hispanic cultural center for the community
    - Address sewer smell in North Greenwood neighborhood (e.g. Marshall Street facility)
    - Better maintenance of roadway/streetscape improvements (e.g. roundabouts and landscaping)
    - Longer public recreation center/library hours to allow more access during viable times
    - Transportation services/assistance
    - Community art projects (e.g. dolphin statutes, painted manholes, etc.)
    - Business/façade improvements
  - **Opportunities**
- Support/promote hiring of residents to do work on projects that are funded with CDBG and HOME funds (e.g. minority/women-owned businesses, registration process, advertise/promote more awareness)

**Conclusion**

Although there are many priorities that the North Greenwood neighborhood and surrounding community felt are important, these priorities can be summarized as follows:

- Housing activities such as affordable owner and rental housing, housing rehabilitation and repair (including energy efficiency), utility assistance, and down payment assistance

- Homeless activities such as improved shelter facilities and services, equitable distribution of homeless resources, affordable housing, and shelter locations, improved coordination with Continuum of Care, and outreach for homeless families and homeless families living with non-homeless families

- Non-homeless special needs activities such as mental/behavioral health services and substance abuse treatment programs

- Community development activities such as improvements to existing community buildings/facilities used as activity centers (e.g. youth, seniors, arts, cultural, etc.), development of a Hispanic cultural center, maintenance of public infrastructure and common areas, longer public recreation center/library hours to allow more access, transportation services/assistance, and business/façade improvements

For questions regarding the Five-Year Consolidated Plan, please contact Chuck Lane at (727) 562-4023 or Charles.Lane@MyClearwater.com.

City of Clearwater Five-Year Consolidated Plan
Subrecipient & Grant Application Workshop
February 27, 2020 | 9:30 a.m.
City of Clearwater Main Library
100 N. Osceola Ave., 2nd Floor Board Room
Clearwater, FL 33755

MEETING SUMMARY
The City of Clearwater is in the process of drafting a Five-Year Consolidated Plan for Program Years (PY) 2020/2021-2024/2025 to create a strategic and unified vision for HUD funding over the next five years. In order to develop this vision, City of Clearwater conducted a series of community meetings during February 2020 to collect input and comments related to the Five-Year Consolidated Plan.

On February 27, 2020, the City conducted a Subrecipient & Grant Application Workshop at the City of Clearwater Main Library. Approximately 33 persons attended the meeting, including representatives of 22 nonprofits (i.e., service providers) and community groups that are potential subrecipients of the City’s HUD-funded grant programs. These groups included:

- R’Club Childcare, Inc.
- Kimberly Home, Inc.
- Homeless Empowerment Program (HEP), Inc.
- Pinellas Opportunity Council Chore Services Program
- The Salvation Army
- RCS Pinellas
- Gulfcoast Legal Services
- Intracultural Advocacy Institute (ICAI)/Hispanic Outreach Center
- Tampa Bay Black Business Investment Corp., Inc. (BBIC)
- Habitat for Humanity
- Mattie Williams Neighborhood Family Center (NFC)
- Tampa Bay Community Development Corporation (CDC)
- Directions for Living
- Prospera Florida
- CNHC, Inc.
- CEO Roundtable Network
- Tarpon Springs Housing Authority
- Pinellas Community Foundation (PCF)
- Seeds of Promise CDC
- Miracles Outreach CDC
- FYI Community Partnership (FYICP)
- WestCare Gulfcoast-Florida, Inc.

Additionally, representatives of the City of Clearwater and the City’s consultant (Wade Trim) were in attendance.

In an effort to provide an environment that would allow for all participants to be heard, a three-tier approach was conducted. The first was to present an educational PowerPoint which provided background on the purpose of drafting a Five-Year Plan, which activities and areas are eligible for HUD funding, and the schedule that City of Clearwater will follow to adopt the Five-Year Plan in 2020. The second was a paper and online survey asking the participants about their needs and experiences working with the City of Clearwater to administer HUD funds. The third was an open discussion where the participants were asked to discuss their housing and community development priorities over the next five years.

Survey
The survey was intended to allow participants to convey their familiarity with HUD programs administered by City of Clearwater and to provide input on specific needs for federal fund administration. The survey included 13 questions in an open-ended format. Two (2) paper surveys were returned at the end of the North Greenwood community meeting.
Links to the online survey were shared and participants were encouraged to invite friends and neighbors to take the online survey. The online survey was made available on January 17, 2020 and kept open until March 27, 2020. Results of the online survey are documented separately.

Open Discussion
During the discussion, the participants were asked to speak openly regarding issues affecting their ability to provide public services and the needs of their clients. A number of priorities were brought to City of Clearwater’s attention. These priorities are listed below, specific to the nonprofits (i.e., service providers) and community groups:

- **Housing**
  - **Concerns**
    - Working poor
    - Landlord/tenant issues (e.g. slum lords and blighted properties)
    - Perpetuating concentrations of poverty and low-income housing (e.g. reinforcing same housing types/values and not improving the community or encouraging a broad mix of housing types/values)
    - Sustainability of neighborhood investments (over time)
  - **Needs**
    - Affordable housing inventory/supply – especially workforce and mixed-types, including rental, public, and single-family
    - Assistance for homeowners who can no longer afford their home (e.g. empty-nesters and elderly persons wishing to age-in-place)
    - Rental rehabilitation program (0% interest and match from City)
    - Down payment assistance (DPA)
  - **Opportunities**
    - Regulation reform (e.g. zoning standards, lot sizes, setbacks, etc.)
    - Work with the business community/neighborhood organizations to develop/reform policies that will be effective and benefit all
    - Research other community that have attempted to mix communities (income levels, etc.) to determine what “works”
    - Services to match elderly homeowners with renter to help offset housing costs
    - Cap on rent increases (e.g. rent control for private sector, not only subsidized housing)
    - Incentivize affordable development (e.g. impact fees, flexible lot sizes, density bonuses, etc.)

- **Homelessness**
  - **Concerns**
    - Lack of affordable housing
    - Mental illness
    - Lack of identification (e.g. driver’s license or ID card) as obstacle to gaining housing, employment, and services
    - Distance to shelters and services
    - Capacity of shelters
  - **Needs**
    - Mental illness/behavioral health services
    - Transitional housing and assistance
    - Better centralized shelter locations and one-stop resource guide/asset map for public services
    - “Wrap-around” case management and holistic services for individuals (e.g. job skills, mental health services, etc.)
  - **Opportunities**
• Identification program/legal assistance (e.g. ID cards, etc.)
• Empowerment program
• Funding collaborations and relationship building between service providers (e.g. regular meetings, etc.)
• Training for law enforcement on how to interact with homeless population

• Non-Homeless Special Needs
  o Concerns
    ▪ Food challenged population (e.g. choosing between shelter, food, and medication, but cannot afford all)
    ▪ Youth aging-out of foster care
    ▪ Neglected elderly/seniors
  o Needs
    ▪ Food programs/assistance for general population (including elderly/seniors)
    ▪ Socialization programs for elderly/seniors
    ▪ Quality assisted living for persons with special needs
    ▪ Wheelchair ramps (accessibility improvements)

• Community Development
  o Concerns
    ▪ Boundaries in CRAs as limiting
  o Needs
    ▪ More affordable commercial developments to provide opportunity for business ownership and employment
  o Opportunities
    ▪ Comprehensive economic development strategy (e.g. get businesses into neighborhood to bring up the community)
    ▪ Zoning changes to allow commercial development in neighborhoods (i.e., at neighborhood scale)
    ▪ Incentivize businesses to come into community (e.g. mixed-use options)
    ▪ Improved transportation corridors to support (rather than hinder) businesses

Conclusion
Although there are many priorities that nonprofits (i.e., service providers) and community groups feel are important, these priorities can be summarized as follows:

• Housing activities, such as regulation reform to incentivize affordable housing of mixed types/values; rent increase cap; tactics to allow senior/elderly homeowners to age-in-place (e.g. rental matchmaking, accessory units, etc.); rental rehabilitation program to address condition of blighted rental properties; and down payment assistance for homeownership.

• Homeless activities, such as mental illness/behavioral health services; transitional housing and assistance; ID card program; training for law enforcement; centralized shelter locations with capacity; one-stop resource guide/asset map; and case management, including wrap-around case management for individuals (e.g. empowerment program and funding collaborations between Continuum of Care member groups).

• Non-homeless special needs activities, such as services for youth aging-out of foster care; food programs/assistance for general population (including elderly/seniors); socialization programs for elderly/seniors; quality assisted living for persons with special needs; and accessibility improvements (e.g. wheelchair ramps, etc.).
• Community development activities, such as a comprehensive economic development strategy (including CRA boundary/adjustment considerations); zoning changes to allow neighborhood-scale/affordable commercial development; incentives for businesses (e.g. mixed-use options); and improved transportation corridors.

For questions regarding the Five-Year Consolidated Plan, please contact Chuck Lane at (727) 562-4023 or Charles.Lane@MyClearwater.com.

City of Clearwater Five-Year Consolidated Plan
Community Survey Results
January 17, 2020 – March 27, 2020
https://www.surveymonkey.com/r/clearwatersurvey2020

SURVEY SUMMARY
The City of Clearwater is in the process of drafting a Five-Year Consolidated Plan for PY 2020/2021-2024/2025 to create a strategic and unified vision for HUD funding over the next five years. In order to develop this vision, City of Clearwater conducted a community survey from January 17, 2020 through March 27, 2020 to collect input and comments related to the Five-Year Consolidated Plan.

The survey was intended to allow participants to convey their familiarity with HUD programs administered by City of Clearwater and to provide input on specific needs for federal fund administration. The survey included 13 questions in multiple-choice and open-ended formats. An example of the survey is attached.

English and Spanish language links to the online survey were advertised on the City’s Housing Division webpage and on flyers/posters for public participation activities, including the community and service provider meetings held on February 4, 5, and 27, 2020. Copies of the paper survey were provided to each meeting participant and links to the online survey were shared during presentations and on handouts. Additionally, copies of the paper survey were left at the front desks of the Ross Norton Recreation & Aquatic Complex/Extreme Sports Park and North Greenwood Recreation Center to be made available to facility users.

The online survey was made available from January 17, 2020 through March 27, 2020. The survey was closed, and results were tallied during the week of March 30, 2020. In total, 103 surveys (electronic and paper) were returned at the end of survey period.

SURVEY RESULTS

Question #1 How familiar are you with the City of Clearwater’s housing programs and community services?

Results
This was a multiple-choice question. The choices were "very familiar," "somewhat familiar," or "not at all familiar."

- Approximately 10% of respondents were “very familiar”
- Approximately 51% of the survey respondents were “somewhat familiar”
- Approximately 40% of respondents were “not at all familiar”

Question #2 What have you perceived to be the major housing or community development concerns in the City of Clearwater over the past five (5) years?

Results
This was an open-ended question. Applicants were able to provide three open-ended responses. The following summarizes the most repeated responses:

- Affordable housing (owned and rented, existing and new construction)
- Housing rehabilitation (owned and rented, landlord incentives, age of housing stock)
- Lack of housing stock
- Homelessness (facilities and services, families and veterans)
- Down-payment assistance
- Youth programs/services
- Code enforcement/blight elimination
- Housing for the disabled
- Information dissemination/education programs
- Infrastructure (sidewalks, roads, public transit, walkability)
- Neighborhood safety/security
- Senior programs/services
- Senior housing
- Mental health services
- Scientology
- Neighborhood reinvestment
- Neighborhood beautification/compatibility
- Better paying jobs

Question #3  Please rate each of the following housing activities on a scale of 1 to 5, with 5 being the highest priority.

Results
This was a ranking questions question. Respondents were given 5 different housing activities to rank from 1 to 5, with 5 being the most needed. Of the 103 returned surveys, 101 responses were received for this question. The following summarizes the responses in order of the weighted average response:

- Homeowner Assistance 3.98
- Owner-Occupied Housing Rehabilitation 3.82
- New Construction, Multi-Family 3.40
- Renter-Occupied Housing Rehabilitation 3.30
- New Construction, Single Family 3.22

Open-ended “other” entries generally included: housing rehabilitation over new construction, allowing accessory dwelling units senior housing, and more HUD properties.

The highest priority housing activity identified in this question is Homeowner Assistance.

Question #4  Please rate each of the following homeless services activities on a scale of 1 to 5, with 5 being the highest priority.

Results
This was a ranking questions question. Respondents were given 6 different housing activities to rank from 1 to 5, with 5 being the most needed. Of the 103 returned surveys, 103 responses were received for this question. The following summarizes the responses in order of the weighted average response:

- Mental Health Services 4.31
- Homeless Services for Youth 4.21
• Substance Abuse Services 4.09
• Employment Training 4.01
• Homeless Facilities and Shelters 3.97
• Case Management 3.88

Open-ended “other” entries generally included: Social worker assistance for homeless, vets, and elderly; homeless veteran resources, food and clothe services, housing special needs populations, and senior services.

The highest priority homeless services activity identified in this question is Mental Health Services.

Question #5: Please rate each of the following public/social services activities on a scale of 1 to 5, with 5 being the highest priority.

Results
This was a ranking questions question. Respondents were given 6 different housing activities to rank from 1 to 5, with 5 being the most needed. Of the 103 returned surveys, 101 responses were received for this question. The following summarizes the responses in order of the weighted average response:

• Health Services 4.18
• Youth Services 4.12
• Senior Services 3.90
• Services for Persons with Disabilities 3.86
• Transportation Services 3.85
• Legal Services 3.37

Open-ended “other” entries generally included: Making services know, having a help center, and better senior services.

The highest priority public/social services activity identified in this question is Health Services.

Question #6: Please rate each of the following community and economic development activities on a scale of 1 to 5, with 5 being the highest priority.

Results
This was a ranking questions question. Respondents were given 8 different housing activities to rank from 1 to 5, with 5 being the most needed. Of the 103 returned surveys, 103 responses were received for this question. The following summarizes the responses in order of the weighted average response:

• Public Utility Improvements (Water, Sewer, Stormwater) 3.84
• Youth Centers 3.69
• Road Repair/Reconstruction 3.67
• Sidewalk Improvements 3.50
• Community/Recreation Centers 3.42
• Senior Centers 3.36
• Public Park Improvements 3.25
• Building Façade Improvements 3.04
Open-ended “other” entries generally included: More/different public transit options, improve accessibility, maintaining road cleanliness, and more protected bicycle trails.

The highest priority community and economic development activity identified in this question is Public Utility Improvements (Water, Sewer, Stormwater).

Question #7  What do you perceive to be the three (3) highest priorities for housing and community development in the City of Clearwater over the next five (5) years?

Results
This was an open-ended question. Applicants were able to provide three open-ended responses. Of the 103 returned surveys, 81 responses were received for this question. The following summarizes the most repeated responses:

- Affordable housing (owned and rented, existing and new construction)
- Homeownership
- Youth programs/services
- A well-maintained City
- Down-payment/mortgage assistance
- Infrastructure (sidewalks, road repair, transportation, public utilities)
- Increase housing stock
- Preserving neighborhoods by preventing degradation
- Housing rehabilitation (owned and rented, landlord incentives)
- Senior housing
- Job training/employment opportunities
- Community inclusion
- Better quality drinking water
- More green space
- Tearing down old homes and rebuilding
- Transit oriented development
- More parks
- Code enforcement/blight elimination
- Lower utilities/ability to have solar
- Dense Development
- Information dissemination/education programs
- Substance abuse services
- Increasing wages
- More retail development
- Neighborhood reinvestment (small and minority-owned business start-ups, grocery/retail, CRA)
- Business incentives
- Mental health services
- Safer bike lines
- Neighborhood beautification/clean-up
- Helping homeless persons

Question #8  Do you feel that information pertaining to housing programs and community services is readily available to you?

Results
This was a multiple-choice question. Of the 103 returned surveys, 103 responses were received for this question. The choices were “yes,” “no,” or “I don’t know.”

- Approximately 21% of respondents selected “yes”
- Approximately 44% of respondents selected “no”
• Approximately 35% of respondents selected “I don’t know”

Question #9 What suggestions, if any, do you have for the City of Clearwater to better communicate and work with housing providers or community development initiatives?

Results This was an open-ended question. Applicants were able to provide one open-ended response. Of the 103 returned surveys, 41 responses were received for this question. The following summarizes the responses:

• Advertise in public schools, churches, libraries, grocery stores, at community events, through HOAs, and through charitable organizations
• More community forums/brainstorm events
• Utilize car advertisement
• Advertise on Social Media

Question #10 What is your relationship to the City of Clearwater? (choose all that apply)

Results This was a multiple-choice question with an optional “other” entry. Of the 103 returned surveys, 101 responses were received for this question

• Approximately 61% of respondents selected “Work in Clearwater”
• Approximately 55% of respondents selected “Full-time resident”
• Approximately 28% of respondents selected “Visit/recreate/shop in Clearwater”
• Approximately 14% of respondents selected “Community Service Provider”
• Approximately 10% of respondents selected “Community Leader/Organizer”
• Approximately 4% of respondents selected “Own a business in Clearwater”
• Approximately 1% of respondents selected “Part-time resident”

Question #11 Where do you live?

Results This was a multiple-choice question. Of the 103 returned surveys, 99 responses were received for this question.

• Approximately 42% of respondents selected “Elsewhere in the City of Clearwater”
• Approximately 33% of respondents selected “Pinellas County”
• Approximately 17% of respondents selected “Other (please specify)”
• Approximately 6% of respondents selected “North Greenwood Neighborhood”
• Approximately 1% of respondents selected “Lake Bellevue Neighborhood”
• Zero of respondents selected “East Gateway Neighborhood”

Other entries included Pasco County, Palm Harbor, Manatee County, Old Clearwater Bay, South Greenwood, Downtown, and Hillsborough County.
Question #12  If a business owner, where is your business located?

Results
This was an open-ended question. Applicants were able to provide one open-ended response. Of the 103 returned surveys, 17 responses were received for this question. The responses were as follows:

- Approximately 59% of respondents selected “Other (please specify)”
- Approximately 29% of respondents selected “Pinellas County”
- Approximately 12% of respondents selected “Lake Bellevue Neighborhood”
- Zero respondents selected “North Greenwood Neighborhood”
- Zero respondents selected “East Gateway Neighborhood”
- Zero respondents selected “Elsewhere in the City of Clearwater”

Open-ended “other” entries generally included: Gulf-to-Bay and Highlands and Tarpon Springs.

Question #13  Additional Comments

Results
This was an open-ended question. Applicants were able to provide one open-ended response. Of the 103 returned surveys, 16 responses were received for this question. The responses were as follows:

- Youth work programs / summer + school year
- Thank you for the survey opportunity. I would also suggest a city website that is easier to navigate and find what someone is looking for. Information often seems difficult to find and too deep in the program.
- Please help get wages for City office workers at a livable wage. If you are single and starting out, or even in mid-career housing is a struggle.
- The Clearwater Public Library is a treasure and we all love it. It should remain where it is and there should be limited changes in the use of it.
- We are excited to hear City leaders reaching out and making plans to make Clearwater an exciting hub of activity again. A place to be proud of!
- Thank you for trying to better our community!
- This City needs to take itself back. the abandoned properties that go unimproved need to be foreclosed on immediately. Follow the laws and statutes we have in place to enforce abandoned properties. Do not be afraid of lawsuits and conflict. When you ignore something to void conflict that is a problem. Particular subsets know the City is afraid and they take advantage of this. It has been going on for years. Send Code enforcement out and start date stamping these properties that have had no movement. Get on with it. Take your City back.
- Clearwater is a great place to live, work and play, but we need to offer more help to those unable to keep their properties up to our high standards.
- thank you and have a great day
- I have looked into getting assistance a couple of times. I can’t afford to buy groceries or new shoes, but I make too much money for help. Half my paycheck goes to insurance.... The rest doesn’t pay my rent. Who is it you are aiming these questions to or about? I work for the city and I am one accident away from homelessness myself. How do you help someone like me?
- I am 55 yrs. young and fell I will never own a home. I so want to own a home in a somewhat safe neighborhood.
• The city, working with residents in our low income neighborhoods, and involving them in the city's plan for the future with their neighborhood can do a lot here. There is a perception that the city simply doesn't care about these older neighborhoods and are only interested in the beach and countryside areas.
• I would love to live downtown but everything is so expensive and yet empty buildings.
• Work with the Clearwater Urban Leadership Coalition. Support a CRA for North Greenwood.
• Affordable rental housing is the key issue.

END OF SURVEY RESULTS

For questions regarding the Five-Year Consolidated Plan, please contact Chuck Lane at (727) 562-4023 or Charles.Lane@MyClearwater.com.

City of Clearwater
Economic Development & Housing Department
600 Cleveland St., Suite 600
Clearwater, FL  33775

More information can be found at www.myclearwater.com/housing
The City of Clearwater is hereby publishing the proposed 2020/21 Annual Action Plan (AAP) for Program Year (PY) 2020/21 and the PY2020/21 Five-Year Consolidated Plan for the purpose of reallocating funds to support eligible activities for the Community Development Block Grant Program (CDBG) and the HOME Investment Partnerships Program (HOME). The AAP identifies proposed projects and activities the City plans to implement in the next Program Year beginning October 1, 2020 and ending September 30, 2021. The next Program Year CDBG Funds are an accumulation of funds from program income generated through the Revolving Loan Fund Program as well as carryover funds from projects that were either cancelled or completed under budget and are now available to apply toward activities. The primary uses of CDBG funds are to promote viable communities by providing decent housing, suitable living environments and expanding economic opportunities principally to low- and moderate-income persons. HOME funds are used to extend and strengthen community partnerships in the private sector and with both for-profit and not-for-profit organizations for the purpose of developing affordable housing.

The City of Clearwater anticipates receiving $837,360 for the CDBG Program; $431,436 for the HOME Program; the reprogramming of $0 in CDBG funds; $2,292,492 in HOME funds to fund new activities; and $96,000, $48,000, and $665,000 in anticipated PY2020/21 Program Income from the HOME Program, Revolving Loan Fund, and CDBG Program respectively. In addition, $1,145,000 in Rollover Funds from the Rollover Loan Program will be returned to the Program and reprogrammed to eligible activities. The list below captures all proposed activities to be funded with CDBG and HOME Programs. Please note that funding for these and other projects not listed may increase or decrease based upon program income, prior period adjustments and/or final federal or state allocations. Due to these and other factors, the City of Clearwater reserves the right to delete projects.
